BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, sometime in last March was severely affected with what was pronounced by my physicians to be a certain kind of Tetter and Barber's lich. My condition was one of the greatest misery; my face was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure, I may also say that I eagerly tried whatever was recommended as a cure.—

Such was my wretchedness that I even resorted to my face and neek, but all to no purpose—the Blood Searcher was the first and only thing that we I have great reason to be grateour transcrept and vicinity, that he is prepared to do all work in his line, in the best style, and on reasonable.
