

Protest against the Bill for the Sale of the Main Line.

The undersigned place on the Journal of the Senate the reasons for voting against the passage of the House bill No. 552, (re-print on Senate file No. 1127), entitled "An Act for the sale of the Main Line of the Public Works."

1st. Because, although professing to offer the Main Line to the highest bidder, the bill discriminates so largely in the conditions of sale, terms of payment, and the exemption from taxation, in favor of the Pennsylvania Railroad company, as almost to exclude bona fide competition. And yet it empowers irresponsible individuals to bid for the purpose of speculation, by authorizing them, if they should become purchasers, to assign and transfer their right to the said Main Line, under said purchase, to any Railroad or Canal company created by the laws of the Commonwealth. The privilege of transfer, under such circumstances, without increasing competition, gives color to the assertion that the bill has been so framed as to enable private parties—now engaged in procuring this legislation—to purchase merely for the purpose of selling at an advance, as an indemnity for their services.

2d. Because, although the bill purports to be a sale of the Main Line, it, in reality, more resembles a gift to the Pennsylvania Railroad Company, if that company should obtain it on the terms proposed. The extraordinary extension of credit, the low rate of interest, the release of the mortgage tax, and the exemption, however, from all other taxation or duties for State purposes, will enable that company to liquidate every dollar of the purchase money before the last payment shall be made, by means of appropriating, for that purpose, the taxes which they are thus released.

3d. Because the release of the mortgage tax is not accompanied with such a limitation upon the future rate of dividends of said company, as will cause said release to ensure to the benefit of the trade and commerce of the State. Such a limitation would be in accordance with the original design of the enterprising citizens of Philadelphia and Pittsburg, and of the various municipalities who subscribed so liberally to the Pennsylvania Railroad Company, not expecting or desiring large dividends upon their investments, but to promote the great public objects above referred to.

4th. Because the bill provides that in the event of the Pennsylvania Railroad company becoming the purchaser, said company shall not only be exempt from the mortgage tax, now amounting to \$226,000 per annum, but that in addition, it shall be released from the payment of all other taxes or duties to the Commonwealth on its capital stock, bonds, dividends or property. The latter amount from which the Pennsylvania Railroad company would be thus relieved, may be moderately estimated at one hundred thousand dollars a year.

Such an exemption from taxation is not only without precedent, but should be deprecated as establishing an exceedingly dangerous one; and is in violation of that principle of equality of taxation so fundamental in our form of government.

5th. Because the bill does not contain a sufficient guarantee that the Western division of the Main Line shall be kept in good repair and operating condition; thus establishing an invidious distinction between the Eastern and Western portions of the State, although both have contributed proportionally to the burden of constructing and maintaining the entire line.

6th. Because the bill does not require that the President and Directors of the company, purchasing said line, should be citizens and residents of the State. The importance of such a requirement is manifest from the fact, that under our general law, only a majority of the Directors of Canal and Railroad companies need be resident citizens; and by some special charters even a majority is not necessary. In fact, the management of several of these companies is located entirely out of the State. Thus, by the provisions of this bill, the Main Line may pass into the hands of those whose rival interests and feelings would not afford any guarantee that it would be managed so as to subserve the great objects of its construction.

7th. Because, if the Pennsylvania Railroad company should become the purchaser, there should be a provision, that the State, within the cities of Philadelphia and Pittsburg, shall retain a voice in the direction of the affairs of the Consolidated Line, irrespective of, and although they may not be with, the stock now held by them in said company. So important a work should not be managed as much with reference to the interests of stockholders, as to those great public objects of trade and commerce already referred to.

8th. Because the charter of any company purchasing said Main Line is made and declared perpetual, and there is not such a proper or sufficient reservation of legislative control as to enable the Legislature, in the future, to protect the general interests of the Commonwealth and her citizens.

- WILLIAM WILKINS, N. B. BROWN, JOHN CRESSWELL, JR., WILLIAM H. WELSH, JAMES H. WALTON, HENRY FETTER, THOMAS P. KNOX, JOSEPH LAUBACH, JONATHAN ELY, GEORGE P. STEELE, JOHN C. EVANS, GEORGE W. BREWER, RICHARDSON WRIGHT,

CABINET MAKING BUSINESS.

The subscriber would respectfully announce to the citizens of Bloomsburg, and the public generally, that he still continues to carry on the Cabinet-Making Business in all its various branches, at his old stand in the West end of the Run, immediately opposite the store of Capt. Wm. States, where he is prepared to make furniture of every kind, either plain or ornamental, on reasonable terms. Persons commencing house-keeping, can be supplied on short notice with every article of furniture they may desire.

MORTZ KLAHRE.

Bloomsburg, May 22, 1857.

NOTICE.

All persons are cautioned against selling, buying, or otherwise trafficking upon my farm in Bedford Township, as I will prosecute any who do so without leave, without respect to persons.

PHILIP ZIMMERS.

June 19, 1857.

Purify Your Blood. The Wonder of the Nineteenth Century. Important and of great Consideration to the Suffering.

T. A. HURLEY'S SARSAPARILLA. OF all the remedies that have been discovered during the present age for the "thousand ills that flesh is heir to," none equal this wonderful preparation. Only three years have elapsed since the discoverer (who spent a decade in studying, experimenting, and perfecting it) first introduced it to the public, and it is already recognized, by the most eminent physicians in all parts of the country, to be the most surprising and effective remedy for certain diseases of which they have knowledge.

All other compounds or syrups of the root, have hitherto failed to command the sanction of the faculty, because, on being tested, they have been found to contain noxious ingredients which neutralize the good effects of the Sarsaparilla, and often times injure the health of the patient. It is not so with Hurley's preparation.

This is the pure and genuine extract of the root, and will on trial, be found to effect a certain and permanent cure of the following complaints and diseases: Affections of the Bones, Habitual Costiveness, Indigestion, Liver Complaints, Piles, Dyspepsia, Pulmonary Diseases, Female Irregularities, Scrofula or King's Evil, Syphilis, And all skin diseases.

Besides curing the above, it is also known to be a great and powerful tonic, purifying the blood and invigorating the system. In short, it is, without exception, in the cases mentioned, and its general effect on the system, the most efficacious as it is the most desirable remedy of the age. It is already extensively used throughout the country and is just obtaining an European reputation. The instances of cures it has effected are daily coming to the proprietors knowledge, and he has no hesitation in recommending it to one and all who desire to procure relief from suffering. One bottle being tried, its effects will be too apparent to admit of further doubt.

Recollect! Hurley's Sarsaparilla is the ONLY GENUINE ARTICLE in the market. Price \$1 per bottle, or six for \$5. This medicine can be procured at all extensive Drug Houses. July 4, 1856—17.

THE MENGEL HOUSE.

Valentine Steckman, Proprietor.

Boarders taken by the day, week, month or year, on moderate terms. May 9, 1856.

White Teeth and a Perfumed Breath can be acquired by using the Balm of a Thousand Flowers to be had at Dr. Harry's Drug & Book Store.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A FAMILY PHYSIC. There has long existed a public demand for an effective purgative pill which would be relied on as sure and perfect in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a purgative pill, but not easy to make the best of all pills—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is unwholesome and irritating to the bowels. This is not the case with Ayer's Pills. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or uneasiness, unless from a pre-existing existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that they should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention: Liver Complaint, in its various forms of Jaundice, Indigestion, Langour, and Loss of Appetite, Litesness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins, &c. In truth, all these are but the consequences of diseased action in the liver. As an aperient, they afford prompt and sure relief to Costiveness, Piles, Colic, Dysentery, Haemorrhoids, Scrofula and Scurvy, Coughs, Greasiness of the body, Ulcers and Impurity of the blood; in short, any and every case where a purgative is required. They have also proved some singularly successful, in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Prolapsus of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even in those all these are but derangements exist; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physician is required, cannot be enumerated here, but they suggest themselves to the reason of every body; and this pill is found to answer a better purpose than any thing which has hitherto been available to mankind. Where these virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity. For minute directions, see wrapper on the Box. PREPARED BY JAMES C. AYER, Practical and Analytical Chemist, LOWELL, MASS. Price 25 Cents per Box. Five Boxes for \$1.

AYER'S CHERRY PECTORAL.

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION. This remedy has been found such infidelity from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidence of its virtues in any community where it has been employed. The wide and rapid diffusion of its use, and so numerous the cures of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. Where once tested, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate to confide in it, and so numerous the cures of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. Where once tested, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate to confide in it, and so numerous the cures of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use.
