

has been a glorious triumph for the Democracy. The State has been carried by a majority of about five thousand against all the votes of the opposition combined. It is a victory which will tell on the election in November not only here but elsewhere. It will secure the triumph of Buchanan and Breckenridge in Pennsylvania by a majority of twenty thousand. It will give them the votes of several other Northern States. It will secure their election beyond the possibility of a doubt, and give a death blow to sectional fanaticism for all coming time.—Pittsburg Union.

A SHORT ADDRESS To the People of Bedford County.

The Democratic County Committee of Bedford, congratulates the people of the several Townships of the County, and of all the Counties in the State, upon the unprecedented victory which has crowned our efforts.

The 14th of October, 1856, will henceforward be memorable in our annals.

Assailed from within by enemies of the Constitution, and from without by the assailants of our glorious confederacy, we have nobly triumphed.

Too much credit cannot be given to the manner in which our organization has been perfected and completed.

It is impossible for language to convey the profound gratitude we entertain for our gallant and indomitable friends of every township, who have come up so nobly to the work to assist us in this great struggle—and great triumph.

But our duty is not fully discharged, until we achieve another victory, and final triumph on the 4th of November next.

We have utterly routed the enemies of our free institutions upon the sacred soil from which the Declaration of Independence was proclaimed, and upon which the Constitution of the United States was adopted.

In the hour of victory it is however well to remember that there are other obligations to be fulfilled, and that an organization so complete, so admirable, and so well fitted for any true and generous son of America to take shelter under, must still be adhered to.

Therefore, fellow citizens, persevere in the good work so nobly begun; rejoice over the magnificent triumph you have achieved; and remember that the 4th day of November, now close at hand, is that day upon which you are to consummate the great work on the 14th October, so auspiciously commenced.

Bedford County, belonging to the Southern tier along Mason's and Dixon's line, the great barrier of Slavery, against which the waves of sectionalism have dashed, has maintained her proud integrity. While all the surrounding counties have looked upon her efforts—while all patriotic hearts throughout the State hoped that old Bedford would stand firm in the midst of the terrible imposition imposed on her—while all true men within her borders felt confident of success—she has pursued a noble moderation and an inexorable firmness. She has repelled from her presence the men who have been sent among her population to deceive and betray them.

The great victory we have achieved has sustained our illustrious and beloved BUCHANAN.

Here, in our own county, the torrent of fanaticism has been stayed.

The ennobling sentiment of State pride has done much for us in this contest.

The Platform of the Democratic National Convention upon which JAMES BUCHANAN stands has been vindicated.

And the proud honor of achieving this result belongs not to the old Democratic party alone, which, with reanimated vigor, entered into the contest and pursued it to the end, but we are glad to acknowledge that it has been shared by numbers of National Whigs, who have assisted us with all their energies, and who are henceforward to be counted as our brothers and our compatriots.

From this day until the 4th of November, 1856, let every Union loving voter do his duty.

Let us keep up the fire that now burns so brightly. Let us not be deceived by the idea that the opposition will not make a desperate effort. Fused on the 14th October, and confused by the tremendous and memorable rebuke they have received, for trying to deceive the people, they will seek to shelter themselves by another combination in November.

They are enemies to the country, no matter what name they have, or under what flag they rally.

Those who have professed to be National have sunk their Nationality in an eager desire to defeat the only National party in existence; and those who were sectional, have attempted to postpone or apologize for their sectionalism, in order to win a guilty victory.

The result of the election in our County and State show that the Democrats have nobly done their duty in the late contest, but we must not sleep upon our arms. We must encamp upon the battle field. We must preserve our organization. Let us again adhere to it, by every consideration, to be on the alert. Our adversaries disheartened at the overthrow of their extravagant promises and predictions, and alarmed at the uprising of the National masses, are bewildered at the difficulties which beset their path: We are united, and ardent, and well disciplined. One more fire along the whole line and the day is ours. Up and at them.—Do your whole duty, and another victory more glorious will crown your efforts.

THE PLAIN TRUTH.

Hon. George S. Hillard, an old-line whig and supporter of Fillmore, in his speech in the Massachusetts Whig Convention, said that the difficulty about Kansas was that "it was a card in the hands of politicians during the whole campaign. When the truth about Kansas is known," said he, "you will find that some of the men who have been most LOUD IN DENOUNCING the Kansas outrages have been THE MOST VIGOROUS IN PREVENTING the measures which were calculated to give peace to that Territory."

The "purchasable material has all been bought." That's so. Wonder how much the Bedford County Filmore stock brought in the Fusion market? Perhaps the Jordan Firm can tell!

The Fraud Unveiled!
JORDAN OPENLY ADVOCATING FUSION!
The Filmore Party Sold!

By the published proceedings of the Filmore and Fremont Committees which met at Harrisburg on the 16th inst. we learn that they were unable to fix upon a union platform, and adjourned to meet at Philadelphia on the following day. The different factions, however, did not meet together, but had three separate head quarters. After forming committees to wait on each other, and offering divers resolutions to use to "beat Buchanan," we discover that they succeeded at last in fusing in part, and in part they did not.

According to the North American, the Fremont paper in that city, which publishes the Fusion Abolition Amalgamation Ticket, we find that the Fremont men—the North American Know Nothing Fremont men, (Gov. Johnston's faction)—and a portion of the Filmore men proper, fused!

Among these latter gentlemen we find "fine looking," the Honorable Fr. JORDAN, Esquire, Chairman of the Filmore county Committee for Bedford county! who exerted all his beautiful proportions to throw the man he had pledged himself to support!

Jordan was chairman of one of these fusion Committees, and offered an amendment to a resolution repudiating a union with Fremont in these words:

BY FR. JORDAN:
Resolved, That if the friends of Fremont can Electoral Ticket, at the ensuing election, we are willing that said Ticket may cast the Electoral vote of the State for FREMONT & Dayton in case it will defeat Mr. Buchanan, and will not elect Filmore & Donelson, if given to them."

Now, if there are any honest Filmore men (and we know there are many) we ask them to consider with care the vile conduct of their self-constituted leader, Fr. Jordan. We told you, and warned you long ago, not to put your trust in him—that he would betray you—and now the fact stares you so plainly in the faces as to leave no room for doubt. He is and has been a Fremont man at heart ever since the canvass opened; and we see that his bosom friend, who aided him in making woolly speeches in this county, (Wm. H. Koonz), voted side by side with him in favor of this amendment, which was indignantly voted down by the sincere friends of Filmore!

Mr. Jordan's only ambition was to defeat Mr. Buchanan, and to effect this, he was willing that the Filmore Electoral Ticket should vote for Fremont & Dayton, Fred Douglas or any other Negro, so that it would defeat Mr. Buchanan, the greatest Statesman of the age, and one of the purest men upon the face of the earth.

We charged upon Jordan & Co. the fact that they were Fremont men in disguise, and now we have their own acts and resolutions in proof of all we said. We charged upon the Filmore Party that some, if not all their electors, were Fremont men. They bitterly denied the charge, and yet we see one Caleb N. Taylor, who was on the Filmore Ticket, now on the out-and-out Fremont Ticket. Here is the lie nailed upon them by their own documents, and the truth of our charges fully vindicated. Who else do we see on this beautiful Fremont Ticket? One Simon Cameron, once a fishy Democrat, then a Whig, next a Know Nothing, and now a woolly-head. He is on the ticket, too. But here, on the face of the proceedings, turns up Jordan again. On a resolution to fuse, according to the plan proposed in the call for a fusion Convention, that is, to place 13 Filmore men and 13 Fremont men on the ticket, we find the same said "fine looking" Fr. Jordan voting for it.

The whole object of that conglomerated crew, as their resolutions and proceedings show, was expediency, fusion, union, any thing for success, and nothing for principle.

Freemen of Bedford county and of Pennsylvania will you be trifled with in this way any longer? You will not. And, like honest men and Patriots, hundreds of you will pay Mr. Jordan & Co. by turning your backs upon them—you will come out from amongst the isms, cliques and factions which now degrade and disgrace the country, and array yourselves on the side of BUCHANAN and the Union. We cordially invite you to do so.

In order to understand fully the enormity of Mr. Jordan's course, it will only be necessary to read the following articles which we copy from the Daily News, the organ of Filmore in Philadelphia:

RAVINGS OF A BLACK REPUBLICAN.—The New York Herald, one of the leading Republican organs, denounces the American Filmore party as "the meanest, bloodiest and most diabolical of all the black catalogue of human abominations—a base-born faction of desperate demagogues, unscrupulous adventurers, and RECKLESS RUFFIANS." Of Mr. Filmore himself the Herald says he "is a disbeliever in the vital principles of Christianity, a sympathizer with the teachings of Tom Paine."

The Harrisburg Herald will remark that the hiring scribbler who gives utterance to these foul slanders upon a large body of American citizens, is himself one of the most notorious blackguards in the country, and is a fit subject for the position he occupies as organ of the fanatical hosts who rally under the Black Republican flag. If these insults do not recoil with fearful effect upon the authors, we very greatly mistake the spirit of the men who constitute the American

From the Philadelphia News.
What Fremont Thinks of his Filmore Allies in Pennsylvania.
The New York Herald of Thursday spoke out freely its mind, and, no doubt, the mind of its candidate in regard to their Filmore allies in Pennsylvania. The telegraphic returns received on Wednesday evening satisfied the Herald that the Fusion ticket had succeeded, and in a delirium of joy, Bennett announced the result, and proceeded to show reasons why the Fremont majority was not much larger than ten thousand, as he then claimed it to be. Hear him, you Filmore men, who have contributed your votes to aid the cause of Fremont:—

"But the great cause of the small Republican majority in Pennsylvania is in the fact that they fought the battle on a false party organization and upon false issues. Know-Nothingism was the dead weight which nearly broke the camp's back in Pennsylvania. On the contrary in Ohio, Vermont, Maine, Connecticut, Ohio and Indiana, where the Fremont party kicked this mischievous-making monstrosity of Know-Nothingism out of doors, and fought the fight upon the simple issues of hostility to this Pierce administration and this rotten nullification Democracy, and of hostility to the Democratic policy of making Kansas a slave State by fire and sword, they have carried everything before them.

"This was the course, and is now the only course, for the opposition party to pursue in Pennsylvania. Let them rid Fremont of this dead carcass of Know-Nothingism—let them put up a clean Fremont electoral State ticket—and fight the battle upon the great living issues of the day, between the constitutional policy of Fremont, and the nullification, filibustering, and border-ruffian pro-slavery policy of debauched Democracy. Next, having done this, let the Fremont party, thus purified and liberated from the dead weight of a dead body, proceed to organize, circulate documents, and papers, and speakers, and judicious agents in behalf of floating votes, in every hole and corner of the State, and then, on election day, three weeks hence, with the reserved vote of ten thousand men of the quiet and religious old settlers of Pennsylvania in November, instead of being five or ten thousand majority, as shown by the returns of this morning, will be made a glorious victory for Fremont of twenty or thirty thousand."

When Bennett finds that the Democrats have carried Pennsylvania and Indiana, and half the Congressmen in Ohio, he will be more savage than ever on his Filmore allies.

Father of Lies!
The Philadelphia News, [Filmore] in reply to an article in the Fremont organ of that city, in the issue of Oct. 16, speaks of the Black Republicans as follows:
"With that inherent leathery which compels a man to keep considerably out of his way to avoid the filth and stench that is thrown across his path, we have endeavored, uniformly, to avoid reference to the bribed organ, and we refer to it now simply for the purpose of saying that, had the News prostituted itself for MONEY as did that Journal, and had its editors and conductors so disgraced every attribute of their nature, as did those connected with that representative of modern barlory, we should blush every time we met an honest man face to face. We have only to add that there is no controversy with the NIGGER organ. There are no decent men connected with it; the whole crew belong to the Father of Lies, and the only impulse of its existence is blackguardism."

And this is the party that Mr. Jordan is anxious to see at the head of our glorious Government.

Predictions of Fr. Jordan & Co.
For the last three months the people of Bedford county have been entertained with a stereotyped edition of slang similar to the following, which is to be found in the abolition organ of the place. Another book of humbug, of the same sort, will be issued between this and the next election. The dose, however, will be repulsive even to the strongest of the woolies:
"Pennsylvania will speak in thunder tones in October. That's so!"
"Adam Barnhart will receive such a vote as will triumphantly elect him over any man in the opposition ranks, and very easily over A. J. Snively!"
"A party made up of such men as Griffith and Barnhart cannot but be successful!"
"Wm. Griffith having given way to Adam Barnhart, the Locos may prepare themselves for an overwhelming defeat!"
"The only way we can see by which the Buchanans can prevent defeat, is to look the impending danger in the face, and withdraw Buchanan!"
"Mr. Punroy will run ahead of his ticket, notwithstanding the unblushing lies of the Gazette, and will leave Reilly so far behind as never to be heard of!"
"Joseph Punroy, our candidate for Congress, paid us a visit. No one doubts his election!"
"The spirit of 1840 is upon us—and the old coon is on the trail!"
"Griffith will be elected Judge notwithstanding their lies!"
"The fate of Buchanan is sealed in Indiana!"
"John Cessna next addressed the meeting, exposing certain gentlemen who had denied their connection with the Know Nothings. This speech made from 2 to 6 votes against Buchanan in the Borough, and several in the township! Gain in the Borough for Democracy 63!—in the Township 19!"
"We have conversed with persons from every part of Bedford county during the past week, and are confident that the K. N. Ticket will be elected by not less than 300, and it may be much larger."

A gentleman from Frederick, Md. Mr. ARMOUR, a democratic lawyer, of that city, also addressed the Freemen of Southampton at the above meeting, and made a highly favorable impression in that community. He is spoken of in exalted terms by those who heard him.
Mr. Jordan, raising himself on tip-toe, "looking fine," of course, propounded to the people of Southampton that the majority for the "Union Ticket" on the 14th of October would be at least THIRTY Thousand, on which declaration he was willing to stake his political reputation. He only missed the mark by about thirty-six thousand. When will he propy again? When?

DEMOCRATIC MEETING.
The Democrats of Bedford Township and the surrounding county will meet at Barley's School House in said Township Thursday, 30th day of October inst. at 1 o'clock in the afternoon. Messrs. CESSNA, TATE, and others will address the meeting. All in favor of our glorious Union are respectfully invited to attend. Let Bedford Township resolve to give 100 majority for Buchanan and the Union, and she can do it.

Bribery Fund.

Now that the great October contest is over, and the Fusionists sent up Salt River, some rich developments are being made. The New York Herald of the 17th inst. the Fremont organ in that city, makes the following startling exposure:

"We understand that there was sent into Pennsylvania from this city and elsewhere, an aggregate of about ONE HUNDRED THOUSAND DOLLARS, of the disbursement of which we would like to see some satisfactory report, especially from the FILMORE disbursing agents in Pennsylvania. We learn that some \$20,000 of this money was to be applied to the subsistence of various poor newspaper editors in the interior of the State; but that while \$2,000 of the fund were appropriated to this useful purpose, the remaining \$18,000 were probably divided among the confederate agents of the distribution."

The twenty thousand dollars set apart for "poor editors" was intended to bribe democratic newspapers, but it was no go! A democratic German editor in Northampton was offered five thousand dollars to take down Buchanan and run up Fremont! He exposed the bribers, and this put an end to that part of the subject. The hundred thousand was then applied to the corruption of voters—and this is why our amalgamated opponents, who were in the secret, felt so confident of success.

The Buchanan Club of Bedford Borough met at the Court-House on last Saturday evening, and was addressed by Messrs. Hartley, of Gettysburg, Texas, Hall, Shannon, Bowman and Tate, amidst the most unbounded enthusiasm. A. J. BAYLOR, one of the most prominent men in the K. N. ranks (having been elected by that party Judge of the Election,) boldly came forward and enrolled his name as a member of the Buchanan Club, which called forth three hearty cheers from the crowd. To show Mr. Baylor's standing in Bedford, it is only necessary to say that he was selected as the Return Judge to Chambersburg by the Convention which met in Bedford on last Friday. No matter how high a man stands in the K. N. ranks, he is branded as beneath the notice of a dog as soon as leaves the foul conspiracy.

The following beautiful little Poem on the "National Washington Monument" is from the pen of a Lady, and will be read with interest. That beautiful structure, we regret to learn, has been entirely neglected ever since it was taken charge of by the Know Nothings, hence the antedated appeal is a just and patriotic appreciation of its intrinsic value to the American Nation:

NATIONAL MONUMENT.
Though Sculpture may adore the Land
With Tropics from a Master's hand
E'en Parian Marble must be cold
The Angels the Structure mould,
No Artist may infuse the Fire,
Enkindled in our Patriot Sire;
The Breathings of the Deity,
The hallow'd spirit of the Free;
The presence of the God-like mind
Irradiating all mankind,
The impulse of the Free born soul,
No Human being may control,
That would Enrol the Sons of Earth
In one great Brotherhood by Birth,
Unsuited by a venal stain,
Freaks Link'd in Freedom's chain.
'Tis in the Pulses of the Heart
That Nature Triumphs over Art,
Graved on the Altar of the Free,
To Washington and Liberty.
The spirit of the Sacrifice
Arising to the upper skies,
Breathing upon the Martyr'd Dead
Who in the cause of Freedom bled,
The license of that sacred Fire
That fill'd his soul with high desire,
When, he refused the Regal Throne,
The Sovereign of the Free alone,
Above Tenation, his renown,
Was centered in the People's crown,
The God-like sentiment his own,
"The People constitute the Throne."
The People who alone sustain
The Rights of Man, deserve to Reign—
But why should his proud Colossal stand
Unfinished, in his Native Land,
When Millions of the Free would lend
A Tribute to the Nation's friend,
Where are the Patriots of the age,
The gifted Statesman and the sage,
Do they not heir from sea to sea
The glorious boom of Liberty?
The prize our valiant Fathers won
Through their great Leader, Washington.
Not thus, the Hero's Shaft, must rise,
In Towering grandeur to the skies,
A Pure Design, in every Part,
A finish'd Monument of Art,
A structure worthy of the Free,
To Washington and Liberty—
The Native Talent of the West,
By Mills, the Architect impressed,
A Tribute, worthy of his name,
This, son of Genes, adds to Fame—
Two Patriot States have led the way,
The Nation's Work, why thus delay!
The noble State of Maryland,
The first to take the work in hand,
But when the Sisterhood combine
The Nation's Monument must shine,
The Glory of the Western clime,
The Beacon of a Future age,
The Triumph of the Patriot Sage,
Redeem the Time while yet we may,
And let the Captions crown the day:
While yet, our Compeer shall remain
To shout his gallant Leader's name,
Plant on its dazzling summit's height
Our Starry Constellation's Light,
Its gorgeous Blazonry, display,
Illumined by the God of Day;
The Emblem of our Liberty,
The glorious Banner of the Free;
Long may it wave, o'er Land and Sea,
The Beacon of a Nation's Birth
The Constellation of the Earth.

TOO FAST.
The Harrisburg Telegraph and Philadelphia News of the 16th inst. together with most of the papers on that side of the house, resting under the delusion that they were the victors, enjoyed themselves in heralding to the world columns of stuff like this:
"The Victory Ours—The Loco Foco expiring—Buchanan a Dead Cock in the Pit—Pennsylvania O. K.—Buchanan is now out of the contest, &c. &c." The Telegraph wrote a labored article to show that as Pennsylvania goes so goes the Union. He showed too, that the party carrying the October election invariably increased the majority at the November election. And that's so, too—and we'll do it by thousands!

Wonder what Dr. Duffield will do with the FREMONT saddle-bags now?

Our Glorious Victory! Pennsylvania O. K.

The result of the late election, although the official returns have not all been received, show that the Democratic State Ticket has been elected over the combined isms, by a clean majority of between 4 and 7,000.

The Legislature stands 72 Democrats to 61 Abolitionists. Democratic majority on joint ballot 11, which secures a democratic U. S. Senator, and State Treasurer.

We have elected 15 of the 25 members of Congress. We have carried the State of Indiana by 7000 majority. All the 40 electoral votes of Pennsylvania and Indiana to the southern States CERTAIN for and conceded to Mr. Buchanan, and he has 11 votes more than is necessary to elect him! The result in Pennsylvania will settle the question in New York, Rhode Island, Connecticut, New Hampshire, New Jersey, Michigan, Illinois, California and Wisconsin. Add these States to those certain for Buchanan, and he has 212 votes out of the 296 composing the electoral colleges, and next Tuesday, week, will endorse the prediction. Let all Patriots rejoice that our glorious Union has been saved from the hands of the spoliators.

WILSON REILLY
Our gallant standard-bearer is elected to Congress by about 600 majority. He carried every county in the District! What now becomes of his filthy assailants!

BEDFORD COUNTY ERECT!
We will publish the official table next week. In the meantime we invite attention to the gallant manner in which all the townships discharged their duty. Nobly did the Democracy maintain their pledges as to what they could and would do:

A Penitentiary Bird.
The Philadelphia News of October 21, speaking of the Philadelphia correspondent of the New York Herald, a FREMONT paper, brands him as one who "has but recently escaped from the Penitentiary in the pay of the New York FREMONT wire-pullers to manufacture falsehoods against the friends of Filmore and Donelson."

Freemen of Bedford county, vote for JAMES BUCHANAN—a clean Ticket—have nothing to do with "Penitentiary Birds." We beat them when united, and now that they are hopelessly divided, every vestige of hope is taken from them. Rally for Buchanan and the Union, and you're sure to win the day.

The Colonel said:
