RUBBER STALL MATS
Everlast Roofing, Inc.
Marquee Windows by Phillips

Everlast laps better.

Everlast II metal roofing and siding overlaps are stronger, tighter, and virtually invisible. Lap edges are less subject to deforming bends during erection. Driving rain is less likely to penetrate at the laps.

Everlast Roofing, Inc., 239 N. 5th Ave., Lebanon, PA 17046.

You must hear what Brad says:

Brad Turley with Simba his horse, 7 & 8 Farms, Killingworth, CT

"I couldn't be more pleased with my riding arena!
 (And my neighbors are talking, too!)"

"I knew what I wanted and I found it! After extensive research I knew I needed a fabric structure from We Cover. The facts that made my decision were:

- "The Engineering - when I saw their heavy built trusses
- "The Lighting - I can ride my horse in the natural light
- "The Design - The building is designed like a building should be
- "The Ventilation - The side curtains excellent air movement

My local building engineer is so impressed he says he will never again recommend a traditional building for an indoor riding arena
