**GEHL 2512
IMPELLER DISC MOWER CONDITIONER**
Turn standing crops into fast-drying windrows in no time flat
with the Gehl 2512 Impeller Disc Mower Conditioner

The 2512 flails gently pick up the crop from the cutterbar and in conjunction with the conditioning hood removes the waxy layer from the stems allowing faster dry-down.

- Simple, reliable design
- Full-width cutterbar protection
- Easily replaceable disc drive assemblies
- Faster dry-down time with new impeller conditioner design

In Stock At Binkley & Hurst Bros. Inc.

**GEHL 2109
Windrow Merger**

Maximize the capacity of your forage harvester or baler with the Gehl 2109 Windrow Merger. The Gehl 2109 Windrow Merger combines multiple windrows into one, saving you time and money by making fewer trips around the field. And it comes to you with all the great features and benefits you expect from Gehl.

Today's Most Advanced Disc Mower Conditioner

GEHL Model 2365

**10' Cut In Stock for
Immediate Delivery**

**Also Model 2345
9 Foot Cut In Stock**

Long hood for less wind turbulence for cleaner cutting in thin crop stands.
A Gehl disc mower conditioner delivers exceptional cutting and conditioning, even in your most difficult crops and conditions. Rugged high-speed cutting discs, spinning at 3,000 rpm, easily slice through down and tangled crops or dense wet undergrowth to deliver a clean cut. The cut crop is delivered to Gehl's specially designed intermeshing rubber conditioning rolls for thorough, yet gentle crop conditioning. They'll condition your crop for fast drying.

Easily replaceable disc drive assemblies.
Drive stations can be removed individually for quick servicing. Bearings are sealed in grease. The patented Protectadrive™ system protects the cutterbar gear train from damage in the event of disc contact with major field obstacles.
