

The Waynesburg Republican

WAYNESBURG, PENNA. Wednesday, Oct. 23, '67.

WHAT SHOULD BE DONE.

By crying over spilt milk, it is neither... The campaign of '68 is already before us, and the issues at stake demand that every effort should be put forth to secure the election of a Union Republican President.

We are not going to succeed so easily as many have fondly calculated, and we rejoice that we are not. If we let the contest go at haphazard, and do not seasonably provide for and deserve success, we may be beaten.

BECOMING PIOTS.

In reply to a dispatch from the Columbus, Ohio, City, regarding the election in that State, A. J. replied: 'I heartily thank you for the good news, God bless you.'

OCTOBER ELECTIONS.

PENNSYLVANIA.—The vote in this State was usually light. About 80,000 voters compared with last year, remained at home, viz: 40,000 Republicans and 22,000 Democrats.

OHIO.—Gen. Hayes, the Republican candidate for Governor, and other State officers on the Republican ticket are elected by about 3,000 majority each.

icans have carried everything, Governor, Legislature, &c., by the heavy majority of about 30,000.

INDIANA.—The election in this State was simply for County officers, and the result is as favorable to the Republicans as usual.

NEBRASKA.—The city election at Omaha resulted in a Republican victory. This is a gain. Omaha had hitherto been a copperhead stronghold.

The above are the real results of the October elections. We are aware that the Democratic papers have told a different story, but the truth is precisely as we have stated it above.

ALABAMA.—The election held in this State, a few days since, was carried in favor of a Convention to provide for the resumption by Alabama of her place as a member of the Union, by a majority of 72,000.

THEM AND NOW.

In 1862, says the Pittsburg Gazette, the Democrats carried New York by 10,752, and elected 17 members of Congress to 14 Republicans.

THE DEMOCRACY have advertised a grand illumination and ratification Meeting for Thursday afternoon and evening next.

THE NEW YORK Day Book says 'the leaders of the Republican party from Lincoln down to the tail end of its official existence, deserved crucifixion a thousand times over for its one iniquitous, faithless and unpardonable crime of emancipation.'

THE MESSENGER man and his ilk, didn't choose to loan their money to the Government to pay the soldiers, and prosecute the war; and now having no bonds are naturally opposed to being taxed to pay the interest of the loan.

THE MEMPHIS (Tenn.) Avalanche says 'the country can now breathe more freely' as the elections indicate a speedy return of 'the true men of the South' to their old places in the Government.

THE REPUBLICAN State Central Committee of Ohio have resolved for Gen. Grant as the next candidate for President.

as in 1862, the cloud lowers, but it portends no disaster. The people see in silver edge and hopefully await the bright gleam of sunlight which will stream through to warm and gladden the heart of the nation at the forthcoming Presidential election.

UP-SALT!

We have been furnished with a free ticket to the, to us, hitherto unexplored region of 'Salt River.' If go we must we shall choose our own craft, there being decided objections to traveling on a boat patronized for the last ninety-six years only by Democrats.

CHIEF JUSTICE CHASE, in a recent decision in Maryland, decided against the colored apprentices system whereby a mild form of slavery was still maintained, there and elsewhere in the south.

CAPT. H. KEYS, Democratic candidate for sheriff in Washington Co., was elected over Major Henry Myers, Republican, by one hundred and eighty votes.

THE 'BANDHOLDER'S organ' is the last cognomen bestowed by our profligate neighbor. We take exception to the name. We never owned a band and doubt whether we ever shall; nor do we envy those who do enough to advocate their theft.

We see by the returns that Greene county is as green as ever. Pauley seems afraid of the ripening influence of Waynesburg College, and belabors it as a very small and insignificant concern.

We clip the above from the Brownsville Gipper to show the citizens of Greene county that the efforts of our neighbor to stop the spread of knowledge and crush out the school-teacher is appreciated elsewhere.

GENERAL GRANT is looming up on all sides as the next candidate of the Republican party for President, which makes it certain that he will be the next President of the United States.

BYRON says of one of his piratical heroes that he was 'the mildest man-killer that ever scuttled a ship or cut a throat.' The World says of its successful candidate for the Supreme Bench in Pennsylvania: 'A gentleman of more irreproachable manners never helped to cut the throat of political tyranny before.'

THE DEMOCRACY have advertised a grand illumination and ratification Meeting for Thursday afternoon and evening next. We cannot give our readers the programme for the day afore-mentioned, but Friday after it will be sick-head-ache, body indisposed for action, stomach deranged, et al, in numerous train.

THE NEW YORK Day Book says 'the leaders of the Republican party from Lincoln down to the tail end of its official existence, deserved crucifixion a thousand times over for its one iniquitous, faithless and unpardonable crime of emancipation.'

THE MESSENGER man and his ilk, didn't choose to loan their money to the Government to pay the soldiers, and prosecute the war; and now having no bonds are naturally opposed to being taxed to pay the interest of the loan.

THE MEMPHIS (Tenn.) Avalanche says 'the country can now breathe more freely' as the elections indicate a speedy return of 'the true men of the South' to their old places in the Government.

THE REPUBLICAN State Central Committee of Ohio have resolved for Gen. Grant as the next candidate for President.

THE Uniontown (Pa.) Standard raises the name of General Grant, for President.

THE Tennessee Legislature has nominated Grant for the Presidency.

STATE ELECTION—OFFICIAL.

The following is given as the official vote of the State election on the 8th inst. We give the vote of 1868 for the purpose of comparison:

Table with columns: County, Governor, United States Senator, Judge, etc. Lists counties like Adams, Allegheny, Armstrong, etc., and their respective votes for various candidates.

Majority 17,178. If all be perceived that the Republican vote is in excess of the Democratic vote by 22,070.

How it was Done.

As evidence of the great earnestness with which they went about their work, we publish below a literal copy of a private circular issued by the Democratic State Committee, and sent to the chairman of every county committee, under the injunction of secrecy.

DEMOCRATIC STATE COMMITTEE ROOMS, No. 734 Sanson street, Philadelphia, Sept. 18th, 1867.

DEAR SIR:—The necessity for close attention to details in this contest is most apparent. It is comparatively needless, but it should be made full of activity.

The great end to be accomplished is: To poll every Democratic vote. The first thing to be done is to learn the names of all the Democrats and doubtful men. For this purpose the blanks were furnished you, and so far as you have returned to me the lists, I to-day send you copies by mail.

These lists are to be placed in the hands of active men in the districts; I enclose in each list a circular describing their duties, for their direction; I also enclose you a copy thereof. Make it your business to employ these men yourself. Do not trust to letters; go and see them; pay them; pay them for their time in warning the district, and for election day, and provide the means to haul the slow men to the polls.

Get your detailed vote for 1867 and 1868. Compare the two, this will show you the districts likely to be slow. Give them special attention now. It is important to get reliable men in each district. Do not devote your attention to making a specific majority, but look to getting your whole vote. When this is done the majority follows.

In very slow districts, I would suggest a special contract with active men, thus: In 1865, the district polled 100 Democratic votes; in 1866, 120 Democratic votes; now for every Democratic vote over 110, polled, we will pay you a fixed sum the day after the election. This is simply an incentive to bring men out, for the vote of 1866 shows they are there.

See that your agents have all Democrats assessed, naturalized and their taxes paid. Let me know what I can do for you. Send forward the lists rapidly. Be very careful of this paper; keep it entirely private.

Respectfully Yours, WILLIAM A. WALLACE, Chairman.

It is evident from this, remarks the Washington Reporter, that no small amount of money was used in the canvass, most of which was no doubt supplied by the Administration. As we are thus informed of the means employed to produce the result over which our opponents are rejoicing, let it be the fixed determination of every Republican that the like shall not occur again.

PHILADELPHIA. Contested Election—Democratic Friends.

PHILADELPHIA, October 18.—The Republican candidates for Register of Wills, Clerk of the Orphans' Courts, and City Commissioners, have commenced a contest in the Court of Common Pleas with the Democrats who received certificates. Election frauds are alleged in many wards. In one precinct the Democratic election officers are said to have received one hundred and ninety-six votes from persons not on the list of voters.

The Papal Revolution.

FLORENCE, October 18.—The reinforcements of volunteers recruited in France and Spain for the defence of the Pope, have arrived in the city of Rome.

When last heard from, Gen. Garibaldi, with considerable force under his command, had succeeded in reaching the vicinity of Rome, and was still advancing.

PARIS, October 18.—It is reported that the fleet of transports and ironclads at Toulon has already received orders to sail for Rome, but the actual departure of the expedition has not been announced.

FLORENCE, October 18, P. M.—The troops of King Victor Emmanuel still guard the frontier of States to the Church, prevent all persons who have the appearance of belonging to the Garibaldian organizations from crossing the boundary line.

LONDON, Midnight, October 18.—The following dispatch has just been received from Florence direct: 'It is reported that Gen. Garibaldi has again escaped from Capena, and that he left the Island on an American ship.'

The Garibaldians have appeared in the Western district between Rome and the sea. They have taken possession of the Halfway running between the city of Rome and the sea-port of Ostia, and torn up the rails, preventing all communication. It is still believed here in Florence that the Governments of Italy and France have a perfect understanding with each other and are really acting together in the treatment of the Roman question.

Election Outrages in Lancaster.

We see by a Lancaster city paper that the election did not pass off so quietly in that town as here with us. As soon as the news of victory reached the Democracy of that neighborhood they became greatly excited and concluded to let off their surplus enthusiasm by firing a salute.

They then fired into some houses opposite, not only breaking the glass of the windows but also smashing in the sashes. The cannon was next brought up before a tavern, which the Copperhead gentlemen threatened to blow up unless the landlord was willing to stand treat for the whole party.

These lists are to be placed in the hands of active men in the districts; I enclose in each list a circular describing their duties, for their direction; I also enclose you a copy thereof. Make it your business to employ these men yourself. Do not trust to letters; go and see them; pay them; pay them for their time in warning the district, and for election day, and provide the means to haul the slow men to the polls.

DEMOCRATIC ECONOMY.—The Jersey City Evening Journal, in noticing the clamor against Republican extravagance, expresses the opinion that it would probably do these disloyal carriers some good to look into their own record—for example: In the nine years preceding 1866, the city of New York being all the while controlled by the Democratic party, the sum paid into the sinking fund of the City of New York, nominally to pay off its debt, was \$3,586,715, and the cost of collecting this sum by salaried officials whose duty it is as part of their business, amount to \$3,140,487.

At Dayton, Ohio, seventy five invalid soldiers, inmates of a soldiers' Home, were taken to the polls and voted for Gen. Hayes to a man. They were crippled and helpless, but the Democratic crowd was cowardly enough to insult them with coarse epithets, while some yelled: 'Pity you hadn't lost both your arms!' 'Pity you hadn't killed your wife!' These are the men who Republicans have yielded the partial control at least of the great State of Ohio.

A PHILADELPHIA dispatch says: Grant and Stanton seem to be the favorites of the Republicans here for the next campaign. Grant has been nominated for President by nearly all the ward associations of the city, the Union Club and the Union League.

An exchange says, we have found by experience that the light of coal oil lamps is greatly improved by adding to the oil one fourth its weight of common salt. It makes the light much more brilliant and clear, keeps the wick clean and prevents smoking.

BALTIMORE. Riot Between Whites and Negro Soldiers.

BALTIMORE, October 17.—A riot occurred about nine o'clock this evening, while a negro regiment was parading near the corner of Franklin and Howard streets. Twelve or fifteen shots were fired in the street, and Chas. A. Ellermeier, white, aged eighteen, instantly killed. The cause of the riot is unknown. For a short time great excitement prevailed, but a large police force was soon on the ground and prevented further disturbance. The city is now quiet.

CARD FROM GEO. V. LAWRENCE. To the Editor of the Pitts. Commercial:—While at the State Fair I attended a meeting at Lawrenceville, and on invitation spoke very briefly. Your reporter was present, but there was much noise and confusion, the meeting being on the side of the street and the cars passing and stopping almost constantly, so that it was natural he should misapprehend my remarks, and consequently I am made to say very harsh things of a portion of my constituents. I spoke of the fact, (which is well authenticated) that where you find the most crime and gross ignorance you always find the largest majorities for the modern Democracy, and referred to the Five Points in New York. I do not know that I even mentioned Greene county. If I did it was merely in a comparison with Lawrence county, and I did not of course say the people of Greene were grossly ignorant or immoral, as would be inferred from the report.

I am much abused by the opposition paper of Greene for classing the people there in that category, and hence I desire to correct the report, and to say I have always received the kindest treatment from all the people of Greene county, and would be very ungrateful to speak disrespectfully of them.

G. V. LAWRENCE.

WHAT A DIME CAN DO.—As a weary traveler was winding his way through the mud in a far west region of the country, he discovered a young maiden seated in front of a door of a small log house. He rode up in front of the cabin, and asked the girl for a drink of water. He drank it, and she being the first woman he had seen for several days, offered a dime for a kiss. The young maiden accepted the offer and received both the kiss and the dime. The traveler was about to resume his journey, but the girl, never having seen a dime, asked: 'What am I to do with the dime?' 'You may use it any way you wish,' he replied. 'It is yours.' 'If that's the case,' said she, 'I'll give you back the dime and take another kiss.'

To Promote Health. Do not expect, sir, some wonderful announcement, some fascinating mystery. No, it is simply the plain, tried practice of leaving your bedroom window a little open at the top while sleeping, both winter and summer. I do not come before you as a theorist or an inexperienced teacher, in thus calling loudly upon every family to this healthful practice. I am the father of ten children, all in pure health, and have—thank God—never lost one, although their natural constitutions were not robust. But in addition to the salutary effect of the practice in my own family, wherever I have advised others to try its effect, it has invariably been found to be both pleasant and beneficial.

Down South the rebels call the flag under which they rally 'the banner of the lost cause.' Up North it is styled 'the old Democratic standard.' In both sections it represents opposition to liberty, progress, and every good and noble sentiment in politics.—Albany Journal.
