braska law is about as likely to be repealed by the present Congress, which continues until the 4th of March 1857, as the sub-Treasury Act is, or as the Wilmot Proviso is likely to be enacted into a law. Nor is it any more likely to be repealed by the next Congress. The fact is there is no such thing as a retrograde movement possible. No single one of the great measures of the Democratic party has ever yet been repealed.

The Result in Maine!

"HAVE YOU HEARD THE NEWS FROM MAINE ?"

The Maine election has resulted in a complete victory of the friends of civil and religious liberty and the constitution of our common country. The unscrupulous combination of abolitionism, Know-Nothingism, and fanaticism, has been routed, horse, foot, and dragoons .--The triumph seems to lack no element of completeness. All honor to the sterling Maine Democracy and the patriotic men who have voted with them against heresy, bigotry and wrong. The tidings of their victory, flying now on the lightning wires, will give joy to every true patriot in the Union. As the Boston Post well observes, this result is no ordinary one; and one destined to have no common effect. It is a victory of the right sort, and at the right time, and in the right place. Fit is it that the people of Maine, who have so much cause to love the Union, should repudiate the politicians who, with alien hearts, tell them there is no Union. Fit is it, too, that it should be the Know-Nothingism bite the dust. Fit is it, again, that the State in which Neal Dowism arose, should be the first to cast it down. Maine has done all this, and now she will stand with the kindling word Dirito, "I lead the way," on

Sudden Disappearance and Death.

On the 7th, inst., John Bolinger, of Plumtead township, in this county, went to Philalelphia market, with two wagons, his father, an aged man driving one of them. When they had reached the city, SAMUEL BOLINGER, the father, and the young man put up at different houses, and in the morning, SAMUEL, who at times is wrong in his mind, left town on foot, and without his wagon, alleging to some person that his son had gone off without him. He was seen at the Seven Presidents tavern, then on the track of the North Pennsylvania Railroad, near Tacony station, then on the street road near Davisville, and after that he called

BOWMAN-My Dear Friend :- I promised to write to you, up My Dear Friend:—I promised to Write Is you, up-on my arrival at San Francisco, that you might, through the Gazette, let my friends in Bedford County know how we had been prospered on the way. Mon-day, the 25th of May, was a day of sadness as I left Bedford, wondering whether I should ever see again the beautiful mountains which encircle it, or ever again look upon the familiar faces of the dear friends with whom I had just bid good bye, and whether I should ever find, on the far-off Pacific coast, as sweet a home as that I was leaving. A more melancholy was best—that it was a precious comfort to leave one child sleeping in the green and beautiful bury-ing ground at home, where the eve of affection would

I have devoted to much of my sheet to reminiscen letter my impressions of this new and wonderous State. My time has been spent principally in this of the First Presoyterial Church. San Francisco is a most astonishing city. Every one who visits it must be filled with astonishment. It is hard to realize that this vast city, with all its magnificence, is the growth of but six years; and when we recoilect that during that brief period, it has twice been destoned by fire its present, applicits. troyed by fire, its present condition seems marvel-lous. The politeness, hospitality and kindness of out to California, there is at least so far as this city is concerned as intelligent, refined and christian so-ciety as can be found anywhere. Fevertheless in a place so new, and among a people brought suddenly together from the four quarters of the earth, by the cry of gold! gold! it would be strange if there were

Terrible Gas Explosion-Four Persons Seriously Injured.

One of the most dreadful accidents took place in our city yesterday which it has ever been our duty to record. As Mr. James Daniel of the firm of Headman & Co., gas fitters, was engaged in stopping a leakage in the grocery store of Mr. John V. Barbee, corner of Jones and Abercorn streets, the gas exploded with terrible effect, destroying every thing therein, and dreadfully mangling not only Mr. Daniel, but the wile, mother and child of Mr. Barbee, who chanced to be in the room.

The building was a wooden one, and occupied for the double purpose of a store and residence. The former had but recently been opened, and contained a stock valued at \$1,800 to \$2,000. It appears that gas was introduced into the building for the first time on Tuesday. plentifully as their own river of Penobscot. I would as soon think of reviving in Pennsylvania some of the laws of those eastern fellow citizens against witchcraft and sorcery, as to follow their modern example, manifesting how gifted they are in the office of intolerance.

With any views as fath over severe penalters, and to the imposition of disproportioned force, and to the imposition of disproportioned force and impressment I should have voted.

We sailed from New York, in the Mail Steamer and it was believed there was an important leakage. Yesterday afternoon, as, engaged in the same search, he was moving a light along the crack in the floor, just above the pipe, the gas took fire and exploded, as stated above, tinued to be sick until we landed at San Francisco ders would be excited. And if I were to tell how with terrible effect. The tables, counters, grother would be excited. And if I were to tell how with terrible effect.
