HOW IT WAS DISCOVERED!

In the fall of 1851 a daughter of Mr. Lindsey was suffering from a malignant attack of Cancrum Oris (Canker of the mouth.) She had previously been prostrated by the attacks of Dysentary, Inflamation of the lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten-the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture Mr. Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a sufferer. sworn according to law, doth depose and say, that, in the spring of 1856, I was a victim to that worst of diseases—dyspepsia, and that in its worst form. My appstite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering with the ague; each affack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die, my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his im-proved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence; but, in one week's time-so great was its restorabut, in one week's time—so great was its restorative powers—I found my appetite to return, my
stomach received a new tone, so that I could eat
anything without the slightest inconvenience, and
before its healing touch the ague fled as from a
charm; nor have I been troubled with ague or slyspepsia since. I enjoy a better state of health than
I had done for fifteen years before; I am strong "and
bearty, and I feel confident that, under the blessing
of God, I owe all to the invaluable Improved BloodSearcher. I believe it not to be only a sure remedy Searcher. I believe it not to be only a sure remedy for ague, but an infallible preventive, and, as such, would recommend it to all whose business, habits, o residences, expose them to this dreadful pest of humanity. Dyspepsia cannot stay where the Improved Blood-Searcher is properly used. I feel it my duty to point all who suffer, to this all-healing medicine.
