Fewer parts, fewer problems, less downtime, more productivity. What could be simpler than that? The all-new MF 9000 Series Class VI and VII combines are so advanced, they're simple. In fact, there are only nine main machine drive belts, three drive chains and 66% fewer grease fittings than competitive combines. That means less time maintaining the machine, more time harvesting your crop. There's more. More header choices than anyone in the industry, and more in-cab visibility and comfort to watch 'em work. See your Massey Ferguson Dealer today and ask about all the great features on the new MF 9000 combines.

KEEPS YOU HARVESTING THE CROP.
