**Portable Tractor Saw**

Cut cordwood, pulpwood, firewood, ties or any other type of wood...anywhere. Hook it up to your 3 point hitch, attach the PTO and move the Woodsman Saw to any location. As soon as you place a log on the sturdy 40" table, you'll get the feel of balanced-torque action. A light hand pressure moves the log into the blade, release the pressure and the spring loaded table rocks back on dual roller bearings, ready for the next cut. Built on a rugged steel frame, the Model 250 is engineered for years of heavy duty use.
