MARYLAND STATE LOTTERIES.

R. FRANCE & CO., MANAGERS.

Persons living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of packages of Tickets. The country is flooded with bogus and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Capital Prizes of from \$20,000 to \$100,000 head prizes are offered, with tickets at One Dollar. \$100,000 Capital Prizes are offered, tickets \$5. All such, in every instance, are frauds; if money is sent for tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.
The Kentucky State Lottery for the benefit of the Shelby College, under our management, is the only Lottery in the United States which is legally decided by the Maryland drawings; all other Lotteries which purport to be decided by the Maryland drawings, are frauds.
THE MARYLAND STATE LOTTERIES.
Purchase in the Maryland State Lotteries, then you are sure of being right. And in ordering the Maryland Lotteries, you are sure of honest and fair drawings.
One thing look to, and that is, if you order from any licensed vendor in Baltimore, do not receive any but Managers' tickets and Managers' Printed Certificates of Packages. The Managers' Certificates have the number printed, and have the lithographed signature of R. France & Co.
No one has a right to send his individual certificates, and if he does it, be sure there is a fraud at the bottom of it.
R. FRANCE & CO.,
Managers of Maryland State Lotteries.

THE WONDER OF THE AGE!

J. M. LINSLEY'S GREAT MEDICAL DISCOVERY!
Which is a purely vegetable Preparation, for the purifying of blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of the body.

HOW IT WAS DISCOVERED!

In the fall of 1854 a daughter of Mr. Lindsey was suffering from a malignant attack of Cancer Oris (Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheeks were literally rotten—the attending physician pronounced the case a hopeless one. Every thing indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture Mr. Lindsey prepared a compound for the purpose of alleviating, possibly, the pains of the little sufferer. This was made to use it freely, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.
Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Dr. Lindsey, in the exercise of his professional care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Remedy for Blood Impurity—since which time its effects have been almost miraculous. Hundreds upon hundreds of the afflicted have now, wholly and untimely grave and restored to the sweets of health and the endearment of friends. The young and old have tested it, saving powers and sing aloud its virtues. They say they "after using Lindsey's Improved Blood Searcher, in the case of a child, was stirring our veins, and under God we owe to it more than words can express."
But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the *Greatest Discovery of this or any other age.*

J. M. LINSLEY,
Hollidaysburg, Blair County, Pa.
CERTIFICATES!
Pattonsville, Bedford Co., Pa., Oct. 14, '57.
Mr. J. M. Lindsey,
Dear Sir: I was severely afflicted with rheumatism for a whole year—nine months of which time I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some and give it a fair trial. I used it as usual, and in a few days I was able to walk around again as usual. I may also say that I can now recommend it to all who are similarly afflicted, and believe it is all it claims to be.
Yours, truly,
JOHN SHAFER.

A DESPERATE CASE OF TETTER and BARBER'S ICH, cured by the use of Lindsey's Blood Searcher. In the undersigned, some time in last March was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's ICH. My condition was one of the greatest misery; my face was almost constantly running with the foul corruption that escapes from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and after using one bottle and a half I found a perfect cure. I may also say that I can now recommend it to all who are similarly afflicted, and believe it is all it claims to be.
Yours, truly,
JOHN BELEHUNT.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most sorely afflicted with the disease mentioned in the foregoing certificate, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly; which would prevent his eyes from the power of opening them, and they were swollen and closed by a crust of matter. About the same time an abscess formed just below the groin, which in due time broke and commenced a discharge, which was found impossible to dry up; the bed would be very much stained and the clothing of the child perfectly sicken in a single night. After having the attention of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the disease was manifestly cured. The little boy had been perfectly restored to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. As a purifier of blood it is beyond all price.
DANIEL ELLINGER.
Hollidaysburg, Pa., July 20, 1857.

DR. J. M. LINSLEY,—Dear Sir: I have been using your Improved Blood Searcher since some time last summer, and I deem it my duty to bear my testimony to its *regenerating blood* and *restoring* virtues. I have been for a number of years severely troubled with *erysipelas* and *general debility*; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintance frequently remark, that I look so "fat and hearty"; and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe that this is one of the most valuable medicines that woman can use, and I have accordingly recommended it upon the decline of life (from 40 to 50 years of age). I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public, I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement.
Yours, respectfully,
MARGARET W. O'DONNELL.

LIVER COMPLAINT CURED BY Lindsey's Improved Blood Searcher.—Blair County, ss. Person appeared before me, a Justice of the Peace, in and for Blair County, George Kopp, who, being duly sworn according to law, doth depose and say: Two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, chills, night sweats, and very subject to take cold; I, at length, became so weak that I could hardly walk; my physician doing me no good. Some time last fall, I commenced taking Lindsey's improved blood-searcher, and by the use of two bottles was perfectly cured. I feel, I would recommend it to all who suffer from Liver disease, general debility, loss of appetite, and other diseases arising from impurity of the blood. I would not like to do without it—I consider it an excellent family medicine.
(Signed) GEORGE KOPP.
J. GORLEY, A. J.
Nov.—Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A DESPERATE CASE OF AGUE AND DYSPEPSIA, entirely cured by the use of Lindsey's "Improved Blood-Searcher."
Blair County, ss.—Personally appeared before me, the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who, being duly sworn according to law, do depose and say that in the spring of 1856, I was a victim to that worst of diseases—dyspepsia, and that in its worst form. My appetite was completely gone, and when, in order to avoid recommending it to all who wish to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering with the ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die, as a physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but, in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before I met with and used this medicine. I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood-Searcher. I believe it not to be only a sure remedy for ague, but an infallible preventive, and, as such, would recommend it to all who wish to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood-Searcher. I believe it not to be only a sure remedy for ague, but an infallible preventive, and, as such, would recommend it to all who wish to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering with the ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced as I thought beyond recovery; I thought I must die, as a physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but, in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dyspepsia since. I enjoy a better state of health than I had done for fifteen years before I met with and used this medicine.
