PA farmers have great hay crops with South Dakota alfalfa seed
Panterland Farms Westfield, PA John Panter said: "The Trask seed
grows extremely well. We recommend it to anyone. It is real leafy and yield-
ed as well as any of the high priced name brand seeds. It cost 40¢ as
much. We planted 294 acres. We intend to plant more this spring. It was
exceptionally winter hardy and resisted frost damage. We are very pleased
We grow & sell over 400,000 tons of hay each year all over the USA
South Dakota Common Alfalfa is superior to any variety and we challenge
all comers to prove better in our field. We buy South Dakota Common
from the Trask's & encourage others to do the same!"
