

KRAUSE DISCS ARE BUILT TO LAST.

3 SOLID REASONS TO INVEST IN A DEPENDABLE KRAUSE DISC FOR YOUR FARM

The Original Rockflex Disc

Krause engineered the first "Rockflex" disc in 1965. Krause 7300 & 7400 discs are built tough and incorporate Rockflex bearing arms that protect your disc in all types of soil and field conditions.

Durability

Krause 7300 & 7400 discs are built from a foundation of structural steel strength and are ready to take on years of your toughest tillage. The frames are backed with a full three-year limited warranty, so you can be confident in the durability of Krause.

Resale Value

Krause 7300 & 7400 discs are built with quality components, and no disc on the market today maintains its value better than a Krause disc. When you go to sales to watch a disc sell, you'll find out that Krause discs always bring top dollar.
