INTRODUCING NEW GLEANER R SERIES COMBINES WITH THE NEW COMFORTECH II CAB

YOU EXPECT MORE FROM A LEADER

It should come as no surprise that the GLEANER R65/R75 combines are among the easiest in the industry to operate. After all, GLEANER was the first to introduce electro-hydraulic controls back in 1972. We have a lot of experience in operator control and comfort.

The minute you sit down in the deluxe air-ride seat, you'll notice how all the most frequently used controls are located on the armrest console or the new hydro control handle. Both are mounted to the seat, so they float with you over field contours. Gone are the days of trying to "home in" on a button or switch while bouncing over end-row furrows or ruts in the field.
