

Tee Off In 'Tee Times For Tuition'

UNIVERSITY PARK (Centre Co.) — The Penn State Department of Dairy and Animal Science invites you to enjoy a day of golf and fellowship at their third annual "Tee Times for Tuition" golf outing. This year's event will take place Tuesday, June 17, at the Penn State Blue Course along Route 26 in State College.

Individuals and organizations are encouraged to join their agricultural friends and participate in this enjoyable and worthwhile event. Individual registrations start with a \$100 fee, which covers the participants' greens fees, cart, continental breakfast, and BBQ dinner. Various levels of sponsorship are also available from the \$250 sponsorship to the corporate Sponsorship, which of-

fers incentives based on each \$1,000 donated.

Although participants of the golf outing come to enjoy the game and spend time with others who are interested in the Department of Dairy and Animal Science, the money raised to fund the student scholarships is the primary goal, and an integral part of the department.

Two hundred ten graduate and undergraduate students are enrolled in a Dairy and Animal Science major at Penn State, with 70 of those relying upon \$74,000 of Dairy and Animal Science scholarship funding to complete their education. The department's scholarship honors represent 14.3 percent of the total tuition expense for the 70 students receiving awards.

The "Tee Times for Tuition" format is a best ball scramble with a shotgun start. A minimum of two drives is required for each golfer. There are four "closest to the pin" par three holes, one "longest putt" hole and one "longest drive" hole. The winners of the par three "closest to the pin" holes will have a chance to "shoot it out" on the 18th green for a prize. There is no rain date for the event. Preregistration is necessary.

Visit <http://www.das.psu.edu> for more information on registering for "Tee Times for Tuition." If you do not have web access or if you have any questions concerning the outing, contact Sylvia Way at (814) 865-1362 or sway@psu.edu.

Dig Into Dairy Dessert

LEBANON (Lebanon Co.) — A dairy dessert contest is planned in conjunction with Lebanon County's annual dairy pageant at the Lebanon County Career and Technology Center, June 7, 7:30 p.m.

Sherry Bashore said those who want to compete in the Digging Into Dairy Dessert Contest should abide by the following rules:

- Entries must use real dairy products.
- Dessert entries must be at the Lebanon County Career and Technology Center by 7:10 p.m.

One entry per person, and the dessert must have been made by that person.

• Name of the dessert and the recipe must be submitted with the dessert.

• Name should be on the bottom of the disposable container.

• Desserts will be served at the pageant.

• Monetary prizes and dairy surprises will be given to the top three placings.

• Call Sherry Bashore (717) 865-3161 if you have more questions.

Morgantown Orchard Uses High Tunnels For Cherries

MORGANTOWN (Berks Co.) — Cherry producers and any growers interested in high tunnel crop production are invited to visit Weaver's Orchard, Morgantown, June 17 at 6 p.m. to see

cherries under Haygrove Multi-bay Tunnels.

Haygrove Tunnels protect Weaver's cherry crop from late frost, rain, and bird damage, while providing earlier harvest.

Ed Weaver is the first U.S. grower to protect his cherry crop with Haygroves. Don't miss this opportunity to visit his production area. Call (866) HAY-GROVE for directions and additional information.

Sullivan County's 40th Dairy Month Celebration Is June 14

DUSHORE (Sullivan Co.) — The June Dairy Parade in Sullivan County is planned for Saturday, June 14 in downtown Dushore.

The parade will begin at 7 p.m. Youth floats, walking groups, adult floats, commercial floats,

and other groups or organizations are invited to take part.

This year's theme is "Milk in the Winners Circle."

A giant ice cream sundae will be served at the Dushore Fireman's Carnival after the parade. A new Sullivan County Dairy Princess will be selected.

Streams and Lakes

LOST STREAM MAP

The STREAM MAP OF PENNSYLVANIA was completed in 1965 after a thirty-year effort by Howard Higbee, a former Penn State Professor

The map is known as the LOST STREAM MAP to some anglers

Professor Higbee succeeded in creating a map of the highest detail possible — a map that shows every stream and lake. He painstakingly plotted by hand the location of 45,000 miles of streams onto a 3 by 5 foot map. The map sold extremely well—until it was lost several years later. Incredibly, the printer entrusted with the original drawing and printing plates declared bankruptcy, then carelessly hauled Higbee's 30 years of work to a landfill.

The few remaining dog-eared copies became a prized fisherman's possession. Professor Higbee was offered \$400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

Experts told Professor Higbee that reprints were impossible, because the maps were printed in non-photographic blue.

Then, in 1991, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map. Howard said, "I never thought I'd live to see this day."

Great Father's Day Gift!

Stream MAPS of Pennsylvania, New York, New England, New Jersey, Ohio, & Maryland/Delaware

Why every angler and boater needs these maps

It is estimated that 10% of all the anglers catch 90% of the fish. Regardless of which group you fall into...there's a sure way to up your odds...simply try new fishing waters. Now, with this map you can find hidden streams and lakes.

Pennsylvania, New York, New England, New Jersey, Ohio and Maryland/Delaware are loaded with great fishing holes...many of them overlooked. Thousands of miles of streams, rivers and lakes are now easy-to-locate on one map.

The 3-foot-by-5-foot Pennsylvania map shows 45,000 miles of streams plus lakes. The 3 1/2-foot-by-4 1/2-foot New York map shows 65,000 miles of streams plus lakes. The 3-foot-by-4-foot New England map shows 36,000 miles of streams plus lakes. The 2 1/2-foot-by-3-foot New Jersey map shows 8,300 miles of streams plus lakes. The 3-foot-by-3-foot Ohio Map shows 29,000 miles of streams plus lakes. The 2-foot-by-3 1/2-foot Maryland/Delaware map shows 12,000 miles of streams plus lakes.

Professor Higbee's Stream Maps are the first and only highly detailed maps of their kind.

RAVE REVIEWS

"It is amazingly detailed and names some creeks in the Mohawk Valley that can't even be found on topographic maps"

—John Pitarres, OBSERVER-DISPATCH, Utica

"If you're looking for the most definitive maps ever created depicting every single creek, river, stream, pond and lake...then 'Professor Higbee's Stream Maps' are without question the finest."

—Howard Brant, THE NEWARK STAR-LEDGER

"It is in showing where to find out-of-the-way trout streams that makes the map such a treasure to the fisherman"

—Joe Gordon, TRIBUNE-DEMOCRAT, Johnstown
