

G. W. Bowman, Editor and Proprietor.

Our paper is delayed one day in consequence of thanksgiving.

MR. JAMES B. SANSON, of the Fulton Democrat, was in town this week. He is a candidate for Sergeant-at-Arms, and has warm friends in every part of the State.

GEN. HUMPHREYS, of Cambria, is also a candidate. He held the post year before last; and made a courteous and efficient officer.

RATHER UNSAVORY.

The Philadelphia News, of last Friday, gives utterance to the following sentiment. The News, it will be remembered, is a K. N. paper—and is one of the number in whose "nostrils Know Nothingism STINKS," but still hangs to the Order!

The truth of the matter is, as we have repeatedly asserted, Know Nothingism is in extreme bad odor; it stinks the nostrils of all who do not belong to the Order, and of a vast number who do; and just so long as American principles are attempted to be carried out through the agency of Know Nothing Congresses, so long will the attempt prove a signal failure.

WHO WOULD BELIEVE IT?

By the last Chambersburg Repository and Whig (the fire eater in opposing Know Nothingism last summer), we learn that Col. McClure has transferred all his right, title, and interest to the Transcript, (K. N.) whose editor he so vehemently denounced last fall, and whose paper he stigmatized as the "little croaker."

We give place, with much pleasure, to the above complete vindication of Gen. Bowman, who, as we last week remarked, has been an honest, faithful and deserving officer.

THE JEG LAW.

As we predicted, the JEG Law turns out to be a perfect farce. Nobody regards it—and in nearly every case of indictment the Bills are ignored.

Col. McClure, of the Chambersburg Whig, "breathes free" under the belief that he is not entirely lost his reputation. We are glad to hear he has a little left, for the man who would denounce a certain organization as the "most wicked of the wicked"—RIDICULE them whilst smarting under their DEFEAT—and immediately afterwards turn round and court them, we should suppose would be rather destitute of any kind of reputation!

Our friend, TRAUGH, of the Hollidaysburg Standard, we are pleased to observe, has been appointed by the Canal Commissioners Cargo Inspector at that place.

Hon. Isaac Huges, of Somerset, will be warmly supported for next State Treasurer. He is true Democrat and would fill the office with honor and dignity.

FROM NEBRASKA.—A letter from Col. Manners to the Surveyor General of Nebraska, states that the surveys in that Territory have been discontinued in consequence of the hostilities of the Pawnee Indians.

ADJUTANT GENERAL QUESTION.

Attempted Usurpation of Gov. Pollock!

HIS REBUKE!

In consequence of the many efforts made in BEDFORD COUNTY, especially to prejudice us in the eyes of our immediate neighbors, for the course we adopted in refusing to yield to Gov. POLLOCK's appointment of Adjutant General, made, as we conceived, and as the fact turned out, in violation of the plain letter of the Law, we trust we will not be considered vain in laying before our readers, through our own columns, a few of the many evidences that have appeared in almost every part of the Commonwealth in justification of the position we assumed.

The extracts which follow were written in endorsement of an article which appeared in the Philadelphia Pennsylvania, immediately after the decision of the Supreme Court, which we published with an explanatory note, and are from the most distinguished papers in the Commonwealth.

We copy the above article from the Bedford Gazette, of the 2d instant. In the note appended by Gen. Bowman he makes a clear and very satisfactory explanation of the much-talked-of omission on his part to file the requisite bond.

He has been courteous, energetic, and punctual in all his official transactions, and no man in the Commonwealth can say that he ever either neglected his duties, or used his position otherwise than fairly and honorably.

set of subjects in Uncle Sam's dominions. If the reform requires an act of Congress, let us see to it, that it be passed during the next session. Editors have no little to do with making Congressmen, and have a right to ask for just protective laws in return.

LATEST FROM EUROPE.

We have news from Europe one week later, by the arrival, at New York on Thursday, of the steamer Pacific. The London Times continues its warlike articles against the United States, and has managed to create an extraordinary excitement in England, so that it was rumored that an actual rupture had taken place between the two countries.

The allied fleets withdrew from Odessa, the most of the Russian troops there were marched back to Nicholasief, and the fugitive inhabitants returned. The liners of the fleet at Kinburn had left there to make a reconnaissance of Cherson. The fort and town of Kinburn were still occupied by 15,000 allied troops.

Fuller returns of the recent State elections correct a good many of the lying telegraphic reports and leave the Know-Nothings, after all their noise and bluster, very little to rejoice over.

MASSACHUSETTS.—The full returns of the vote for Governor in Massachusetts have been received, and show the following result: For Gardner, K. N., 51,787; Rockwell Republican 36,789; Wally, Whig, 13,470; Beach, Democrat, 35,018.

MISSISSIPPI.—We have news from Washington, on the authority of despatches from Jackson, that all the Democratic members of Congress, in Mississippi are elected.

CHARLESTON MUNICIPAL ELECTION.—The municipal election in Charleston, S. C., has resulted in the election of Miles, Anti-K. N., for Mayor, by 416 majority.

The Price of a Paper.

For a mere trifle of four cents a week any one can become a subscriber to a newspaper and this amount is so small that even the poorest can afford to take the paper.

value. Who would be without it when it can be had for four cents a week—half a cent a day.

DOUBLE-HEADED HINDOOISM.

Hon. Mr. Sliedell, United States Senator from Louisiana, in replying to an invitation to be present at a Democratic festival at Baltimore, thus shows up the inconsistency of Know-Nothingism:

"Look at Massachusetts: there Abolitionism, religious persecution and the most galling system of social espionage and despotism, under the garb of temperance, go hand in hand. From the pulpits, instead of the meek and persuasive tones of Christian pastors, inculcating the pure and unpretending morality of the Gospel, peace on earth and good will towards men, are hurled the defiant and angry denunciations of wily demagogues and excited partisans.

Thus, it seems that whilst the Hindoos of Massachusetts appoint boorish committees to ransack the apartment in Catholic female seminaries, and insult the lady teachers, their brethren of Louisiana select Catholics as their candidates for the highest offices in the State!

CUTTING A HORSE'S THROAT.—Arrest of the Cut-Throat—Bloody Conflict, and rescue of the Prisoner.—Yesterday afternoon, the attention of High Constable Scott, of Allegheny, was attracted by a large crowd on Robinson street, and on making inquiry he learned that a man named Robert (or "loafer") Bell, in company with two others, had assaulted a wagoner, who fled and took refuge in a house; and that Bell, being chagrined at the escape of the man, had vented his malice by cutting the throat of the horse with a dirk-knife.

The crowd refused to assist, and began to mutter about the brutality of the constable. During the brief time that here elapsed, Bell again recovered, and though bleeding profusely, he made a desperate attack upon the officer with a paving stone, was struck with the mace and fell a third time.

On turning to look for the prisoner, the officer was mortified to find that he had got beyond his reach. Bell was seen on the west Common, about dusk in the evening, covered with blood from head to foot. He is a notorious villain, and has been for many years. He will, no doubt, be taken, and we hope those who assisted in his rescue will also meet with merited punishment.

Dreadful Explosion on the Central Railroad, Ga.

We regret to record a frightful disaster that occurred on the Central Railroad, near station 123, about 2 o'clock, P. M., Wednesday last. We have taken special pains to get the facts, and the following statement may be relied on.

The engine, Maryland, attached to sixteen cars, and on her downward trip, stopped at the station above named, for wood and water. Soon after starting again, her boiler exploded with a terrible crash, killing instantly the engineer and fireman, and seriously scalding the brakeman on the tender.

cident was caused by the carelessness of the engine-man, in allowing the water in the boiler to become exhausted, and then turning in a stream of cold water upon a highly heated furnace.—He has paid the penalty with his life. The loss to the Company is estimated at some \$6,000.

A Remarkable Man.

A correspondent of the Kentucky Statesman gives the following sketch of an old citizen in Palaski county, named Elijah Deny, who is perhaps the oldest man in Kentucky:

"He was one hundred and eighty years of age on the 10th of September, and is as active as many men of forty. He works daily upon a farm, and throughout his whole life has been an early riser. He informed the writer that he had never drunk but one cup of coffee, and that was in the year 1848. He served seven years in the war of the Revolution, and was wounded at the siege of Charleston; he was also at the siege of Savannah, and in the battle of Eutaw Springs. He was also present at the battles of Camden, King's mountain, and Monk's Corner.

DOMESTIC TRAGEDY.—At Chicago, on Wednesday evening, Edgar E. Ingram shot his wife dead with a pistol, and then immediately killed himself with the same weapon. He was thirty years old, and she was scarcely twenty. They had been married five years, and he had treated her so cruelly that she left him and sought refuge with friends. He induced her to take a walk with him that evening, having premeditated the crime. They have a child eighteen months old. Her name was Marion, and she was married at the age of fifteen, at Pittsburg, Pennsylvania. He, though of unhappy temper, was a temperate, industrious man, and provided handsomely for his home.

ATTEMPT TO DESTROY A RAILROAD TRAIN.

A Finnish outrage was committed on the Boston and Lowell Railroad, Saturday afternoon, 10th inst. The Nassau freight train which left this city 2 1/2 o'clock was thrown from the track in Woburn, in consequence of a rail which had been spiked across the track! The engine was badly broken, and the engineer, Mr. Chase, of Lowell, and the fireman, Mr. Hinds, were seriously, if not fatally injured.

THE "COLORED CITIZENS" OF THE FREE STATES.

No inconsiderable element of the northern free is the enthusiastic manner in which the free negroes assist the twin treasons of abolition and bigotry. In such States as confer the right of suffrage upon the blacks, the latter are to a man against the democrats; and the know-nothings of Connecticut, Maine, Massachusetts, and New Hampshire, inaugurated their success a year ago by still further increasing the facilities to "colored citizens," and by building the most offensive barriers between all white men who intended availing themselves of the benefits of our naturalization laws and the right of voting.

Resolved, That the recent aggressions of the slave power, in the admission of Texas, the passage of the fugitive slave act, the admission of slavery into California, the burning of Greytown, the rendition of two unoffending Massachusetts citizens into slavery, the repeal of the Missouri Compromise, the murderous outrages on the persons and property of northern freemen in Kansas, and the scandalous decision of Judge Kane in the Wheeler slave case, all call aloud to the freemen of the North to form a great political party fully committed, without concealment and without compromise, to freedom.

And now for the cap-sheaf to this colored column, furnished in the following extract from the Express, the know-nothing organ at Cleveland, Ohio, which rejoices over the assistance rendered by the negroes to the dark order at the election in that city:

"The colored population generally voted for the American ticket day before yesterday. In this they showed good judgment, and they will have no occasion to regret their action. They rejoice with us in Sam's triumph over a weak, corrupt Nebraska administration; the colored people are natives, and much better citizens than the hordes of Catholic Irish who are yearly flooding to our shores."

The free negro of Ohio is "much better" than the alien-born citizen! This is "American doctrine" in Cleveland. It goes even further than the doctrine of the know-nothing Massachusetts house of representatives, which has passed a bill asserting the equality of negro children with the children of poor white persons, whether native or foreign-born.

Mrs. SWISSELM ON BABY SHOWS.—Mrs. Swisselm has been to a "baby show," and rather intimates, if we can understand her, that she don't quite like them. Here is what she says, at its rate:

"The poor dupes of mothers are to be pitied rather than blamed. Some of them are decent, innocent women, who have no definite idea of the light in which they place themselves, and most are too nearly idiotic to be accountable. But it is not right that humanity should be degraded thus in these persons; nobody expects any respect for humanity from Barum. The parties really to blame for these exhibitions are the city authorities who grant these licenses, and people of ordinary sense who go to see anything so totally devoid of attractions. Ugly,

stupid women, and ordinary, vulgarly-dressed children are no great rarity in this great republic; anybody who gives a quarter to see a lot of them deserves a pair of donkey's ears. The exhibition is akin to the old-modernist shows, and when Barum and Wood visit a city to bring shame on the mothers of it by one of these shows, the sons of that city should see them safely past the suburbs on a pair of rails."

Astonishing effects of one bottle, in an aggravated case of Dyspepsia.

PHILADELPHIA, March 20, 1855. Dear Sir—During the last five years I have been afflicted with Dyspepsia, in its most aggravated form, and have used, without receiving any benefit therefrom, every remedy recommended for that disease. In fact, I was afflicted so badly that on many occasions I was afflicted with a danger of dying from suffocation, in consequence of the rise of matter in my throat, and all my efforts to relieve were in vain. I was at last induced, through the recommendation of several of my friends, to try "Hood's's (Germans Bitters)," and I assure you the amount of relief I have received, from the use of only one bottle, is astonishing, and compels me to say that I would not be without the Bitters for any money, as I am now, through their use, enjoying better health than I have known for many years.

Very respectfully yours, ELIZABETH GAUL, No. 12 Carter's Alley. To Dr. C. M. Jackson. See advertisement.

Palpitation of the Heart, Nervous Diseases, Liver Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredible short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. It contains not a particle of Mercury, Opium, or any noxious drugs; is perfectly harmless, and has cured more than five hundred cases of disease.

We can only refer the reader to certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable. See advertisement.

On the night of the 11th inst., in this Borough, at the residence of her daughter Mrs. John Miller, departed this life, ELIZABETH SARRIS, mother of the late Andrew Sappin in the 75th year of her age. She was carried off by no disease, except what is incidental to the increasing infirmities of advancing age. The deceased was distinguished for her piety and religious habits. Her frequent reception of the sacraments and her constant attendance at Church in all seasons, even under the weight of years, will be long remembered by her friends, and cherished as well grounded hopes of her acceptance with God and of her passage to a blissful immortality. "Thou shalt live with me with the just; with the countenance; at thy right hand are delights even to the end."
