AT HOME AND ABROAD.

We are authorized to announce the name of JACOB BECKLEY, of St. Clair Township, as a candidate for County Commissioner...

Blanks.—Blank Deeds, Summons, Judgment Notes, Constables' Fee Bills, and other blanks, printed in good style, for sale cheap at this office.

New Advertisements.—See the new advertisements of Messrs. OSTER, MANSPEAKER & CARR, and other notices in to-day's Gazette.

Sweet Potatoes.—The following, in reference to the cultivation of the Sweet Potato, for which we are indebted to our friend Wm. HARTLEY, Esq., of this borough, will, doubtless, prove interesting to many of our readers:

PHILADELPHIA, May 10, 1858.

Friend Hartley:—The following is the New Jersey mode of cultivating Sweet Potatoes, as near as I could collect it. Your knowledge of agriculture will readily supply any deficiency that may appear:

Select dry, sandy soil, and prepare the ground the same as for Mercer potatoes. Lay it out in shallow furrows about three feet apart. At a distance of two feet in the furrow, place a small shovel full of well decomposed stable manure, over which scrape the earth with a hoe, to the depth of three inches, forming a hill, in which state it may remain for eight or ten days.

After making a hole with a trowel, or with the hand, extending down to the manure, the sprouts are to be set out, one to a hill, the same as cabbage plants. The vines, or tops, are quite exuberant, covering in most instances the entire space intervening between the hills; and have a proclivity to take root and grow, which may be prevented by frequent turning with a stick, or by throwing them upon the hill. They must be kept clean and free from weeds, and require to be worked three times.

The last time they are to be worked, the earth should be well scraped up, so as to form a large hill, which are very productive, and must have plenty of room to grow. In raising Sweet Potatoes, it is necessary to avoid a damp soil, or one that will bake. They may grow in a soil of this kind, but the yield will be small, the surface will be rough, and the potato will be watery when cooked, and will not keep, as decay sets in shortly after they are taken out of the ground.

Very Respectfully, Your Friend, D. J. CHAPMAN.

The Bedford Railroad. Who are to make it.—We have lately conversed with a considerable number of our citizens on the subject of the building of the proposed Railroad to Bedford, and found them, with but few exceptions, favorably inclined toward the project.

Those exceptions, we blush to say, are generally men who are able to subscribe largely, and who would receive more substantial benefit from the construction of the road than any other class of persons in the community.

But it is fully to expect such men to build rail-roads. It is not their business. They would rather buy their money in the sloughs of Western prairies, than invest it in an enterprise to benefit their neighbors along with themselves. No! these are not the men to make rail-roads. The man of ordinary means, the energetic business man, the farmer, with a hundred, or two hundred, acres of land, the mechanic and the laborer, are the men to do it.

If we depend on the rich, we lean on a broken reed. True, some of them do their duty and give liberally, but the majority of them contribute either nothing at all, or in great disproportion to their ability. In making our subscriptions to a work like the Bedford Railroad we should not gauge their amount by that subscribed by our neighbors. We should make up our minds to give according to our means, and not in proportion to the sums subscribed by others. Let every citizen who expects to be benefited by the making of the rail-road, give what he can, without embarrassing his private affairs, and its construction is an absolute certainty. Don't depend on others; do your duty and others will follow your example.

Suicide.—We learn with regret that Dr. Dossy of Hopewell, in this county, whilst in a state of partial intoxication, on Monday last, swallowed a dose of laudanum which produced his death in a few hours. We understand that the remains of the deceased have been forwarded to his friends at Huntingdon.

Executed.—WILLIAM WILLIAMS, convicted of murder in the first degree, was hung at Harrisburg, on Friday last, the 21st inst.—The Harrisburg Herald says:

Williams' whole behavior on the gallows was the most stoical we ever observed. During the praying and singing he remained unmoved, and hardly changed the expression of his face. Occasionally spitting, he would take the greatest caution to not fall on his shroud, and betrayed no nervous emotion whatever. At 15 minutes of 12 o'clock, when on the scaffold took a final farewell of his head, Dr. Bartine invoked a blessing on his head. Mr. Wickert then aided the Sheriff, in adjusting the rope around his neck and tying his hands. While the rope was being placed around his neck, we observed the first sign of emotion in his countenance; it quivered considerably. Ex-Sheriff Hoffman and others then bade him a final farewell; the Sheriff walked behind the scaffold, and at exactly 3 minutes of 12 the drop fell that launched Wm. Williams into eternity.

See advertisement of Dr. Sanford's Liver Invigorator, in another column.

There are 16,000 Texas cattle now on the Plains, moving northward, that will be in Illinois, Iowa, Missouri and Kansas in the fall.

JOHN BORDER, GUNSMITH, Bedford, Pa. Shop at the east end of the town, one door west of the residence of Major Washburn.

REDFORD Machine Shop!

The subscriber would most respectfully announce to the farming community, and public in general, that he has just commenced to manufacture at his shop, in Bedford, Pa., the following farming utensils, of the very best material, and in the most workmanlike manner, viz:

FOUR AND SIX HORSE TUMBLING SHAFT POWER MACHINES, with large open cylinders, six staves, and spikes screwed in, and improved Straw Shakers attached. Their superior strength and speed are not made in this or any other county in the State.

Four Horse Tumbling Shaft and Strap Power Machine with cylinder open or shut, as may be desired and shakes of the best kind, for convenience, ease of draft, and perfect working. This machine has no superior in the county.

THREE HORSE MACHINES, of the same kind—TWO AND THREE HORSE TUMBLING SHAFT POWER MACHINES, a very convenient and excellent machine for small farmers, with or without shakers. HILL SIDE PLOUGES, of a very superior pattern, as they are used in this country—Single and Double Shaft Ploughs, with steel wheels.

Cultivators.

Peckham's New York FIVE-TOOTH STEEL POINT EXPANDING CULTIVATOR—Rogers' Patent PATENT STEEL TOOTH EXPANDING CULTIVATOR, for working corn, or seeding in grain, Fanning Mills, Horse Rakes, Lever Cutting Boxes, Harrows, Wheelbarrows, made to order. All the above articles constantly on hand, and sold on reasonable terms.

Repairing of all kinds of Machines, whether made here or elsewhere, done on the shortest notice. Castings for all my Machines and Ploughs made at the Foundry of Mr. Michael Bauman, in Bedford, and will compare with any made in the State for strength and durability. BLACKSMITHING done to order. All my work warranted to give satisfaction.

From a past experience of twenty years in the Machine business, I feel confident that I can give entire satisfaction to all who may favor me with a call. Call and examine my work before you purchase elsewhere, as I am determined to please all.

Horses, grain of all kinds, lumber and iron, will be taken in exchange for work.

NOTICE IN LIQUOR FOR DIVORCE.

Charles T. Blake, (In the Common Pleas of Bedford County, vs. Margaret Blake, No. 39 May Term, 1858.

Whereas Charles T. Blake did prefer his petition to the judges of the court of Common Pleas of the County of Bedford praying for the causes therein set forth that he be divorced from the bonds of Matrimony entered into with Margaret Blake, we therefore command you as we before commanded you the said Margaret Blake, that laying aside all other business and excuses whatsoever, you be and appear in your proper person before our Judges at Bedford on the 1st Monday the 30 day of Aug., next, to answer the petition or bill of the said Charles T. Blake, and show cause why he should not be divorced from the bonds of Matrimony agreeably to the act of assembly in such case made and provided and hereof fail not.

GREAT ATTRACTION! New and Cheap Clothing Emporium.

THE undersigned would respectfully inform the citizens of Bedford, and surrounding country, that he has opened out in Bedford, at the old and well known stand, known as the

"RISING SUN," an extensive Clothing Establishment, where he will always be found with a large and well selected stock of gentlemen, and boys' clothing. From his long experience in the business, he differs himself that he cannot be surpassed, either in his facilities for purchasing clothing at a low figure, or of selling them lower than any other store within 150 miles of this place.

Not wishing to enumerate the many different articles of clothing on hand he would merely state, that in part, his stock consists of coats ranging from 75 cents to \$18, pants from 50 cents to \$10, vests from 37 1/2 cts. to \$6. Also, shirts, collars, cravats, trunks, carpet sags, &c., &c.

All persons wishing to purchase clothing or anything else in my line, will never regret calling at Leopold's No. 1, cheap clothing Emporium, where you can get cheap and unheard of bargains—Come one come all. May 14, 1858. A. LEOPOLD.

AMERICAN HOUSE, CUMBERLAND MD.

ADJOINING THE DEPOT, JOHN C. RIFFLE, PROPRIETOR. Coaches from Bedford, Greensburg and Washington, stop at this House. Persons going to Cumberland will find advantages, by stopping at the "American House," over that of any other in the place. (May 14, '58-ly.)

THE Liver Invigorator.

PREPARED BY DR. SANFORD, COMPOUNDED ENTIRELY FROM GUMS. Is one of the best purgatives and liver medicines now before the public, that acts as a Cathartic, casts, milder, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to expel its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the usual effects of other purgatives in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body; and when it performs its functions well, the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its duties. In this country, the stomach and bowels are, in a great measure, diseased, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made this study, in a practical use of more than thirty years, to find some remedy, whereby to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with a Liver Complaint, in any of its forms, has but to try a bottle, and conviction is certain.

These Gums remove all morbid or bad matter from the system, supply it with a healthy flow of bile, invigorating the stomach, causing food to digest with a purgative, and giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious attacks are cured, and what is better, prevented, by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken at night, loosens the bowels gradually, and cures Cost.

One dose taken after each meal will cure Dyspepsia. One dose of each of two teaspoons will cure all ways relieve Sick Headache.

One bottle taken for female obstruction, removes the cause of the disease, and makes a perfect cure.

Only one dose, in moderately severe Cholera, while one dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all sickness or morbid color from the face, and restores to the stomach and bowels their natural vigor.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea, in its worst forms, while Summer and Bowel complaints yield almost to the first remedy. One or two doses cures attacks caused by Worms in Children there is no surer, safer, or speedier remedy in this world, as it never fails.

A few bottles cures Dropsy, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chills and Fever, and all Fevers of a Bilious Type. It operates with certainty, and thousands are willing to testify to its wonderful efficacy. All who use it are giving their unanimous testimony in its favor.

MIX WATER IN THE MOUTH WITH THE INVIGORATOR, and swallow both together.

THE LIVER INVIGORATOR. Is a scientific medical discovery, and is daily working cures, almost to too great to believe. It cures if you do not cure, and it never fails. It is a medicine more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common Headache, all of which are the result of a diseased Liver.

JOY TO THE ADMIRERS OF A FINE HEAD OF RICH GLOSSY HAIR.

Talk of beauty, and it cannot exist without a fine head of hair, then read the following, and if you ask more, see circular around each bottle, and to our customers.

Professor Wood's Hair Restorative.—We call the attention of our friends to this wonderful preparation, which turns bald, and when color, gray hair—covers the head of the bald with luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural hair, and hence, it used as a regular dressing for the hair, restores its color, and keeps it from falling to extreme old age, in all its natural beauty. We call upon you, the bald, the gray, or diseased in scalp, to use it, and surely the young will not, as they value the flowing locks, or the winking curls, ever be without it. Its price is upon the tongue of thousands.

The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

Dear Sir, I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together, I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction, that it cured it, it removed the scurf and new hair began to grow, it now two or three inches in length, where it was all off. I have great faith in it. I wish you to send me two bottles, more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place, you may have a market for it, or you may prefer it is known here. Yours with respect, RUFUS BRATT.

PHILA., Sept. 9, 1857. Prof. Wood.—Dear Sir: Your Hair Restorative is proving itself beneficial to me. The scurf, and dandruff, the back part of my head about its color, is now in fact bald. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation I can induce many others to try it. Yours respectfully, D. R. THOMAS, M. D.

No. 164 V Street, VINCENNES, Ind., June 22, 1856. Prof. O. J. Wood: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it, and know others to use it. I have, for several years, been in the habit of using other Hair Restoratives, but I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all hair, without discoloring the bands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to his hair. Respectfully yours,

O. J. WOOD & Co., 212 Broadway, NEW YORK, (on the great New York Wire Railing Establishment,) and 111 Market street, St. Louis, Mo. And sold by all Druggists. For sale at the Drug Store of Dr. B. F. Harry, Bedford, Pa. May 14, 1858.

TREASURER'S SALE

OF unseated lands and town lots in Bedford county, AGREEABLY to the provisions of an Act of Assembly, directing the mode of selling unseated lands, for taxes and for other purposes, passed the 13th of March, 1815, and the supplements thereto passed the 13th day of March, 1817, and the 25th of March, 1821. The Treasurer of the county of Bedford hereby gives notice to all persons concerned therein, that unless the county, school and road taxes due on the following tracts of unseated lands, situate in Bedford county, are not paid before the day of sale, the whole, or such parts of each tract as will pay the taxes, and the costs chargeable thereon, will be sold at the Court House, in the Borough of Bedford, on the second Monday of June, next, (11th day), for the arrears of taxes due, and the cost accrued thereon, and said sale will be continued from day to day until all are disposed of.
