Keenan SYSTEM

Better Farming - Better Feed

WANT TO REDUCE COW SORTING IN A SINGLE FEEDING

Start using the Keenan System on your farm. The Keenan System combines on-farm TMR guidance built around the mixer wagon's unique tumbling action to precisely cut and mix hay, straw or baleage to the proper length (2"-4") — without destroying ingredients. It produces and even, fluffy ration that preserves the feed structure, discouraging sorting and optimizing rumen function for healthier cows. Healthier cows are productive cows. Productive cows are profitable cows.

Talk to your Binkley & Hurst sales representative for more information on Keenan products
