Match Tedding

Drying Conditions With Ease

The New Idea® 4200 Series Tedders - The Results You Need For A Price That's Right.

Available in 2-rotor, 10-foot sizes and 4-rotor, 17-foot sizes, New Idea 4200 Series Tedders meet the needs of most operations. All for a price that's easy on your budget. These fast-acting tedders speed up the drying process, giving you uniform results throughout each windrow. This also helps you put more nutrition into every bale.

Transporting these tedders is easy, too. In fact, the 4210 can fold to a narrow six-foot, five-inch width while the 4217 folds to eight feet, two inches. And both are built to last. The integral torque limited clutch protects the driveline and its components for long life. Visit your AGCO® New Idea dealer today for a look at the 4200 Series Tedder.
