Admiring effects of one bottle, in an aggravated case of Dyspepsia.

PHILADELPHIA, March 20, 1855.
Dear Sir—During the last five years I have been afflicted with Dyspepsia, in its most aggravated form, and have used, without receiving any benefit therefrom, every remedy recommended for that disease. In fact, I was afflicted so badly that on many occasions I was in great danger of dying from suffocation, in consequence of the rise of matter in my throat, and all my efforts or relief were in vain. I was at last induced, through the recommendation of several of my friends, to try "Hoffland's German Bitters," and I assure you the amount of relief I have received, from the use of only one bottle, is astonishing, and compels me to say that I would not be without the Bitters for any money, as I am now, through their use, enjoying better health than I have known for many years.
Very respectfully yours,

Polypitation of the Heart, Nervous Diseases, Liver Complaint, Neuralgia, Dyspepsia, Costiveness and Piles, are all relieved and cured in an incredible short space of time, by Carter's Spanish Mixture, the great tonic and purifier of the blood. It contains not a particle of Mercury, Opium, or any noxious drug; is perfectly harmless, and has cured more than five hundred cases of disease.

We can only refer the reader to certificates, a few of which may be found in another column, and all of which are detailed in full around the bottle. It is the greatest of all Spring and Fall Medicines, and possesses an influence over the blood truly remarkable.

Bedford Academy

AND
FEMALE SEMINARY.

W. W. CAMPBELL, Principal.

The 1st Session of the 5th school year of this Institution will open on Monday morning the 3d day of September. The past history of the Academy will, we trust, be a sufficient guaranty of its future efficiency. The branches taught will be the same as heretofore. To MASTER PRINCIPLES will be considered the most important pursuit of the pupils; and while it will be the constant business of the Instructor to impart knowledge, it will also be his aim to lead his pupils to make a practical application of their acquisitions. To load the mind with innumerable formulas, without causing it to use them, would be like placing a how in a child's hand, without teaching him how to bend it. In fine, it shall be our object, as it has ever been, to lead the pupil to think.
N. B. Instruction in Book Keeping in all its branches, both Single and Double Entry will be given by the Principal. The Class in this study will be so arranged that any young man desiring to pursue this important branch in order to prepare themselves for clerkships can receive it alone. This recitation will receive attention out of the regular school hours. Instruction in this branch will be extra and so charged.

We look forward confidently to the patronage of this community, which has thus far been so generously extended, and by an undiminished assiduity, we hope to merit your support.

Letter from Hon. John Minor Botts, of Virginia.
RICHMOND JULY 9th, 1855.

Messrs. Wm. S. Bess & Co., Gentles.—Congratulations of duty to the afflicted alone prompt me to send on this voluntary testimonial to the great value of Carter's Spanish Mixture, for that almost incurable disease, Scrophula.

Without being disposed of deeming it necessary to go into the particulars of the case, I can say that the astonishing results that have been produced by the use of that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted and the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.
I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for, of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it, in any and every case of Scrophula, with persons for whom I felt an interest, or over whom I could exercise any influence or control.

Respectfully yours,
JNO. M. BOTTS.

Take Notice!
