MARYLAND STATE LOTTERIES. R. FRANCE & CO., MANAGERS.

Caution Notice.
Persons living at a distance should be extremely cautious of whom they order Lottery Tickets or Certificates of packages of Tickets. The country is full of impostors and swindling Lotteries. Every inducement is held out to get persons to invest money in them. Capital Prizes of from \$20,000 to \$40,000 head their schemes—With tickets at One Dollar, \$100,000 Capital Prizes are offered, tickets \$5. All such, in every instance, are frauds if money is sent for tickets, it is so much thrown away without the shadow of a chance of getting a prize. Beware of all Lotteries where the Capital Prize is unusually large in comparison to the price of tickets. In every instance where large prizes are offered for a small cost of tickets, put it down as a certain fraud.

The Kentucky State Lottery for the benefit of the Shelby College, under our management, is the only Lottery in the United States which is legally decided by the Maryland drawings; all other Lotteries which purport to be decided by the Maryland Drawings, are frauds.

THE MARYLAND STATE LOTTERIES.
Purchase in the Maryland State Lotteries, then you are sure of being right. And in ordering the Maryland Lotteries, you are sure of honest and fair drawings.

One thing look to, and that is, if you order from any licensed vender in Baltimore, do not receive any but Managers' tickets and Managers' Printed Certificates of Packages. The Managers' Certificates have the number printed, and have the lithographed signature of R. France & Co.

No one has a right to send his individual certificates, and if he does it, be sure there is a fraud at the bottom of it.

R. FRANCE & CO.,
Managers of Maryland State Lotteries.

THE WONDER OF THE AGE!

J. M. LINSEY'S GREAT MEDICAL DISCOVERY! Which is a purely vegetable Preparation, for the purifying of blood, giving vigor to the Liver, stomach and bowels, and restoring the system to its natural state, and substituting in its stead a healthy activity through all the functions of life.

HOW IT WAS DISCOVERED!
In the fall of 1854 a daughter of Mr. Lindsey was suffering from a malignant attack of Cancerous Orit (Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—the death of rotting out of life. At this critical juncture the Lindsey prepared a compound for the purpose of alleviating, possible, the pains of the little sufferer. She was made to use it freely, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. The most singular part of the cure, was the appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which, was the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his Great Medical Discovery, which he has named "Lindsey's Improved Blood Searcher," and under God we owe it more than words can express.

But hear from their own lips and then judge of its value, by reading the few testimonials that follow show that it is deservedly styled the "Greatest Discovery of this or any other age."

J. M. LINSEY,
Holidaysburg, Blair County, Pa.

CERTIFICATES:
Pattersonville, Bedford Co., Pa., Oct. 14, '57.
Mr. J. M. LINSEY.

Dear Sir:—I was severely afflicted with rheumatism for a whole year—nine months of which time I was not able to leave my bed—when hearing of the wonderful effects of your improved Blood Searcher, I determined to procure one and give it a fair trial. After using it for a few bottles I was enabled to walk again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe it is all it claims to be.

Yours truly,
JOHN SHAFER.

A DESPERATE CASE OF TETTER AND BARBER'S ITCH, cured by the use of Lindsey's Blood Searcher. I, the undersigned, sometime in last March was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter, and my eyes had become almost blind. My greatest misery: my face was almost constantly running with the foul corruption that escaped from the tubercles, by which it was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to try a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure, I may also say that eagerly tried whatever was recommended as a cure—Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure Croscote on my face and neck, and the result was that Lindsey's Blood Searcher was the first and only thing that did me any good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood.

Holidaysburg, Pa., July 20, 1857.

AN INTERESTING CASE OF SCROFULA cured by one bottle of Lindsey's Blood Searcher.—The patient, that about one year ago had a little son aged four years, was most severely afflicted with what the physicians pronounced to be a scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly, which would encrust his eyes, and the power of seeing was fast failing. About the same time an abscess formed just below the groin, which in due time broke and commenced a discharge, which was found impossible to dry up or heal—the fluid would be very much stained and the clothing of the child perfectly soaking in a single night's time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March, and before long the power of seeing was restored, the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE our little boy has been perfectly restored to health. We cannot speak too highly of this invaluable medicine. It would be in vain to say that it cured without it. As a purifier of blood it is beyond all price.

DANIEL BOLLINGER.

Holidaysburg, Pa. March 19th, 1857.
Dr. J. M. Lindsey.—Dear Sir: I have been using your Improved Blood Searcher for some time past, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been for a number of years severely troubled by erysipelas and general debility, but since I put in a trial of your Blood Searcher, I find a very decided improvement. Indeed, my acquaintances frequently remark, that I look so "fat and hearty," and I know of no other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe that this medicine is a most valuable one, and that it can be used, especially those who are or have entered upon the decline of life (from 40 to 50 years of age). I feel that it would have been above my gratitude on my part to have withheld this testimony, and in this respect I appear as a witness before the public. I have been treated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours respectfully,
MARGARET W. O'BONNELL.

LIVER COMPLAINT CURED BY Lindsey's Improved Blood Searcher.—Dear Sir, I was personally appeared before me, one of the Justices of the Peace, in and for Blair County, George Kopp, who, being duly sworn according to law, do depose and say: Two years ago I was afflicted with pain between the shoulders, a constant cough, loss of appetite, chills, night sweats, and very subject to take colds; I, at length, became so weak that I could hardly walk; my physician do me no good. Some time last fall, I commenced taking Lindsey's improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel, in recommending it to you, that I am doing you a good service, as you will be able to see that you suffer from Liver diseases, general debility, loss of appetite, and other diseases arising from impurity of the blood. I would not like to do without it. I consider it an excellent family medicine.

(Signed) GEORGE KOPP.
Sworn and subscribed this 15th day of March, A. D. 1857, before me, J. GORLEY, J. P.

NOTE.—Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A DESPERATE CASE OF AGUE AND DYSENTERIA, entirely cured by the use of Lindsey's Improved Blood Searcher.

Blair County, Pa.—Personally appeared before me, that undersigned, one of the Justices of the Peace, in and for said county, John Moran, who, being duly

sworn according to law, do depose and say that in the spring of 1856, I was a victim to that worst of diseases—dysentery, and that in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a mouthful of food, the stomach would immediately loath it, and cast it forth with the spittle. I had also been suffering with the ague, each attack lasting about nine months of the twelve, so that, with the ague and dysentery, I was reduced so that I thought beyond recovery; I thought I must die, my physician could do me no good. Such was my condition, when Lindsey supplied me with a bottle of his improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but, in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as on a charm; nor have I been troubled with ague or dysentery since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all the recovery to the use of this medicine. I believe it not to be only a cure remedy for ague, but an infallible preventive, and, as such, would recommend it to all those whose habits, or residences, expose them to this dreadful pest of humanity. Dysentery cannot stay where the improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but, in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as on a charm; nor have I been troubled with ague or dysentery since. Dysentery cannot stay where the improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but, in one week's time—so great was its restorative powers—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as on a charm; nor have I been troubled with ague or dysentery since. I enjoy a better state of health than I had done for fifteen years before; I am strong and hearty, and I feel confident that, under the blessing of God, I owe all the recovery to the use of this medicine. I believe it not to be only a cure remedy for ague, but an infallible preventive, and, as such, would recommend it to all those whose habits, or residences, expose them to this dreadful pest of humanity.
