Advantages of Rotation in Crops.

1. Each crop exhausts the soil of certain ele ments. Continuing the same crop for many years consumes these elements. The soil will not produce that crop longer. Another crop consumes another order of elements, and will flourish when the first will not grow.

2. Each plant, while growing, throws off certain matters which are not favorable to the growth of successive crops of the same plant -Plants in this respect are somewhat like animals, which always avoid their own excrements. Now other plants may use these matters .-The great difference in the action of man- Hence a rotation is profitable, because one crop

Sentimental Song.

DO THEY MISS ME AT HOME?

Do they miss me at home, do they miss me? Twould be an assurance most dear, To know that this moment some loved one Was saying, "I wish you were here." To feel that the group round the fireside, Were thinking of me as I roam;

Oh ! yes ! twould be joy without measure, To know that they miss me at home. When twilight approaches the season,

That ever is sacred to song, Does some one reneat my name over. And sigh that I tarry so long? And is there a chord in the music

That's missed when my voice is away, A chord in each heart that awakens Regret at my wearisom stay?

Do they place me a chair near the table, When evening's home pleasures draw nigh And the candles are lit in the parlor, And stars in the calm azure sky? And when the good nights are repeated,

And all fay them down to their sleep. Do they think of the absent, and wait me, A whispered good night while they ween ?

Do they miss me at bome, do they miss me, At morning, at noon and at night, And lingers one gloomy shade round them That only my presence can light?

Are joys less invitingly welcome, And pleasures less hale than before, Because one is missed from the circle. Because I am with them no more?

A VERITABLE SNAKE STORY.

An officer of the army, who served with distenction in the Florida war, was and still is n the habit of delighting the mess table with is reminscences of scenes which occured there. Decay is slow combustion, and gives the same On a recent occasion, when snakes, alligators, products as fire. It is the union of the oxygen and other objects of the reptile genus, which flourish so extensively in that garden of the world, became the subject of conversation, he related a circumstance apropos to snakes, which happened to himself. One day, said he, I shouldered my gun, and went in pursuit of Are always in active demand from May to game. In passing through a swamp I saw September, in the vicinity of all our cities, and something a few feet ahead of me, lying on the &C.. SAML. KETTERMAN. June 12, 1857.

THE WONDER OF THE AGE!

J. M. LINSEY'S GREAT MEDICAL DISCOVERY! Which is a purely vegetable Preparation, for the purifying of blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life.

HOW IT WAS DISCOVERED!

In the fall of 1854 a daughter of Mr. Lindsey was suffering from a malignant attack of Canerum Oris (Canker of the mouth.) She had previously been prostrated by the attacks of Dysentary, Inflamation of the lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Every thing indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture Mr. Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appear-ance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a

new and fresh life. Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration.—She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity—since which time its effects have been almost miraculous. Hundreds upon hundreds, by it. have been spatched from an upon nundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearment of friends, The young and old have tested it, saving powers and sing aloud its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring ur veins, and under God we owe to it more that

ords can express."

But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Greatest Discov-

show that it is any other age.

J. M. LINDSEY. Hollidaysburg, Blair county, Pa. CERTIFICATES! Pattonsville, Bedford co., Pa., Oct. 14, '57.

Mr. J. M. LINDSEY. Dear Sir:- I was severely afflicted with rheuma tism for a whole year—nine months of which time I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, determined to procure some it and give it a fair trial. After using three bottles I was able to walk a-round again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted,

and believe it is all it claims to be.
Yours, truly, JOHN SHAFFER. Yours, truly,

A DESPERATE CASE OF TETTER and BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, sometime in last March was severely afflicted with what was prononneed by my physicians to be a certain kind of Tet-ter and Barber's Itch. My condition was one of the greatest misery; my face was almost constantly run-ning with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was inneed to make a trial of Lindsey's Blood Searcher. and the result was that in using one bottle and a half I found a perfect cure, I may also say that I eagerly tried whatever was recommended as a cure.— Such was my wietchedness that I even resorted to the dangerous experiment of pouring pure Creosote on my face and neck, but all to no purpose—the Blood Scarcher was the first and only thing that did me any good. As a blood purifier it is unequalled; & I have great reason to be grateful that I ever made a I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recom mend it to any who may suffer from Tetter, or any other disease arising from an impure state of the Hollidaysburg, Pa., July 29 1857.

AN INTERESTING CASE OF SCROFU-LA cured by one bottle of Lindsey's Blood Searcher.

This certifies that about one year ago our little son aged four years, was most sorely afflicted with what the physicians pronounced to be a scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin mattery humor almost constantly; which would encrust his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abseess formed just below the groin, which in due time broke and commenced a discharge, which was found impossible to dry up or heal—the bed would be very much stained and the clothing of the child perfectly sickening in and the clothing of the child perfectly successful the place.

a single nights time. After having the attentions of a single nights time. After having the attentions of a long a time, and finding the child to Daily Mail Stages from Alaquippa and time for so long a time, and finding the child to a single nights time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been perfectly restored to health. We cannot speak too highly of this invaluable medicine. It should be in every family-none should be without it. As a pu rifier of blood it is beyond all price!

DANIEL BOLLINGER.

DANIEL BOLLINGER.
Hollidaysburg, Pa., July 20, 1857.
Bollidaysburg, Pa. March 19th, 1857.
Dr. J. M. Linder, —Dear Sir: I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative. cirtues. I have been for a number of years severe-If y troubled erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement, Indeed, my acquaintances frequently remark, that I look so "fat and hearty;" and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe that this is one of the most valuable medicines that woman can use, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above ingratitude on my my part to have withheld this testimony, and in thus consenting to appear as a witness before the public. I have been actuated solely with reference my my part to have withheld this testimony, and in my my part to have withheld this testimony, and in thus consenting to appear as a witness before the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and integrity they may safely confide themselves.

The with the author switched this testimony, and in thus consenting to appear as a witness before the public. I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proat liberty to make whatever use you may deem proper of this statement. Yours, respectfully, MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY Lind- made in the city, and to this branch of his busisey's Improved Blood-Searcher .- Blair County, ss. ness he would invite especial attention. He Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say: Two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, nightsweats, and very subject to of appetite, critis, nightsweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician done me no good. Some-time last fall, I commenced taking Lindsey's im-proved blood-searcher, and by the use of two bottles was perfectly cured. I feel, to recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and other diseases arising from impurity of the blood. I would not like to do without it.—

1 consider it an excellent family medicine.
(Signed) GEORGE KOPP. (Signed) GEORGE KOPP.
Sworn end subscribed this 15th day of March, A. D. 1857, before me, J. GORLEY, J. P. Note.—Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and in-

A DESPERATE CASE OF AGUE AND Dyspersia, entirely cured by the use of Lindsey's "Improved Blood-Searcher."

Blair County, ss.—Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who, being duly

sworn according to law, do depose and say that in the spring of 1856, I was a victim to that worst of diseases—dyspepsia, and that in its worst form. My appstite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering with the ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die, my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but, in one week's time—so great was its restorative powers—I found my appetite to return, my, sworn according to law, do depose and say that tive powers—I found my appetite to return, my, stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dys pepsia since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the bler sing of God, I owe all to the invaluable Improved Blood-Searcher. I believe it not to be only a sure remedy for ague, but an infallible preventive, and, as such, is would recommend it to all whose business, habits, or resdiences expose them to this described.

for ague, but an infallible preventive, and, as such, is would recommend it to all whose business, halt its, or resdiences, expose them to this dreadful pest of homanity. Dyspepsia cannot stay where the Improved Blood-Searcher is properly used. I feel it my duty to point all who suffer, to this all-healins medicine. (signed.) JOHN MCRAN, Sworn and subscribed this 18th day of March, A. D. 1857, before me. JOHN COX, J. P. FOR SALE by Dr. F. C. Reamer, Bedford; G. B. Emrick & Bro., St. Clairsville; B. F.
