new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so a tonishingly coured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity—since which time its effects have been almost miraculous. Handreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearment of friends. The young and old have tested it, saving powers and sing aloud its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe to it more than words can express."

But hear from their own lips and then judge of its gold watch in one week. Hope was inspired, and the use of the compound

Voors, truly, JOHN SHAFFER. Yours, truly, last March was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest usery; my face was almost constantly rungreatest misery; my face was almost constantly run-ning with the foul corruption that escaped from the tubercles, by which it was almost completely coverduced to make a trial of blue and a half and the result was that in using one bottle and a half I found a perfect cure, I may also say that leagerly tried whatever was recommended as a cure.—Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure Creosote on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did now any good. As a blood purifier it is unequalled; & The Book is a handsome 12mo. volume, printed on the first maper, bound in a new and beautiful style, and are called the present volume in cludes some of her best Tales and Sketches, which, together with a correct and beautiful portrait of the author, by that distinguished artist, John Sartain, Esq., will render it particularly acceptable to her numerous friends.

Hollidaysburg, Pa., July 29 18 AN INTERESTING CASE OF SCROFU-LA cured by one bottle of Lindsey's Blood Searcher.

This certifies that about one year ago our little son aged four years, was most sorely afflicted with what the physicians pronounced to be a scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin mattery humor almost constantly; which would encrost his eyes beyond the power of opening them notified they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin, which in due time broke and commenced a discharge, which was found impossible to menced a discharge, which was found impossible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sickening in a single nights time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Linden's Blood Saucher. The was in last Mr. Lindsey's Blood Searcher. This was in last March-and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been perfectly restored to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. As a purifier of bloodit is beyond all price!
