NOTICE TO ADVERTISERS.—Advertisers will be held responsible for the correctness of the copy and for the payment of the bill in advance. Each bill to be collected on demand.

NEW ADVERTISEMENTS.—The attention of our readers is specially directed to the following advertisements, which appear for the first time in our paper to-day.

Waverly News—D. Appleton & Co.
Startling Intelligence—Frank McGowan.
Manhood, How Lost, How Restored—Chas. J. O. Kline & Co.

Read Him.—Read Nabby this week. It is good for the sore head or the negro-fright.

VACATION.—One week vacation to allow Students attending school to "celebrate," began Monday.

One of the best selected stock of Dress Goods in the county will be found at Fordyce's New Store.

For Vain.—Johnny M. Williams, Junior on the Washington Reporter, made as a flying call on Wednesday last. Come again "Mack."

Famous.—The "Sherman House" is a famous place to get a good dinner. "Tom" Bradley keeps up the fine times—that is, he supplies his table with the delicacies of the season, served in the most approved style.

UNFORTUNATE FALL.—On the 16th inst., Mrs. M. K. B. Miller, wife of Dr. A. B. Miller, of our town, in making the descent of a precipitous stairway, with a baby three months old in her arms, fell and so injured the child that its life is despaired of. The mother escaped with slight bruises.

P. S. The child died on Sunday morning.

Pay Up!—Persons knowing or suspecting themselves indebted to the firm of A. Milford & Co., by note or book account, will be glad to have themselves called upon to settle before the 1st of Aug. next. After that date all outstanding debts will be put into proper hands for collection and collected if possible.

A. Milford & Co.

NORMAL SCHOOL.—The Normal School, in connection with Waynesburg College, will be in session, Monday July 12th. It will be conducted by myself assisted by the teachers of the College. Persons expecting to teach the coming winter would do well to avail themselves of this opportunity of preparing for their work.

T. J. Tait, County Supt.

THE MONSIEUR.—The repairs on the dam at lock No. 2 on the Monongahela are progressing rapidly. It was the intention of the contractor to sink the crib in the break on the third, and he hopes to have the work completed within three weeks. The "Admiral," the only steamer running for a week past, made her return trip Tuesday, of last week, and navigation will be closed until the lock is completed.

RECOMMEND.—Our printers are looking forward to a day of recreation and a week of rest; it being the custom of this office not to issue any paper the first week in July. We would freely recommend our printers, the "Devil" included, as young Gents of good moral character not addicted to any bad habits, and anxious to work on the young ladies, and also fully prepared to eat their share of the good things set before them at any time or at any place.

DEPARTED.—On Monday A. A. Parman, Esq., one of the Delegates from this District, accompanied by several citizens of our place, left for the Metropolis to attend the Copper-hill Convention at the 4th. They should be all means visit Baxter Street and the Plains if they have any curiosity to see Democratic strong-holds. But should Mr. Parman ever to speak his piece he must be careful not to offend the "unhappy" as they have an unpleasant habit of tossing bricks instead of bouquets. We understand others of our Democratic friends will, "if business commits," attend the convention.

MR. JAMES HARRIS, President of the Bank of Pittsburgh, says: "I had recently the pleasure of examining the working of the Banking Department of the Iron City College, and was surprised at its thorough practical organization. It is an important adjunct to a Business College, and any young man will be greatly benefited by going through it, no matter what his vocation may be."

The course of study in this College is highly endorsed by the leading bankers of Pittsburgh as will be seen on examination of its circular copies of which can be obtained by addressing the Principals, Smith & Cowley, Pittsburgh, Pa.

EFFECTS OF LIGHTNING.—The severe rain and hail storm of last Wednesday was accompanied by sharp lightning and heavy reports of thunder. A locust tree was struck near Hook's mill and storm of its bark and branches a young lady in a house near was prostrated senseless by the shock and the miller knocked from a burr upon which he was seated.

MR. "WIN."—Curl of Carmichael, lost a fine mare, valued, we believe, at \$500, by the electric fluid, and a horse worth \$200 belonging in the same family, was killed. "Win" had two races, one last Saturday at Brownsville, and one on Oakland next Saturday, which the death of his mare will prevent him from winning.

THE PIC-NIC.—The Temperance picnic to come off on the Fourth under the auspices of the I. O. of G. T. have adopted the following programme: The Sabbath Schools and those outside who wish to participate, will meet at the Court House at nine and one-half o'clock a. m., and forming will march to the Hall of the Good Templars who will join them and with the National Brass Band will proceed to the grove where the picnic is to be held. As many as can will provide themselves with baskets of refreshments to be distributed among the children in addition to what the Committee on Refreshments may procure. At the grove music, songs and speeches, will be in order. There will be a large turnout if the day is propitious.

G. A. R.—On the 24th inst., a detail from Post 54, of Washington, Pa., established Post 135, of the Grand Army of the Republic at this place. The organization begins under favorable auspices and will increase in numbers with age. It is purely for the advancement of Soldiers in social and political circles, composed of old soldiers of good standing. The immense good accomplished elsewhere and the great numbers belonging to this order will commend it to every honorably discharged soldier or sailor in the land as an ally.

An election resulted in the following choice of officers: P. C. Robert Adams, S. V. C., Capt. Wm. F. Scott; Junior V. C., H. A. Rinehart; Adj. L. K. Grim; Q. M., Wm. A. Kelly; O. D., J. H. Carson; O. G., A. A. Campbell.

THE MASON WALK.—To-day one week ago the Masonic fraternity, consisting of the Lodge at this place and detachments from those at Brownsville and Washington, celebrated the anniversary of St. John, the Evangelist. The largest crowd of the season was present. At 10 o'clock a. m., the procession formed at the Court House and headed by the National Brass Band, of Waynesburg, marched to the Hall at the east end of town and were there joined by the Knight Templars and a Band of Music, from Carmichael. The column paraded our principal street, to fine airs discoursed by the bands and then proceeded to a grove near town, known as "Worley's Woods," when they were addressed by Rev. Wakefield, D. D., of the M. E. Church. This address will be published shortly in our columns and shall speak for itself. After the exercises in the woods the assemblage returned and dispersed. During the day there was much to be seen some of which might be told. Quite a rivalry seemed to exist between the musicians of the two bands and after parade was dismissed each band played a lively air and two on the street, both acquiring themselves well. The National B. B., in their new velvet caps of the navy pattern, cut a dashing figure where they moved in the crowd. They seemed to be beloved by the ladies. The young men and ladies "from the country" were out in force in their holiday suits, and ice-cream and soda-water vendors gathered large profits from plastic pockets. It is a perfect study to watch the crowd as they justly by or are knotted in groups, suffering themselves to be elbowed and pushed about, offering to speak as a quartette of blowing noses gazing in life's glare, attract your attention. One drives her hand from her pocket and unrolling a bit of paper displays to her companion what you imagine is a fob or a severe cut on the hand. The fingers are sufficient detail and disclosed and each takes hold with the seeming intent of committing her misfortune when suddenly, as if by command, go hands to mouths and you realize they are only enjoying a slight "fob" and "What a fun was there!" Among the ladies there is a fair amount of "chaperons" and "chaperons" the first lady distinguished by her sear and the latter by the lady in her own dress, arm, or waist, or hand, swinging coarsely about. Truly silly and superficial are the many aims of Flora and Augusta, but of all these things we cannot and did not mean to speak. About half past two a heavy storm of rain and rain drenched and drenched the crowd to "fob" as quick as ever did a pull of smoke from an enemy's battery a fatigue party. Soon no appearance of activity presented itself on the streets, but as the rain ceased fell scattered on the side walk and the rattle of horses hoofs and wheels announced the departure. Of doubtlessness there was a number of cases but no rows as a result. The Mayor was the recipient of numerous calls during the day by parties anxious to contribute their mite to sustain the Commonwealth. About eighteen dollars were deposited in the public contribution box by these generous souls. Wouldn't it pay to have a justification every other day? It wouldn't it long to liquidate the borough debt?

WASHINGTON CONVENT.—The Republican Convention met on Monday of last week and nominated the following ticket: Congress, Geo. W. Lawrence; Assembly, H. J. Vanhook, A. J. Ballington; District Attorney, John W. Dugan; Com. Ross Sweeney; Director of Poor, Saml. Kelley; Auditor, David Hart. The result is an endorsement of the old campaign, an endorsement of Grant and General, an endorsement of the soldiers and sailors and pledge Washington County Republicans to support the nominations. Hon. G. D. A. Groves was present and made them a speech.

THE FRIENDS of the Charities Road were again in council at Chambersburg on the 19th inst. \$225,000 are now reported subscribed and still the great work goes on. They want \$300,000.

THE EDITOR of the Recorder was warned by the Ku Klux that "he is not safe after night" a short time place. He seems to think it his own business and is willing to risk it.

"They made her a grave too cold and damp for a soul so honest and true." If they had been wise, the dire necessity of opening the grave for one so lovely might have been averted. NEW YORK DRY GOODS MARKET.

New York, June 27.—Dry Goods with the stopping of one-fourth of cotton machinery of the east, prices are on the rise in sympathy with the raw material. Standard Brown Sheetings are in reduced supply and firm at 17 1/2 cents for best make, and second at 16 1/2 cents. Fine Sheetings, like Atlantic have advanced to 16, and shirtings like the V brand of the same make to 15. Most of the light styles of printed Calicoes and Delaines have been entirely closed out at the recent low prices, and in a week or fortnight darker styles will be put upon the market at a much higher rate.

WE learn from exchanges that work will be immediately resumed on the Connellsville Railroad. An engineer corps goes into the field this week for the purpose of resurveying the stakes, etc., along the line. The contractor at the Sand Patch Tunnel has been instructed to resume work at once, and forty miles, comprising the heaviest sections between the Tunnel and Connellsville will be let to contract, as soon as proper notice inviting proposals can be advertised, and bids examined. Heavy subscriptions to the bonds of the company are being made at Baltimore, and at other points along the line, and in a few days all the money necessary to insure the completion of the road within twenty months will have been obtained. The machinations of the Penna. Central, and Fort Wayne and Chicago have come to naught, and within two years, a through line from Bremen to Chicago and the far west, via Baltimore, and Pittsburgh, will be an accomplished fact.
