#### Letter from Rufus Choate.

The following letter from Rufus Choate was received by the Chairman of the Committee of Arrangements at the mass meeting of the G. W. Bowman, Editor and Proprietor. Democracy at Concord on Friday last:

Boston, Wednesday, Sept. 3, 1856. DEAR SIR :- I ought to have thanked you for your letter and invitation before this time, but numerous engagements have hindered me.

It will not be practicable for me to attend the meeting, yet I cannot refrain from saying that, in so much of your creed, and in so much of your organized efforts as are directed to resist and scatter this combination of States against States-a new danger, and more to be dreaded than half a world against us in arms-in this portion of your creed, and this exertion of your energies, I sympathise with you with my whole Charles R. Buckalew. Wilson M'Candless. heart and reason.

I am your obedient servant. REFES CHOATE.

The Old Line Whigs and the Democracy uniting Hund in Hand at the Home of James Buchanan.

Last evening we learned the highly gratifying intelligence, that at the County Convention of the friends of the Union and the Constitution, held in Lancaster yesterday, a most excellent County Ticket was formed. For Congress, that talented and distinguished Old Line National Whig, Hon. ISAAC E. HEISTER, who formerly, represented the Whigs of that County in the House of Reprensentatives, but who was stricken down two years ago by the machinations of Thaddeus Stevens, because of the nationality of his sentiments, and because, like RUFES CHOATE, he would march under no flag, and follow no party that did not keep step to the music of the Union. And of the fifteen names upon the ticket, six are Old Line Whigs, but all. of course, warm friends of James Bu-CHANAN. We rejoice most heartily over this union of the friends of the Union, and trust that on the second Tuesday of October, we shall have the proud satisfaction of seeing Lancaster County occupying the political position which the true interests of her citizens imperatively urge them to assume .- Pennsylvanian, Sept.

### The Methodist Church.

FR. JORDAN & Co. deliberately declare their last issue that the Democrats met on Thursday evening of Court to "ubuse the Methodists." Now, the Methodist Church was not named, either directly or Methodist Church was not harmed, ethate deliberations of that meeting would as soon have thought of abusing their wives as abusing the Methodist or any other Church. So shameful a falsehood as this we have seldom seen in print, and every honorable man in that immense meeting will not fail to proclaim the

But would not these advocates of "free speech, free negroes, and Fremont," be a pretty party to take the Methodist Church into their keeping? About two years since Rev. JOHN A. COLLINS, one of the purest and most distinguished ministers of the Baltimore Conference, considering himself entitled to the "freedom of speech," at least so far as the interests of true religion were concerned, wrote a letter deprecating the interference of the clergy in the polls. the Legislation of the country, which will stand as a monument to his worth and eminent ability until time is no more! In that letter, he predicted what has already come to pass in Kansas and elsewhere, growing out of the incendiary petitions to Congress of the "three thousand" New England Abolition Clergymen, who demanded the abolition of Slavery or Civil War! Mr. C. discarded every thing like politics from his letter in express terms and only pointed out the enormity of an associated clergy seeking to control the action of Congress in violation of the spirit of both the Bible and the Constitution. How was this great letter and this great man then treated by Mr. Jordan's Know Nothing organ? He and his production were referred to in a tissue of the lowest blackguardism, and he was branded as having "written himself down an Ass." And further, these same fellows published some 15 or 20 columns of the lowest balderdash written by some anonymous creature in Hollidaysburg as a reply to the letter of Mr. Collins! Every body in Bedford knows these statements to be true—and yet these are the beauties who now ask to take the Methodist Church under

#### The Case fairly Stated.

When Know Nothingism sprung into existence, and was permitted to take the place of the old whig party, such gentlemen as A. KING, S. L. RUSSELL, and A. K. McCLURE, Esqrs., refused to have any thing to do with the organization, looking lown upon it with the most utter contempt, and de course, they received much applause from the Democratic party for this exhibition of Patriotism. Now, whilst we desire it to be distinctly understood that we view the persons above named as able lawyers, good citizens, and gentlemen of high personal integrity, yet we must be permitted to say that their present position in politics is truly humiliating, the sectional party they advocate being quite the equal of Know Nothingism in all that is odious and anti-republican. Things stand thus:—The Know Nothted Filmore, to which a minority dissented, withdrew, and called another Convention, which brought
forth John C. Fremont. Bedford county took no action in this matter, the Know Nothings having emphatically endorsed the nomination of Filmore. But lo! and behold! a little secret meeting assembled in Woodberry Township (the proceedings were never published) and, professing to speak not only for Bedford county, but for the District, repudiated the nomination of Filmore and determined to have another candidate-accordingly they selected Mr. A. King to represent, in part, the counties of Bedford, Fulton, Franklin, Juniata, and Adams in the Fremont Convention, and now Messrs. King and Russell who utterly refused to affiliate with the Know Nothings, ask them to abandon the regular nominee of their party and go for Fremont, and it is well known. ings, ask them to abandon the regular nominee of their party and go for Fremont, and it is well known Pierce carried lwenty-seven of the thirty-one States of the Union? BREADSTUFFS .- The wheat harvest of the United States this year is estimated at 150,-000,000 bushels, a large surplus above our domestic wants. The export trade, the New York Journal of Commerce estimates at 40,000,000 bushels. Upon this estimate, the export demanded can be filled without creating any unusual excitement, but prices will not be likely
