Imported from Holland, ORLANDO is a black 17.1 Hand Dutch Harness Horse Stallion.

The Dutch Harness Horse is a wonderful horse to cross with existing breeds of horses used for driving and work. Dutch Harness Horses have been bred in Holland for over 80 years. The sole purpose is to increase trot and stride, thus producing driving horses that move more efficiently and cover more ground with less effort.

Exciting opportunities exist for the serious breeder looking to be involved with the induction and infusion of these great horses into today's breeding programs.

ORLANDO is standing at Mogadore, Ohio for the 2003 breeding season, shipped semen is available. The 2003 introductory stud fee is \$1000.00 and includes a live foal guarantee.

For breeding information and available bloodstock in Holland, NL contact:
