3 Pt. Control Hitch**

**New FHX 300
FORAGE HARVESTER &
600 FORAGE BLOWER**
**In Stock for
TOP-CAPACITY
HARVESTING**

Discover the productivity advantages of the new Case IH FHX300 forage harvester. This high capacity harvester makes fast work of your corn and hay acres, and quickly turns your forage crops into high-quality silage.

Heavy-duty design. The FHX300 was expressly designed for use with high-horsepower tractors — those from 180 to 300 horsepower. The wide, 24.4 in (620 mm) that opening swallows your heaviest crops, while the 1000-rpm driveline, heavy-duty components and wide crop heads are made to harness big-tractor horsepower and turn it into high-capacity harvesting performance. You control FHX300 operations right from your tractor seat using electric standard hydraulic tongue swing

**BETTER-BUILT BALES
FROM THE
BETTER-BUILT BALER**

Put one of the new Case IH SBX Small Square Balers in your field and you can expect a non-stop supply of solid, stackable, tied-to-last bales

**Economy Priced Model
SBX520 without Thrower**

SBX520 with Thrower

The smallest 14x18 in (356x457 mm) model, the SBX520, is a rugged, durable baler that will provide years of dependable service. It uses six feeder tines to move crop smoothly and gently from the 65 in pickup (70 in with flare) pickup into the baler chamber

CASE IH

**LBX Series Large
Rectangular Balers**

**NEW CASE IH 3X3X8 BIG SQUARE
BALER MODEL LBX331**

**TANDEM AXLE AND
SINGLE AXLE BALERS INSTOCK**

**Lots of Features To Bale Your Crop The
Way It Should Be!**

Equipped with Packer Cutter & Stuffer

The LBX331 packer cutter option allows you to use between two and six knives to adjust crop length from 4.5 to 10.5 in. You move the knives in and out of cutting position hydraulically from the tractor cab. Bale made with one of the Case IH pre-cutting systems are easier to break apart, mix and feed... and easier for livestock to digest. Using a cutting system also makes straw bales easier to spread and increase the straw's absorbency when used for livestock bedding. Density Control, optional Work Lights, Knotter Fan to Keep Dirt Away from Knotters, 1 3/8 1000 PTO, Minimum Hp Required 110 HP

**This is a Good Time To Purchase A Quality Baler and
Receive Binkley & Hurst Service & Start-up Support**
