Protest against the Bill for the Sale of the Main Line.

The undersigned place on the Journal of the Senate the reasons for voting against the passage of the House bill No. 852, (re-print on Senate file No. 1127,) entitled "An Act for the sale of the Main Line of the Public Works."

1st. Because, although professing to offer the Main Line to the highest bidder, the bill discriminates so largely in the conditions of sale, terms of payment, and the exemption from taxation, in favor of the Pennsylvania Railroad company, as almost to exclude bona fide competition. And yet it empowers irresponsible individuals to bid for the purpose of speculation, by authorizing them, if they should become the purchasers, "to assign and transfer their right to the said Main Line, onder said purchase, to any Railroad or Canal company created by the laws of the Commonwealth." The privilege of transfer, under such circumstances, without increasing competition, gives color to the assertion that the bill has been so framed as to enable printing. Which they have knowledge.

All other compounds or syrups of the root, have hitherto failed to command the sanction of the faculty, because, on being tested, they have been found to contain noxious ingredients which neutralize the good effects of the Sarsaparilla, and often times injure the health of the patient. It is not so with Hurley's preparation.

This is the pure and genuine extract of the root, and will on trial, be found to effect a certain and perfect cure of the following complaints and diseases:

Affections of the Bones, Habitual Costiveness, Debility, Indigeston, that the bill has been so framed as to enable pri-vate parties—now engaged in procuring this vate parties-now engaged in procuring this rate parties—now engaged in procuring this Dispersia, legislation—to purchase merely for the purpose of selling at an advance, as an indemnity for their services.

their services.

2d. Because, although the bill purports to be a sale of the Main Line, it, in reality, more resembles a gift to the Pennsylvania Railroad Company, if that company should obtain it on the terms proposed. The extraordinary extension of credit, the low rate of interest, the release of the tonnage tax, and the exemption, forever, from all other taxation or duties for State purposes, will enable that company to liquidate every dollar of the purchase money belease of the tonnage tax, and the exemption, forever, from all other taxation or duties for State purposes, will enable that company to liquidate every dollar of the purchase money before the last payment shall be mature, by merely appropriating, for that purpose, the taxes from which they are thus released, and a lease of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to will cause of the tonnage tax is not accompanied with such a limitation upon to the propose tax is not the country and is general effect on the system, the most desirable remedy of the propose, the taxes of the tonnage tax, it is, without exception, in the cases mentions, the case mention is the most desirable remedy of the propose, the taxes of the tonnage tax, and the exemption, in the cases mentions, and the case mention in the

Such a limitation would be in accordance with the original design of the enterprising citizens of Philadelphia and Pittsburg, and of the various municipalities who subscribed so liberally to the Pennsylvania Railroad Company, not ex- or year, on moderate terms. pecting or desiring large dividends upon their investments, but to promote the great public objects above referred to.

4th. Because the bil provides that in the event of the Pennsylvania Railroad company beonly be exempt from the tomage tax, now a-mounting to \$226,000 per annum, but that in addition, it "shall be released from the payment."

The su coming the purchaser, said company shall not Pennsylvania Railroad company would be thus attended to, by giving a reasonable notice relieved, may be moderately estimated at one hundred thousand dollars a year.

Such an exemption from taxation is not only without precedent, but should be deprecated as establishing an exceedingly dangerous one: and is in violation of that principle of equality of taxation so fundamental in our form of govern-

5th. Because the bill does not contain a sufficient guarantee that the Western division of the Main Line "shall be kept in good repair and operating condition;" thus establishing an invidious distinction between the Eastern and Western portions of the State, although both have contributed proportionally to the burden of constructing and maintaining the entire line.

6th. Because the bill does not require that the President and Directors of the company, purchasing said line, should be citizens and residents of the State. The importance of such a requirement is manifest from the fact, that under our general law, only a majority of the Directors of Canal and Railroad companies need tee that it would be managed so as to subserve which he will sell on reason the great objects of its construction.

7th. Because, if the Pennsylvania Railroad company should become the purchaser, there should be a provision, that the State, or the citvoice in the direction of the affairs of the Con- Dr. Harry's. solidated Line, irrespective of, and although they may part with, the stock now held by them in said company. So important a work to the interests of stockholders, as to those great public objects of trade and commerce already referred to.

Sth. Because the charter of any company them properly authenticated for settleme purchasing said Main Line is made and declared perpetual; and there is not such a proper or sufficient reservation of legislative control as to enable the Legislature, in the future, to protect the general interests of the Commonwealth and filled at City prices at Dr. Harry's. her citizens.
