

New Advertisements

The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

Registers Notice—Peter Brown, Tavern License—J. F. Temple, Iron City College—Smith & Cowley, Assignee's Notice—Mary E. Hoyle, Assignee's Notice—J. D. Wood, U. S. Int. Rev.—Jas B. Ruple, Painting & Glazing—Kennedy & Smalley, Notice in Bankruptcy—Thos. R. Howley, Notice—Sayers & Hoshinson, Executor's Sale—E. M. Sayers, et al.

No Mail—Saturday night's mail did not arrive from Pittsburgh until Monday night. This will account for less news matter on our "inside" than usual.

This first thing you do after reading this week's Republican thoroughly, go and see Frank McGurgan's new stock of Goods. Mind you, you will miss a sight if you don't.

It would be a gross libel to say that ladies use tobacco, yet if you present a bottle of Phaloo's new perfume, "Flor de Mayo," to a pretty girl, she will be very apt to open it and take a little snuff. Sold by all druggists.

The Ice—On the upper Monongahela the ice is still piled along the banks, yielding but slowly to the melting rays. The editor of the Morgantown Post is sorrowful over the immense quantities of "julep material" going to waste.

Veto—The Governor has vetoed the act changing the name and officers of the Old Fellows Association of Waynesburg, Greene county, on the ground that the Courts, and not the Legislature, have power in the premises.

Wanted to Know—If the originator has taken out a Patent Right for the brace connecting the tree-box and the telegraph pole, at the East end of the Court House pavement? And whether it is intended to brace the pole or the box?

L. O. G. T.—This order will hold a county convention in Washington, Pa., April, the 21st prox. Each Lodge is to be represented by a full delegation, and several eminent Temperance Lecturers have been engaged for the occasion.

Washington Election—In Washington Pa., the election resulted in the choice of a Democrat for Burgess, a Republican Council School Board and Justices. Local interests and personal popularity seemed to be the controlling forces.

Goody, for April, presents all that is new, unique and useful in the world of Fashion. Not are the literary contents of an inferior caste. It abounds in much the reading public will find interesting and instructive. L. A. Goody, publisher, Philadelphia, Pa.

As the time is near at hand when many persons will move, and thereby change their postoffice address, we suggest to our subscribers who may thus change to notify us thereof, so that we may make the correction on our mail book.

Washington and Fayette—The Township elections in these counties, as in our own, show favorable returns for the Republicans. Generally, heavy votes were polled, and where the Republicans were not victorious outright they made large gains.

Painting—Spring is the season for painting your barn, or other buildings, before the dust in the hot, dry days makes it impossible to secure a clean, smooth coat. Paint, applied in the spring, lasts better and lasts longer than at any other season of the year. See card of Smalley & Kennedy.

Hansen—On Sunday night a board kiln at Pollock's, in Whiteley tp., belonging to the Fleming Mill firm here, was burned, with 15,000 feet of lumber, loss \$500. This will prove an annoyance as they must discontinue many for whom work was promised. They will fill all orders however, as rapidly as possible.

M. E. Appointments—The Pittsburgh M. E. Conference, sitting at Greensburg, has appointed Rev. S. Wakefield pastor of the church in this place. Rev. J. McIntire who has been transferred to Besseville, Washington Co. The latter will leave many friends behind him in our town. He gave very general satisfaction.

The Atlantic, for April has been received. It would be difficult to say anything new in praise of this Magazine—not in praise indeed. It contains a very interesting and valuable article on "The Poison of the Rattlesnake" in fact on venom in general, and one of the best papers Parson has ever written entitled "Our Roman Catholic Brethren."

The April Number of the Parenthological Journal is Fresh, Racy, Vigorous. Among the Portraits and Characters are, Adeline Patti; Isaac Jennings, M. D.; Allen A. Griffith, the Western Elocutionist; Disposition—Disease; Our Congressmen, etc. Price, only 30 cents a number, or \$3 a year. Address S. R. Wells, 289 Broadway, New York.

This citizens are breaking up of their lots and commencing gardening in good earnest, and should winter not again make its appearance, ere long the gardens will begin to show forth their vegetable productions, and green peas, onions, radishes, lettuce, and other delicacies will be upon the table of all.

The new base ball rules for 1888 require that all balls used in a match must be stamped with the size, weight and maker's name, and if any other is used the game played will be "null and void." The new ball is smaller and lighter than the old one, being but nine inches in circumference, and weighing five and one quarter ounces.

M. C. & H. Bell say they have just received at their cheap Boot & Shoe Store, Sayer's corner, Waynesburg, Pa., a lot of New Goods consisting in part of ladies high cut glove kid Balm—the latest styles, ladies' and gents' Brussels slippers and any amount of gum overshoes for either sex, which they will sell for less money than they can be bought for elsewhere in the County. Give them a call and be convinced of what they say.

Another Alarm—Something has been trying to happen here "level best" the past week. Sunday last the cry of "fire" hurried the town to buckets and to Ganser's carpenter shop, at the east end of town. A pile of shavings in the alley had somehow caught fire and the flames when discovered had licked up the sides of the building and partly consumed the door and weather-boarding. Fortunately Dr. McGurgan's assistant was rushing out on the alarm and the thing was quenched in good time.

"GREAT WAS THE FALL!"—Wednesday last the brick building used as a cook-house at the Adams Inn, in our town, fell with a crash, burying beneath brick and mortar considerable "household and kitchen furniture." The west wall followed and upon the rear part of the house of Mr. N. Clark, smashing in the roof and playing the very D— upon dishes and "sich like." Timely warning had been given of the spreading of the cracks in the house and those engaged in both places were enabled to save themselves and sundry articles that might have been damaged. As it was, Miss Emma Clark, and a little girl living with the family, had very narrow escapes from injury. The former got off with a few slight bruises about the face and the latter was struck in the back with a brick and felt but was dragged out by Mr. Clark.

Every building on the lot is dangerous and will prove a source of alarm to any who occupy or are in any way compelled to be about them. We hear the owners are about to erect a kitchen to supply the place of the one that fell. We are both to believe this. If ever there was a chance to display enterprise and confer an everlasting favor upon Waynesburg and her citizens, it rests with the owners of the Adams House corner. The barn is a standing dead-fall for live stock and the same can be truly said of the hotel (?) proper. The cellar will swim a man in water. Sanitary considerations, if none other, demand that the food breeding place of pestilence and vermin should be no more. Inquest has, many times, been held over its remains and the universal verdict rendered "lead on its foundation is from old age!" Let the "tarmin thing" be obliterated! Other shells and shanties on Main St. do it!

"They Say" that L. K. Evans ought to be impeached for bringing such a magnificent stock of goods to town and selling them at such very low prices.

WISCONSIN Glass of all sizes, for sale, at G. W. Roberts' Drug Store.

NEWSPAPER LAWS—As there seems to be not a general acquaintance by many, with the laws governing the publication and sale of newspapers, we print the following for the benefit of those who may be concerned.

Publishers are required to give notice by other than a subscriber does not take his paper from the office, and give the reasons for its not being taken.

Any person who takes a paper regularly from the post office, whether he has subscribed or not, is responsible for the subscription.

A person ordering his paper to be discontinued must pay all arrearages or the publisher may continue to send it until payment is made, and collect the whole amount whether it is taken out of the office or not.

The courts have decided that refusing to take newspapers and periodicals from the post office, or removing and leaving them uncollected, is prima facie evidence of intentional fraud.

A PRETTY FOOT is regarded by many as the chief of ornaments. To this end, Evans' made the selection of his new line of shoes a speciality.

PINK Flaxseed Oil, sold at G. W. Roberts' Drug Store.

High Waters—Our valley has not escaped the effects of the dreadful storm of last week. Ten Mile has been full to the brim, and Tuesday and Wednesday it spread itself far out over the meadows and lowlands. Fences and property of different descriptions is laid down on its turbid bosom. Up the creek we heard of several dams swept away. Resek's saw mill and dam are both gone—lost fully \$1000. Down, the damage was most to be feared, etc.

A THING of beauty is a joy forever! The hand evidently saw with prophetic vision, Evans' splendid line of Carpetings.

For anything in the Drug Line go to G. W. Roberts' Drug Store.

LICENSE—There are only twenty-nine applicants for Eating-House and Tavern Licenses in our county, "to be, or not to be" granted next court. The friends of Temperance are awake and, of course, will strongly remonstrate in some localities. What effect this may have upon the Court is yet to be seen. Here, we learn, applicants have experienced some difficulty in procuring signatures to their petitions. In these places where the sense of the community is against license, the Judges should carefully weigh their decisions and either grant some license or license all.

The former would be preferred, for observation goes to prove there is no abatement of the evil by depriving some and favoring others. Let there be prohibition or no prohibition.

L. K. EVANS has just returned from Philadelphia with a full assortment of spring and summer dry goods.

Kov's fresh Garden Seeds just received and for sale, at G. W. Roberts' Drug Store.

The Iron City College, whose advertisement appears in another column, is one of the oldest and most thoroughly established Business Colleges in the country, enjoying, by far, the largest patronage of any similar institution in the United States. The Principals are men of large experience in their profession, enjoying the confidence and esteem of the business community, and eminently qualified for the distinguished positions they occupy. For the large and beautifully illustrated Circular of the College, containing full particulars, address the Principals, Smith & Cowley, Pittsburgh, Pa.

Yarns and brushes of all kinds, just received and for sale, at G. W. Roberts' Drug Store.

Drove a bargain while you may. There is a rare opportunity at Evans' Store just now.

The First—To-day is All-Foot's Day and every body is at the mercy of the trickster. By the large amount of household goods merchandise, etc., on wagon and cart, we are reminded that it is the day of "hitting." Everything is torn up so we doubt if "any-body can find where any body's." Frank McGurgan, however, wishes it distinctly understood, that he remains in his old room and whilst others have been waiting until moved to buy new Goods, he has filled up from top to bottom with a magnificent stock. Come early and you're all right.

Darzen's Hair Restorative, by single bottle or dozen, for sale, at G. W. Roberts' Drug Store.

100 lbs. strictly pure White Lead, for sale, at G. W. Roberts' Drug Store.

Markets

PITTSBURGH MARKETS.

THURSDAY, March 23, 1888. During the past week business has been rather more active, but prices of the leading articles are without material change. The receipts of various articles continue very light, and prices are consequently somewhat advanced in several articles, as there is a decided improvement in the demand.
