

The Bedford Gazette.

AT HOME AND ABROAD.

A happy New Year to all our friends and patrons.

New Year's Address.—Our Carrier bears leave to announce that he will be about with a New Year's Address, on Friday morning, and hopes that his friends will not deny him quarters when he visits them.

Our Cash Terms.—Those subscribers to the Gazette who do not pay for their paper previous to the date, will be charged \$2.00 for the year, if they pay within the year. We would give our paper for \$1.50 per annum to all subscribers who would pay for the first of January, 1858.

The reduction of the price of the Gazette will make our annual income considerably less than it would have been, had we kept it at the rates at which it was formerly published.

Kansas.—There is a rumor afloat that the Free State men of Kansas refused to vote at the election on the 21st ult., on the question of slavery, leaving every thing in the hands of the pro-slavery men.

A Segar well puff'd.—The Richmond Whig lately contained the following:

We restore the assertion, which swift-coming events will prove to be at least one-third, perhaps one-half, of those Whigs who yesterday voted for Hunter, will be rampant and vociferous Democrats ere the beginning of another party battle.

Which the Norfolk Argus replies:

Among the Whigs who voted for Senator Hunter was Joseph Segar, of Elizabeth City. We would be pleased if the Whig's prediction is verified, so far as that talented gentleman is concerned.

Disasters on the Lakes.—The Chicago Press contains a list of the disasters on the lakes during the year 1857, commencing with the opening of navigation in March and ending with the month of November.

We consider that Segar well puff'd and unless it all evils in smoke, we have no doubt that the Argus' wish will be gratified.

Rattles!—Our county seems to have peculiar attractions, just now, for that kind of birds, the eagles. Whether he finds a medicine in the cliffs of our mountains that is necessary to his existence, like those birds of passage, the Wintering Plover, or whether he is a bird that symbolizes the spirit of Freedom, we will not venture to say, but certain it is he is no longer a rare bird in this region.

Gov. Walker Captured.—The Steamship Northern Light arrived at New York on the 27th ult. Gen. Wm. Walker, the Nicaraguan filibuster, was a passenger on parole.

Fire!—We are informed that the dwelling-house occupied by the family of the late Geo. B. Kay, in Hopewell Tp., was consumed by fire a few nights ago, the inmates barely escaping with their lives.

New Advertisements.—We refer our readers to the advertisement of Jas. R. & Andrew Mowry, offered for sale their fine farm in Napoleon township.

Congress.—Treasury Note Bill has passed the Lower House, and has become a law.

Born to be Luck!—Mr. John Martin, of London, is put in possession of the Jennings' property, which for a very long period has been without a recognized heir.

AN OATH FOR VENGEANCE.—The following has been communicated to the Penna. Observer: "By recent letters received from Brigadier Hubbel's force, it appears that on the arrival of the detachment of the 78th Highlanders at that place of skulls, Camporee, after the massacre of our men and women, and children, they were so miserably terrified, that they fled, gathering around them a pile of brush, and of the poor girl's head, a portion of which was carefully selected and sent home to her surviving friends.

In 1831, the present Chief Justice of the United States, Roger B. Taney, at that time Secretary of the Treasury, laid down the following economical axioms, the truth of which has been abundantly corroborated by the experience of subsequent years:

Three Years After a Fall of Water.—The Auburn (N. Y.) Advertiser tells the following: A well-to-do farmer of Springfield, three years ago, had a little alteration in his wife, and while conversing with her took up a pail to go after some water.

Disasters on the Lakes.—The Chicago Press contains a list of the disasters on the lakes during the year 1857, commencing with the opening of navigation in March and ending with the month of November.
