

## Widmann Guernsey Top Lifetime Producer

HUDSON, Wis. — A Guernsey cow bred and owned by Millie Widmann of Kirkwood was recognized as top lifetime milk producer at the recent American Guernsey Association (AGA) conference in Hudson Wis.

The cow, Lindenhof Agni Beatrice, was born in August 1988, and is a Merit Fortune Agni daughter. Beatrice has a lifetime total of 250,351 pounds of milk, 10,496 pounds of butterfat, and 8,402 pounds of protein. Beatrice's totals were also good

enough to land her in third place for lifetime butterfat production and second place for lifetime protein.

In all, Beatrice calved 11 times before her 14th birthday and each lactation totaled at least 15,000 pounds of milk with

seven of the lactations over 20,000 pounds of milk.

The AGA living lifetime production awards recognize the leading lifetime producers of the Guernsey breed based on official production credits verified by

the AGA. To be considered for living lifetime production awards, the animal must have been living and on official test for at least one month during the 2002 calendar year.
