

23 Years Later and 100 Additional Cows and the Slurrystore® Adapted to Their Needs

The Jim Skinner Family
Y-Me Farm
Mercersburg, PA

Jim Skinner (seated center) with sons Roy (left) and Jake and Roy's wife Jessica and son Jacoby

"I purchased my 62'x14' Slurrystore in 1980. It was sized to give me six months storage for 80 cows. Over the years my sons became part of the business and our herd grew to 180 cows. Expanding the Slurrystore to 28' high 23 years later gives us nearly the same length of storage we had with 80 cows.

"When we haul manure, we can fill our 3,800-gal. tanker in a minute and a half. This Side-mounted Pump really works. Our updated pumping system agitates so much manure that it really makes our tractor smoke. It never did that before! It is a superior agitation system."
