HOW IT WAS DISCOVERED!

In the fall of 1854 a daughter of Mr. Lindsey was suffering from a malignant attack of Cancrum Oris (Canker of the mouth.) She had previously been prostrated by the attacks of Dysentary, Inflamation of the longs and flectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture Mr. Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appears one—the fool breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was institutily continued, the result of which, with the blessing of God, was het complete restoration.—
She is now perfectly healthy: From this circumstance, Mr. Lindsey was led to prepare with greater care and exaciness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Bload Impurity—since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health professions as to what he will do, but he pledges.

Mr. J. M. LINDSEY. Mr. J. M. Linnsey.

Dear Sir:—I was severely afflicted with rheumatism for a whole year—nine months of which time I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and helieve it is all it claims to be.

March 16, 1855.

And helieve it is all it claims to be. and believe it is all it claims to be.
Yours, truly, JOHN SHAFFER. Yours, truly,

nounced by my physicians to be a certain kind of let-ter and Barber's lich. My condition was one of the greatest misery; my face was almost constantly runarea with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the carely area of the carely area. and the result was that in using one bottle and a half I found a perfect cure, I may also say that I cannot tried whatever was recommended as a cure.—
Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure Creosote on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did me any good. As a blood purifier it is unequalled; & I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recom-mend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood.
