

The Waynesburg Republican.

New Advertisements.—The attention of our readers is respectfully directed to the following advertisements, which appear for the first time in our paper to-day.

Tours.—The odious fashion of tight pantaloons is again coming in vogue. A contemporary remarks: "One good thing the fashion does—it advertises the number of spinners, knitters and bow-legs. What sort of a poverty are we likely to have, with an ancestry of such pipe-stem proportions in the legs?"

Well Patronized.—The concert, on Tuesday evening of last week, given by the Chalmers Mite Society, was a great success. The performances were decidedly creditable and the receipts netted the handsome sum of about \$78. We regret to note, however, that the behavior of some of the small boys and the conduct of some other who wear men's clothing, were highly boisterous and disgraceful. We need a House of Correction in this community.

The Exhibition at the Bridgeport School House, in Franklin township on Wednesday evening last, reflected much credit on teachers and scholars, but the exercises were shamefully interrupted by some noisy and lawless scamps who always attend such places for no good purpose and who mistake wicked roystering for wit.

M. C. & L. Bell say they have just received at their cheap Boot & Shoe Store, Sycamore corner, Waynesburg, Pa., a lot of New Goods consisting in part of: ladies high cut gloves, kid gloves, the latest styles, ladies' and gentlemen's shoes, and many other goods, all at very low prices, which they will sell for less money than they can be bought for elsewhere in the County. Give them a call and be convinced of what they say.

The Prison Complaint.—Newspapers tell the little "unpleasantness" down at Washington City and the great fire in prison down east, the people are still confident in the stability of our institutions, since Evans continues to sell of his large and elegant stock of goods at his usual low prices.

A Grand Jury was organized in Washington, Pa., on the evening of the 21st ult.

Church House.—It appears that a couple of Ministers from the Methodist Church South are to hold religious services in the Court House on Saturday and Sunday, March 14, and 15, inst. As many of the Southern brethren who as seldom have opportunity to hear the Gospel, shall improve this chance, we give the enterprise the benefit of this advice gratis, though unaffected by the Missionary Office on their apostles—the Court House officials!

Was It Him?—A rising young lawyer and democratic politician, died in Washington, Pa., on Feb. 22nd ult., of disease of the heart.

A Mischievous Old Deception.—It has been a long time since the peaceful night slumbers of our town have been disturbed by the tolling of the Court House bell, until last Wednesday night when the very unprofitable and wretchedly silly joke was again perpetrated, much to the annoyance of the peacefully disposed. Query: Who has charge of the Public House?

Tom Whitaker, indicted for the robbery of Miss Spauld at the time of the murder of her father, was tried and acquitted at the last session of the Washington Co. Court.

The Weather.—We have had a very cold "snap" during the past week, which, doubtless, most of our readers are aware of. What kind of weather we shall have during the week to come, we like our readers, are not aware!

Sudden Death.—On Wednesday, 19th ult., Mrs. Wells wife of Mr. Wells, of Jacksonville, in this county was found dead in her bed. It is supposed she died of Apoplexy. Her husband was from home, and the shock to him was terrible on his return. The deceased was said to have been a most excellent woman a true wife and devoted mother.

The "new thing under the sun" of which Solomon doubted is Plaster's "Flor de Mayo," that rare perfume for the handkerchief. It cannot be described, for there is nothing like it in the whole realm of fragrance. Sold by all druggists.

"Can't thou not minister to a mind diseased, And, with some sweet, oblivious antidote, Steal thee from the bottom of the perfunctory stare That wags upon the heart?"

Certainly, Plaster Bitters will do it without anything else, will, Melancholia, Depression, Hypochondria, Insanity, all spring more or less from a diseased stomach, and this Plaster Bitters is a cure for it. There is no mistake about it; Dyspepsia, Headache, Dullness, Apathy, and Low Spirits must yield to the health-giving and genial influence of the Plaster Bitters. If you are in doubt, make one trial and be convinced. Thus say those who know.

Mineral Water.—A delightful toilet article—superior to Cologne and at half the price.

I. O. of G. T.—This order so widely known for its beneficial results is fast extending its numbers in our County. A Lodge has been for some time in working order in Jacksonville, and recently a "detachment" of the "Vigilant," of our town, organized the "Elizabeth Lodge," in Jefferson, of which the following persons are officers:

W. C. T. A. J. Collins; W. Y. T. Miss Minerva Lindsey; W. S. T. Miss Lindsey; W. A. T. Miss Lindsey; W. F. S. P. B. Hill; R. H. S. Miss Nellie Lindsey; L. H. S. Miss Rachel Crayne; W. T. Miss Bell F. McCullough; W. M. J. W. Parkinson; W. D. M. Miss Rachel Lindsey; W. C. Mrs. E. B. Collins; W. I. G. James T. Parrish; P. W. C. George Ingram. There is a wide field for usefulness and the Lodge newly organized has the material for good work.

Taken to Dixmont.—Philip Clendaniel an insane man, for a time confined in our Poor House, was taken to Dixmont Hospital for treatment last week. He was violent and dangerous at times.

Farmers Protect Your Fruit.—Fisher's Patent for retarding the bloom of fruit trees and destroying the borer and other injurious insects has been tested and proved successful. The process is simple and inexpensive and can be applied by any person. Farm and township rights for sale by B. Brackney, at the Worley House, Agent for Greene County.

How Lost.—Mr. Editor.—The public exercises in the college chapel are almost universally entertaining and often highly instructive, as witness the entertainment given there on last week by the Chalmers Mite Society. Yet with few exceptions there is more or less rampant inattention on these occasions, much to the annoyance of that part who go there to be benefited. I speak not of the detestable practice of stamping and whistling, which is confined principally to the small boys, nor to the foolishly snoring and snoring of a few foolish girls and their shallow brained beaux, but of downright drunken roystering. At the entertainment referred to several persons whom it would be a misnomer to call young men acted as only such rowdies can act. Happily the performers as well as those who had paid to hear the music, there was one man of influence in the house who had the nerve to silence what at one time bid fair to end in a regular riot. How much longer is this detestable ruffianism to be tolerated? The papers of our town have all spoken out manfully against it and every good citizen has felt chagrined at this unbecoming conduct. The officers of the law have been appealed to, stern threats have been made and all seemingly to no purpose. A drunken rowdy is still permitted to stand within the building and salute the ears of the refining audience with horrid oaths and malignant threats, while at the same time the highest and best of the audience attempted to be carried on during the exercises. How necessary to thank an audience for its "splendid and good order" that will tolerate such indecencies and will not even punishment upon the offenders than to let "these boys" go on as they please!

It has been asked time and again, is there no law? We all know that there is "law" but who will enforce it? When every respectable man and woman in the house is called upon to witness such a scene, the officers are held to a strict account? Let them answer who can.

It is now near the end of the present term and there will probably be several public exercises in the College between this and its close. We heard one of the ruffians allude to on the evening of the last entertainment, boasting what he would do the next time and swearing that when he paid his admittance fee he would drink as he pleased. Let us hope that some arrangement may be made by which the respectable part of the audience may be permitted to do as they please whether there be an admission fee or not, provided they only please to hear what is said and not to witness any more such cowardly ruffianism.

That, Whereas, in our opinion, the law provided by the Almighty from the top of Mount Sinai, and the lightening of the thunder did not stand in the way of the Democrats as Republicans and that the law of man require that what we have promised for our hour of need should be fulfilled in the days of our prosperity. Therefore,

Resolved, That the United States having borrowed money and given bonds therefor under certain laws authorizing the same, that we are opposed to repudiation, and are in favor of paying said bonds according to the terms and conditions, the latter and spirit of the laws under which said bonds were issued.

Resolved, That we heartily approve and endorse the course of our member in Congress, Hon. G. V. Lawrence, that he has fairly won the plaudits "well done good and faithful servant."

Resolved, That General J. H. Wells be our Senatorial Delegate, (Favorable and Western land counties concurring), and L. K. Evans our Representative delegate to the Republican State Convention, to be held in the City of Philadelphia on the 11th day of March next, and we, for the people of Greene County, instruct them, that by lawful and honorable means, to support General C. S. Grant for President, and Andrew G. Curtin for Vice President of the United States.

Resolved, That Dr. S. C. Colver, J. B. Donley and G. L. Wyle be conferees to meet those of the other Counties of the District, to select Delegates to the Republican Convention, to be held in Chicago, on the 20th day of May next.

Resolved, That we yield the homage of our hearts to the soldiers who made sacrifices in the cause of their country in the tented field—and that we will, in all places of honor and profit, give the preference to the Soldier.

Resolved, That we recommend to our friends the patronage of the Waynesburg Republican, as a sound exponent of Republican principles, and we recommend the formation of Grant Clubs, and the distribution of documents among the people.

Resolved, That on the Saturday before the April Court, the 11th of April, or at such other time previous as may suit the convenience of the township, two delegates from each township be chosen to a convention to be held at Waynesburg on the 14th day of April, 1898.

Resolved, That the proceedings be published in the Republican.

On motion, adjourned.

PHOTOGRAPHY.—We have received the first No. of a new publication, called "The Monthly Photographic Magazine," edited by Jas. E. Moore, 41 Park Row, N. Y., at \$2.00 per annum. Its objects are to furnish information and instruction in short-hand writing and to provide reading matter for those engaged in the study. Persons interested should send for specimen copy. The utility of the work commends it.

Isn't it so?—Nothing conduces more to appearance in all of good manners, than good clothing. But it is one thing to have good clothes and another to have them well-made. To have both is a rare excellence of feeling and comfort. Anderson, Penzell & Carson, Pittsburgh, we recommend to all who wish to go to heaven without sins of commission, arising from bad fits or shoddy material, resting on their souls. See card under New Advertisements.

A Large Establishment.—Upon householders, or other parties, who contemplate purchasing furniture of any description, we would impress the importance of a visit to J. W. Woodruff & Son's, Pittsburgh. They are large manufacturers, and if the possibility should be that they have not on hand any article called for, are ready to fill the order in a short time. The two lower stories of their House are packed with furniture, some of which would grace a ducal palace, or impart an air of refinement to a cottage. This immense stock is of the best material and make up and add at such reasonable rates as to induce every person wishing to buy to purchase. See card under New Advertisements.

Robert.—We learn that a Mr. Jacob Rable lost about \$1,000 on the night of the 26th ult., at the house of Jesse Province in New Geneva. Rable says he was drugged. Province is reported for an arrest.

Died.—McClelland.—Very suddenly, at his residence in Waynesburg, of Consumption of the lungs, on the 29th ult., Mr. Asa McClelland, at a ripe old age.

Mr. McClelland was born and raised in this town and has lived a long and peaceable life with his fellow-men. Though somewhat infirm, up to the morning of his death, he was able to be about and attend to his household affairs. He was on his feet when the "fell destroyer" struck him down, and in a few short hours, thereafter he breathed his last. Again the admonition has come to the living: "Be ye always ready."

ADAMSON.—On the 29th, ult., at his residence in Franklin, Pa., of Consumption, Mr. Jas. Adamson, aged about 28 years.

ADAMSON.—On the 29th, ult., at the home of James and Catherine Adamson, in Franklin, Pa., his son Henry L. Adamson, aged about 3 years.

SAMUEL HULL, the murderer of Conductor Parker, has been sentenced to eight years imprisonment in the Western Penitentiary.

THE Pittsburgh Annual Conference, of the Methodist Episcopal Church, will assemble in Greensburg early in March, Bishop Kingsley presiding.

MEETING OF THE REPUBLICAN CENTRAL COMMITTEE.—Pursuant to the call of its Chairman, Col. Jas. H. Wells, the Republican County Committee, met at Waynesburg on the 29th ult. The Committee was called to order by its Chairman, and J. B. Donley appointed Secretary.

On motion, the following resolutions were adopted:

Whereas, Andrew Johnson, the acting President of the United States, having wilfully violated the Constitution of the United States, in that he appointed Lorenzo Thomas, Secretary of War, while the Senate of the United States was in session without the advice and consent of the Senate; and has violated the law regulating the Tenure of Office. In this: that while the Senate was in session, he made and issued a commission to the said Lorenzo Thomas, conferring on him the office of Secretary of War, while the Hon. Edwin M. Stanton, who was appointed to said office prior to the 22nd day of March, 1867, was holding said office and discharging the duties of the same. Therefore,

Resolved, That we approve the action of the House of Representatives of the United States in impeaching Andrew Johnson, President of the United States, for high crimes and misdemeanors.

That, Whereas, in our opinion, the law provided by the Almighty from the top of Mount Sinai, and the lightening of the thunder did not stand in the way of the Democrats as Republicans and that the law of man require that what we have promised for our hour of need should be fulfilled in the days of our prosperity.
