Sewing Machines. THE WORLD RENOWNED SINGER

SEWING MACHINE. OUR NEW FAMILY MACHINE,

Has been ever two years in preparation, and which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as incomparably the best Swing Machine in existence.

The Machine in quieston is simple, compact, durable and beautiful. It is quiet, light running and capable of performing a range and variety of wark never before attempted upon a sangle Machine—using either Silk, Twint, Linen or twicen Thread, and swing with equal facility the very finest and coarsest materials, and any thing between the two extremes, in the most beautiful and substantial manner. Its attachments for Hemming, Bradling, Cording, Tucking, Quilling, Felling, Trimming, Bradling, etc., are Novel and Fractical, and have been invented and adjusted especially for this Machine.

Now designs of the unique, useful and popular folding tops and cabinet cases peculiar to the Machines manufactured by this Company have been prepared for enclosing the new Machines. These are gotten up in every variety of wood, such as Black Walnut, Mahogany, Rosewood, and the like, and from the platnest to the inest elaborate pattern and finish—the Machines themselves being more or less highly ornaments ed, to correspond with the Tables or Cabinets for which they are intended.

A few reasons why SINGER'S latest improved SEWING MACHINES are the best for Family and General Purposes.

1st, You can sew anything from the finest single thickness of Swiss or Nansook, to several thicknesses of the heaviest Beaver cloth, using any kind or size of thread with equal facility, from No. 20 Cotton up to the heaviest patent or Linen thread. 2d. It uses a short, straight needle, easily set and makes the popular Lock Stitch alike on both sides.

al. It has an even self-adjusting tension which requires no change for different thicknesses of material or different sizes of thread.

th. It is free from all springs, whree and other complications, and is almost neighbors.

ath. No threads to hold or wheels to turn in starting.
6th. It does not have to be taken apart to oil oth. It does not have to be taken apart to oil and clean it.

7th. It has a perfect feed whereby you can sew the finest materials without having to keep your work stretched to prevent its "puckering," and you never have to assist the work through as in all other machines.

8th. It will bem any width, saw a straight seam or make a sell in the most perfect manner, with less skill than is required to sew a straight seam on any other machine.

Its attachments for Braiding, Cording, Quilting, Binding, Tucking, &c., are novel and practical, and require but little skill to use them.
