THE BEDFORD GAZETTE.

Bedford, Nov. 2, 1855.

G. W. Bowman, Editor and Proprietor.

For Editorial see first page.

Through the mercy and goodness of Goo, and the instrumentality of one of the best and most experienced Physicians in the State, the Editor of the "Gazette" has been restored to perfect health, for which he feels truly grateful. After a severeillness of two months, four weeks of which we were fed upon beef tea, and such dainties, we know how to appreciate health. For the many kindnesses shown us during our sickness by the citizens of the place (male and female) we shall ever hold them in grateful remembrance, and hope they may never be prostrated as we were

The Adjutant General Case.

Soon after Gov. Pollock took his Gubernatorial seat, he attempted to nullify the laws of Pennsylvania, by appointing one of his Know-Nothing friends to the office of Adjutant General of the State, then held by Gen. Bowman, and whose term of service had not expired. infraction of the laws was met by Gen. Bowman in a becoming spirit, and resisted. It was precisely what we had a right to expect from a gentleman of the General's intelligence and patriotism. The matter was carried to the Supreme Court, and decided recently by that tribunal at Sunbury. The attempt to displace Gen Bowman, without cause, and substitute in his stead Mr. Power, has met with a merited rebuke from the Supreme Court.

There are three points in the case decided by the Court, to wit :--1st. That the commission bestowed by Gov.

POLLOCK on General Power, is illegal and

2d. That General BOWMAN is the legally commissioned Adjutant General of the State, for three years from the date of his appointment by Gov. BIGLER, and his commission does not terminate until October, 1856.

3d. That although Gen. Bowman is in law the Adjutant General of the State, and entitled mandamus on the State Treasurer to compel the payment of his salary, because he has not, as yet, complied with the precedent condition of the Militia Law, requiring certain official bonds first to be entered up by him. I

General Bowman has made one of the most efficient Adjutant Generals of the State we have ever had. He has been uniformly courteous to all in his official relations, showing special favors to none, save whose merit alone demanded a recognition of his claims, a fact which will be generally conceded by the military without distinction. He was Adjutant General during the administration of Governor Shunk, and it is well remembered to this day with what energy and patriotism he organised two regiments and a detachment of volunteers in Pennsylvania, for the Mexican war. In the absence of appropriations, Governor Shunk and himself threw their own private notes in bank to raise the requisite funds for the transportation of these troops from Philadelphia to Pittsburgh. When we regard these striking incidents in connection with his character and history, the decision of the Supreme Court in his favor is most welcome .-General Bowman will hold the office under his present commission until October, 1856 .-

the President, he was ordered to repair to his post forthwith. Indeed, his time to prepare was so limi-ted that he could barely take the Books and papers of the office to Harrisburg, on his way, and made a lim-ited, but satisfactory Report, on his arrival at New York, just before his departure. In the confusion of affairs, the office being thus suddenly thrown on the bands of the Executive, he commissioned me to fill t, and requested me to come on to the seat of Government, and take immediate possession, which I did. The Governor, in his haste, having sent the Commission to me under his own envelope, instead of that of the Secretary's office, as is usual, and no blank Bond accompanying it, the consequence was that I neglected, for a limited period, to hunt up a form and write one. I did so, however, not a great while after I was appointed, and I procured the na of Hon. Wm. T. DAUGHERTY and Hon. Wm. P. Schell, as security, and Hon. Job Mann as witness. Being seldom at Harrisburg, I laid the Bond in my desk among the military papers, where it remained for a considerable length of time forgotten. As soon as the omission was brought to my notice, I at once stated that my Bond had been filled, and was ready to be filed at any time. As a suit was pending be-fore the Supreme Court, I paid no further attention to the Bond until that body met in Bedford in August last, when our counsel handed it to the Chief Justice, and it was subsequently sent to Harrisburg, where it is now filed, covering the entire period of our Commission. At best this Bond is merely nominal, in fact, but, of course, it is not so in law. It merely demands security in \$1,000, whilst the property in the Arsenals es amounts to \$50,000.

sometimes amounts to \$50,000.

I have never had a red copper in my possession since my appointment belonging to the Commonwealth: Whenever old arms and stores have been sold, I have uniformly directed the Brigade Inspectors to make sale, in their respective Brigades, (Bonded officers,) and account for the same in their settlement with the Anditor General and State Treasurer.]

The Argument.

Col. THOS. . A MAGUIRE, of Johnstown, will he warmly supported for next Clerk of the Senateand we hope he may be elected. Clerk of the House.

A number of papers in Pennsylvania have brought forward the name of Col. WM. Bedford County.

By looking at the result of the vote in Bedford County, as officially published week before last, it will be seen that the Democratic Ticket was only beaten about one hundred votes, all the idle boasting of the K. N's to the contrary notwithstanding-and this, too, in the face of the fact that all the Democratic politicians in Bedford remained entirely inactive. Not a single speech was made in the county, we are told, and, we believe, not a single township canvassed fully by any body. Whilst our opponents were secretly associated in their little midnight Lodges, almost every night, in every Township in the county, our friends that can work effectivelly, if they will, seemed to fold their hands with perfect indifference, leaving all to chance !-- and yet we were beaten but a few votes, which could have been changed by a fair and energetic canvass of almost any three townships in the county! Many honest Democrats were led to believe from the idle boasting of our opponents that we would be beaten by from 1000 to 1,500 votes in the county, and about 50,000 votes in the State. These who would have gone cheerfully had they received encouragement from the proper sources. We speak thus plainly because it is a deep slur, upon Bedford County to be thus beaten with the power in our own talk to-even conscientious men of the opposition again prevail in our ranks.

Broad-Top Railroad.

DFIt affords us pleasure to notice that this road, which has been prosecuted with such vigor amidst so many obstacles, will be formally opened from the to the office, yet the Court refuse to grant a Borough of Huntingdon to Stonerstown, in this county. A large concourse of the friends of this improvement will be in attendance on the occasion.

The Shaup's Run branch is now ready for the superstructure, and the road from Stonerstown to Hopewell is nearly all graded. During the winter the rails will be laid to Hopewell.

It is a source of gratification to the projectors of this enterprise that they have advanced so far with it; and it ought to be regarded by this whole community as a subjet of the deepest concern to them. It is the only improvement that points to this region, and every advance it makes is just so much gained towards the completion of a rail road to Bedford.

The prospect of the early completion of the coal region on Broad Top, has given rise to several new Towns in that quarter. Coalmout and Hopewell have already started into being. Another town call- Indians who killed the mail party in November ed Broad-Top City, has been laid out at the intersection of the main read on the mountain, through which the rail road is to pass. A large Hotel has been commenced, and the building is rapidly progressing.
