

The Waynesburg Republican.

NOTICE TO ADVERTISERS.—Advertisers will be held responsible for the correctness of the copy and for the payment of the bill in advance. Such bills will be collected on demand.

NEW ADVERTISEMENTS.—The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

Notice.—County Commissioners.

We will send the REPUBLICAN to any address, until after the Presidential election for one dollar.

One Fellowship.—The Grand Lodge of the State of Pennsylvania, I. O. O. F., will hold its annual session at Pittsburg, on May 19th.

It is one thing to know how popular newspapers are created, let him reflect upon the fact that the *Waynesburg Republican* expended more than \$250,000 in advertising last year.

Wet.—The latest of real Spring weather put our farmers back in sowing oats and preparing for corn. The trees are slow to put forth and unless the everlasting rain ceases to fall soon everything will be waterlogged and at a stand still.

Removal.—The office of the "Printers Circular" and "Printers' Furnishing Warehouse" formerly located at 34 Union Street, has been removed to 515 Minor Street. Address all orders for material to R. S. Munnah, 515 Minor Street, Philadelphia, Penna.

Calumny.—The Knights of this Order were out last Monday night in force, rending the air with hideous noises and rousing the sleeping populace from quiet dreams. They will be the circus fever of yesterday. Hereafter we hope it will confine them to their beds.

The "Punch" Spirit.—It has entered upon its third volume with every evidence of prosperity, its columns bearing full assurance of renewed zeal and enterprise. Its thoroughly American, having the very best of our home literature. Published at 37 Park Row, New York, \$3.00 per annum.

It is for one, the Order.—This new College at Jefferson is not completed but the large and splendid school of Spring and Summer goods just received by Foyles and Son, at H. H. Lindsay's old room is in white and dress goods you cannot find a better stock in the country, all at the lowest cash prices.

The Public's Humble Servant.—Whatever you want in Dry Goods, Notions, Carpets, Wall Paper, etc., you will find at Frank McGurgan's. What you can't find he will send for. Low prices have won for him the distinction so flattering of selling more goods than any man in town. Gilder won't believe it, but it is so.

As Old Cakes.—A cake was shown us on Monday that was baked up in a garden in our town from about a foot below the surface, bearing date 1745, which would make it 122 years old. The characters were somewhat discolored by rust. It was of Spanish design and about the value of an English shilling.

New Principal.—We are informed that Mr. James Rinehart, of our Borough, takes charge of the Union School the present term, in place of J. Jackson Furman, who, we believe, aspires to a professorship in the Baptist College about to be built at Jefferson. Both are competent educators and the former unites a vast deal of practical efficiency. The school opens with a large attendance.

Monument Disturbance.—Dr. E. T. Cooper, (we learn from the *Monongahela Republican*) has just finished a distillery, which cost twenty-five thousand dollars, fronting 90 feet on the river, running 52 feet, back 90 feet of 1850 colored sand stone, with a capacity of 100 barrels per day. The *Republican* has almost a column devoted to describing it, with a leading editorial in denunciation of the assertion that the distillery order was a failure.

Registration Commissioners.—We notice by our Pennsylvania exchanges, that the Registrars in the different counties are receiving commissions for Registration Commissioners, who are being sworn in preparatory to entering on the discharge of their important duties. The work of making a registry of the voters of Pennsylvania, having never been done before, will require the most reliable and efficient men in each county, and we trust only such will be recommended and appointed.

"The Revolution."—We have on our table a copy of this journal edited by E. Gady Stanton and Parker Pillsbury in the interest of woman's rights. The paper is conducted with excellent ability and is being neutral in politics as in general must attract some attention. Enthusiastically a "woman's righter" we commend it to the "oppressed"—in years—of this section hoping they may find in it the Ponce de Leon pool for his mythical fountain. Terms \$2.00 a year. Address, at Park Row N. Y., Room 17.

A Splendid Document.—The new and beautifully illustrated Quarto Circular, issued by the proprietors of the Iron City College, is the finest thing of the kind ever produced. It is elegantly printed on the finest of paper, and in addition to a complete outline of the system of Practical Education there so successfully pursued, it contains accurate views of the City of Pittsburgh, together with several specimens of Prof. Cowley's Premium Penmanship, both plain and ornamental. Copies of this Circular can be obtained free, by addressing the Principals, Smith & Cowley, Pittsburgh, Pa.

Council Meeting.—At a late meeting of the town council two thousand dollars was levied as sufficient to pay off the Bounty tax of the Borough. The by-laws were amended to allow the Council to select one of their members as Burgess, in case of absence, resignation or other inability of incumbent. Mr. W. E. Gaper, who removed from the Borough west, tendered his resignation which was accepted, the choice of the Council resting upon Mr. Jno. Munnell as his successor.

Jno. Munnell, Burgess.

B. "Foxy" Flencken, Sec'y.

Live Men.—We learn that Sam'l. Danlap and Harry Maple, of the firm of Tinker & Maple, who are doing a commission business in Baltimore in the sale of live stock, have lately purchased of the devices of Francis Blackbitch, de'd, some 200 acres of land in this county, north of Greensboro, and near the Monongahela river. These enterprising men are awakening to the new railroad project and are fully aware of the value of time in getting to market with stock, produce, etc. We venture there will be a lively scramble for lands in the lower end when the people become aware that the railroad must be.
