## David Atchison a Know Nothing.

The St. Louis Democrat says that there is not the least doubt that the notorious, if not infamous, David Atchison, of Missonri, who has been the head of the party in Missouri that would force slavery into Kansas against the wishes of her people, is a member of the Know Nothing Order, and has accomplished the Kansas outrages through its instrumentality. It declares that several members of the Order will soon give their certificates of Atchison's connection with them. Wonder what the Know Nothings and Abolitionists here, who have bad so much to say about Kansas matters, will say to this exposure.

#### Wash Your own Laces.

The difficulty of getting laces washed right, especially out of a great city, is very great.— Every lady, therefore, should know how to wash her own thread lace. If any fair lady is ignorant of this art, we can teach her in a very few words. Let her first rip off the lace, carefully pick out the loose bits of thread, roll the lace smoothly and securely round a clean black bottle previously covered with old white linen, sewed tightly on. Tack each end of the lac with a needle and thread, to keep it smooth, and be careful in wrapping not to crumble or fold in any of the scollops or pearlings. After it is on the bottle, take some of the best sweet oil, and with a clean sponge wet the lace thoroughly to the inmost folds.
