This work is a timely response to a widespread and urgent necessity of all libble readers.
Being the only American Edition of the only
abringment by the author's own hand of his voluminous Dictionary, which is too costly for the
common purse—it is at once the only perfectly
reliable and practical one, containing all that
the general resider and student can wish. The
publishers have in this given the public a volume of which they may well be proud, it is a
standard work, commends itself to all who examine it, and should be found in every family.
Be careful to get this edition, if you would have

The Government takes a second mortgage as security, and it is expected that not only the interest, but the principal amount may he paid in services rendered by the Company in transporting troops, mails, &c. The interest is

now more than paid in this way, besides each ng's great saving in time and money to the IV -A GOVERNMENT GRANT of the right J. W. WOODWELL & SONS, and in building the road, to the same amount as the U.S.Bonds, issued for the same purpose, and NO MORE. THE GOVERNMENT PERMITS the Trustees for the First Mortgage Bondholders to delix-er the Bonds to the Company only as the road is completed, and after it has been examined by United States Commissioners and pronounced to be in all respects a first-class Railroad, laid with a heavy Trait, and completely supplied with depots, stations, turnouts, car-shops, 1000-

SINGER

SEWING MACHINE.

OUR NEW FAMILY MACHINE, which has been brought to perfection regardless of time, labor or expense, and is now confidently presented to the public as incomparably the best sowing Machine in existence.

The Machine in question is simple, compact, durable and beautiful. It is quiet, light running and expetie of performing a range and variety or work never before attempted upon a single Machine—using cither Silk, Twist, Linen or Colten Thread, and seveing with equal facility the very finest and coarsest materials, and anything between the two extremes, is the most beautiful and substantial manner. Its attachments for Hennaing, Braiding, Cording, Tucking, Quilting, Felinming, Binding, etc., are Novel and Practical, and have been invented and adjusted especially for this Machine.

New designs of the unique, useful and popular folding tops and cabinet cases peculiar to the Machines manufactured by this Company have been prepared for enclosing the new Machines. These are gotten up in every variety of wood, such as Black Walnut, Manogany, Rosewood, and the like, and from the plainest to the most claborate pattern and finish—the Machines themselves being more or less highly ornamented, to correspond with the Tables or Cabinete for which they are intended.
