

National Broiler Market At A Glance

Atlanta, Ga.
June 11, 2003

Report Supplied By USDA

Trade sentiment was mostly steady to about steady. Demand into all channels covered the full range and showed signs of typical mid-week activity; however, movement was better for retail ads and fast food. Supplies were usually sufficient for needs with heavier weights at times ample. In the parts structure, trading was light to fair and generally limited to regular commitments. Breast items were at least adequate and attractively priced to help move, wings were adequate to ample with little interest, and dark meat was in the best balance and clearing well. In production areas, live supplies were moderate with weights in a full range.

New York Eggs

ATLANTA, GA.
June 10, 2003

Report Supplied By USDA

Trucklot buying activity on ready-to-cook whole broiler/fryers remained fair at best as dealers limited orders to most immediate needs. Offerings of all sizes were generally adequate and clearing well under normal premiums. Retail and distributive movement was mostly fair. The market tone was steady.

Prices to Retailers, Sales to Volume Buyers, USDA Grade A and Grade A, White Eggs in Cartons, delivered store door, cents per dozen: Extra Large 76-80; Large 74-78; Medium 64-68.

CUSHIONED EGG

Electronic Drives
The innovative, electronically-controlled drive system enables eggs to be transported at a smooth, continuous speed on an endless conveyor with drive units located intermittently up to 150' apart.

Optimum Rod Spacing
Space between each cushioned rod is the key to egg separation and preventing smaller eggs from slipping through the conveyor while allowing all debris to be sifted out.

Design Flexibility
The unique "Cushioned Rod" egg conveyor enables you to custom design a system that gently transports eggs up, down, around corners and in a continuous straight line without transfer, and even declines to match processing equipment.

Custom Corners
The unique radial corner system in the Farmer Automatic rod conveyor can be custom designed to fit 15° through 90° turns.

ROD CONVEYOR TRANSPORT SYSTEM

Uni-Trac Construction
The "Cushioned Rod" egg conveyor is setting industry standards for efficiency, flexibility and cost savings with a unified construction design that eliminates the problems of egg transfer.

Roll-Link Chain System
An endless, custom designed, roller chain system and flexible cushioned plastic rods, cradle eggs in a gentle position that helps eliminate collisions and breakage.

Ideal Conveyor Widths
16" - 20"
24" - 30"
