

Protest against the Bill for the Sale of the Main Line.

The undersigned place on the Journal of the Senate the reasons for voting against the passage of the House bill No. 852, (re-print on Senate file No. 1127), entitled "An Act for the sale of the Main Line of the Public Works."

1st. Because, although professing to offer the Main Line to the highest bidder, the bill discriminates so largely in the conditions of sale, terms of payment, and the exemption from taxation, in favor of the Pennsylvania Railroad company, as almost to exclude bona fide competition. And yet it empowers irresponsible individuals to bid for the purpose of speculation, by authorizing them, if they should become the purchasers, "to assign and transfer their right to the said Main Line, under said purchase, to any Railroad or Canal company created by the laws of the Commonwealth." The privilege of transfer, under such circumstances, without increasing competition, gives color to the assertion that the bill has been so framed as to enable private parties—now engaged in procuring their services.

2d. Because, although the bill purports to be a sale of the Main Line, it, in reality, more resembles a gift to the Pennsylvania Railroad Company, if that company should obtain it on the terms proposed. The extraordinary extension of credit, the low rate of interest, the release of the tonnage tax, and the exemption, moreover, from all other taxation or duties for State purposes, will enable that company to liquidate every dollar of the purchase money before the last payment shall be made, by merely appropriating, for that purpose, the taxes from which they are thus released.

3d. Because the release of the tonnage tax is not accompanied with such a limitation upon the future rate of dividends of said company, as will cause said release to inure to the benefit of the trade and commerce of the State. Such a limitation would be in accordance with the original design of the enterprising citizens of Philadelphia and Pittsburg, and of the various municipalities who subscribed so liberally to the Pennsylvania Railroad Company, not expecting or desiring large dividends upon their investments, but to promote the great public objects above referred to.

4th. Because the bill provides that in the event of the Pennsylvania Railroad company becoming the purchaser, said company shall not only be exempt from the tonnage tax, now amounting to \$226,000 per annum, but that in addition, it shall be released from the payment of all other taxes or duties to the Commonwealth on its capital stock, bonds, dividends or property. The latter amount from which the Pennsylvania Railroad company would be thus relieved, may be moderately estimated at one hundred thousand dollars a year.

Such an exemption from taxation is not only without precedent, but should be deprecated as establishing an exceedingly dangerous one; and is in violation of that principle of equality of taxation so fundamental in our form of government.

5th. Because the bill does not contain a sufficient guarantee that the Western division of the Main Line shall be kept in good repair and operating condition; thus establishing an invidious distinction between the Eastern and Western portions of the State, although both have contributed proportionally to the burden of constructing and maintaining the entire line.

6th. Because the bill does not require that the President and Directors of the company, purchasing said line, should be citizens and residents of the State. The importance of such a requirement is manifest from the fact, that under our general law, only a majority of the Directors of Canal and Railroad companies need be resident citizens; and by some special charters even a majority is not necessary. In fact, the management of several of these companies is located entirely out of the State. Thus, by the provisions of this bill, the Main Line may pass into the hands of those whose rival interests and feelings would not afford any guarantee that it would be managed so as to subserve the great objects of its construction.

7th. Because, if the Pennsylvania Railroad company should become the purchaser, there should be a provision, that the State, or the cities of Philadelphia and Pittsburg, shall retain a voice in the direction of the affairs of the Consolidated Line, irrespective of, and although they may part with, the stock now held by them in said company. So important a work should not be managed as much with reference to the interests of stockholders, as to those great public objects of trade and commerce already referred to.

8th. Because the charter of any company purchasing said Main Line is made and declared perpetual; and there is not such a proper or sufficient reservation of legislative control as to enable the Legislature, in the future, to protect the general interests of the Commonwealth and her citizens.

T. A. HURLEY'S SARSAPARILLA.
OF all the remedies that have been discovered during the present age, this wonderful preparation is held to be the most equal to the wonderful preparation—Only three years have elapsed since the discoverer (who spent a decade in studying, experimenting, and perfecting it) first introduced it to the public, and it is already recognized, by the most eminent physicians in all parts of the country, to be the most surprising and effective remedy for certain diseases of which they have knowledge.

All other compounds, or syrups of the root, have hitherto failed to command the sanction of the faculty, because, on being tested, they have been found to contain noxious ingredients which neutralize the good effects of the Sarsaparilla, and often times injure the health of the patient. It is not so with Hurley's preparation.

This is the pure and genuine extract of the root, and will on trial, be found to effect a certain and perfect cure of the following complaints and diseases:—
Affecting of the Bones, Habitual Constiveness, Indigestion, Diseases of the Kidney, Liver Complaints, Dropsy, Pulmonary Disease, Female Irregularities, Serofia or King's Evil, Syphilis, and all Skin diseases.

Besides curing the above, it is also known to be a great and powerful tonic, purifying the blood and invigorating the system. In short, it is, without exception, in the cases mentioned, and its general effect on the system, the most efficacious and at the same time the most desirable remedy of the age. It is already extensively used throughout the country and is fast obtaining an European reputation. The instances of cures it has effected are daily coming to the proprietors' knowledge, and he has no hesitation in recommending it to one and all who desire permanent relief from suffering. One bottle being tried, its effects will be too apparent to admit of further doubt.

Recollect Hurley's Sarsaparilla is the ONLY GENUINE ARTICLE in the market.
Price \$1 per bottle, or six for \$5.
This medicine can be procured at all extensive Drug Houses.
