EVERLAST II EVERLAST II EVERLAST II

Metal Roofs Aren't Created Equal

EVERLAST II IS BETTER:

- it is galvanized heavier, like old times.
- it is heat formed, less paint cracks.
- is cut while hot, prevents early edge rust.
- won't scratch as easy, paint is harder.
- won't bend or buckle as easy, stronger design.
- laps are tighter, and virtually invisible.
- nail/screws seal better, ribs fit tighter to head.
- zinc phosphate, not chromate under paint.
- still priced about the same or less.

EVERLAST II

is excellent for houses and barns.
DOUBLE DIPPED GALVANIZED
is proven best for animals.
STANDING SEAM
is ideal for houses.
