

**Protest against the Bill for the Sale of the Main Line.**

The undersigned place on the Journal of the Senate the reasons for voting against the passage of the House bill No. 852, (re-print on Senate file No. 1127), entitled "An Act for the sale of the Main Line of the Public Works."

1st. Because, although professing to offer the Main-Line to the highest bidder, the bill discriminates so largely in the conditions of sale, terms of payment, and the exemption from taxation, in favor of the Pennsylvania Railroad company, as almost to exclude bona fide competition. And yet it empowers irresponsible individuals to bid for the purpose of speculation, by authorizing them, if they should become the purchasers, to assign and transfer their right to the said Main Line, under said purchase, to any Railroad or Canal company created by the laws of the Commonwealth.

2d. Because, although the bill purports to be a sale of the Main Line, it, in reality, more resembles a gift to the Pennsylvania Railroad Company, if that company should obtain it on the terms proposed. The extraordinary extension of credit, the low rate of interest, the release of the tonnage tax, and the exemption, forever, from all other taxation or duties for State purposes, will enable that company to liquidate every dollar of the purchase money before the last payment shall be made, by merely appropriating, for that purpose, the taxes from which they are thus released.

3d. Because the release of the tonnage tax is not accompanied with such a limitation upon the future rate of dividends of said company, as will cause said release to enure to the benefit of the trade and commerce of the State. Such a limitation would be in accordance with the original design of the enterprising citizens of Philadelphia and Pittsburg, and of the various municipalities who subscribed so liberally to the Pennsylvania Railroad Company, not expecting or desiring large dividends upon their investments, but to promote the great public objects above referred to.

4th. Because the bill provides that in the event of the Pennsylvania Railroad company becoming the purchaser, said company shall not only be exempt from the tonnage tax, now amounting to \$226,000 per annum, but that in addition, it shall be released from the payment of all other taxes or duties to the Commonwealth on its capital stock, bonds, dividends or property. The latter amount from which the Pennsylvania Railroad company would be thus relieved, may be moderately estimated at one hundred thousand dollars a year.

Such an exemption from taxation is not only without precedent, but should be deprecated as establishing an exceedingly dangerous one; and is in violation of that principle of equality of taxation so fundamental in our form of government.

5th. Because the bill does not contain a sufficient guarantee that the Western division of the Main Line shall be kept in good repair and operating condition; thus establishing an invidious distinction between the Eastern and Western portions of the State, although both have contributed proportionally to the burden of constructing and maintaining the entire line.

6th. Because the bill does not require that the President and Directors of the company, purchasing said line, should be citizens and residents of the State. The importance of such a requirement is manifest from the fact, that under our general law, only a majority of the Directors of Canal and Railroad companies need be resident citizens; and by some special charters even a majority is not necessary. In fact, the management of several of these companies is located entirely out of the State. Thus, by the provisions of this bill, the Main Line may pass into the hands of those whose rival interests and feelings would not afford any guarantee that it would be managed so as to subserve the great objects of its construction.

7th. Because, if the Pennsylvania Railroad company should become the purchaser, there should be a provision, that the State, or the cities of Philadelphia and Pittsburg, shall retain a voice in the direction of the affairs of the Consolidated Line, irrespective of, and although they may part with, the stock now held by them in said company. So important a work should not be managed as much with reference to the interests of stockholders, as to those great public objects of trade and commerce already referred to.

8th. Because the charter of any company purchasing said Main Line is made and declared perpetual; and there is not such a proper or sufficient reservation of legislative control as to enable the Legislature, in the future, to protect the general interests of the Commonwealth and her citizens.

- WILLIAM WILKINS, N. B. BROWN, JOHN CRESSWELL, JR., WILLIAM H. WELSH, JAMES H. WALTON, HENRY FETTER, THOMAS P. KNOX, JOSEPH LAUBACH, JONATHAN ELY, GEORGE P. STEELE, JOHN C. EVANS, GEORGE W. BREWER, RICHARDSON WRIGHT.

T. A. HURLEY'S SARSAPARILLA.  
OF all the remedies that have been discovered during the present age for the "thousand ills that flesh is heir to" none equal this wonderful preparation. Only three years have elapsed since the discoverer (who spent a decade in studying, experimenting, and perfecting it) first introduced it to the public, and it is already recognized, by the most eminent physicians in all parts of the country to be the most surprising and effective remedy for certain diseases of which they have knowledge.

All other compounds or syrups of the root, have hitherto failed to command the sanction of the faculty, because, on being tested, they have been found to contain noxious ingredients which neutralize the good effects of the Sarsaparilla, and often times injure the health of the patient. It is not so with Hurley's preparation.

This is the pure and genuine extract of the root, and will on trial, be found to effect a certain and perfect cure of the following complaints and diseases:

- Affections of the Bones, Debility, Diseases of the Kidneys, Dropsy, Erysipelas, Female Irregularities, Fits, Habitual Constiveness, Indigestion, Liver Complaints, Piles, Pulmonary Diseases, Scrofula or King's Evil, Syphilis.

And all Skin diseases. Besides caring the above, it is also known to be a great and powerful tonic, purifying the blood and invigorating the system.

In short, it is, without exception, in the cases mentioned, and its general effect on the system, the most efficacious as it is the most desirable remedy of the age. It is already extensively used throughout the country and is last obtaining an European reputation. The instances of cures it has effected are daily coming to the proprietors knowledge, and he has no hesitation in recommending it to one and all who desire to procure relief from suffering. Notice being tried, its effects will be too apparent to admit of further doubt.

Recollect Hurley's Sarsaparilla is the ONLY GENUINE ARTICLE in the market.  
Price \$1 per bottle, or six for \$5.  
This medicine can be procured at all extensive Drug houses.

**AYER'S CATHARTIC PILLS.**  
A new and singularly successful remedy for the cure of all Bilious diseases—Constiveness, Indigestion, Jaundice, Dropsy, Inflammation, Fever, Head, Hemorrhoids, Nervousness, Irritability, Intoxication, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c., &c. These very low are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless and effectual Cathartic were more freely used. No person can feel well with a costive habit of body, or a bilious disposition. It soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is Ayer's Cathartic Pills, and it is the only one that is so safe, so effective, and so pleasant. It is a true and reliable family medicine, and is the first importance to the public health, and this Pill has been first introduced into the world by Dr. J. C. Ayer, of Lowell, Mass., and is now prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and is sold by all the leading Druggists and Dealers in the United States. Did space permit, we could have inserted certificates from all parts where the Pills have been used; but experience ever convinces that the experience of eminent public men is found in their actions. These Pills, the result of long investigation and study, are offered to the public as the best and most complete within the present state of medical science. They are composed of a choice of the most valuable and medicinal virtues of the Vegetable Kingdom, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of compounding for medicines has been found in the Cherry Pits and Pills, both to possess a more efficient remedy than had hitherto been obtained by any process. The process is perfectly simple. While by the old mode of compounding, every medicine is furnished with some of its active and injurious qualities, by this each individual virtue only is desired for the purpose which it is to perform. All the inert and obnoxious qualities of such substances employed are left behind, the carative virtues only being retained. Hence it is evident that the effects should prove, as they have proved, more speedy, remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently evident that many medicines should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without having had its composition, I have suggested the mode herein, by which both my Personal and Pills are made to the whole body of Practitioners in the United States and Europe, and to all who are desirous of procuring them for any one who has not received them, they will be promptly forwarded by mail to his request.
