**THE WONDER OF THE AGE!**  
**J. M. LINDSEY'S GREAT MEDICAL DISCOVERY!**  
Which is a purely vegetable Preparation, for the purifying of blood, giving vigor to the Liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthy activity throughout all the functions of life.

**HOW IT WAS DISCOVERED!**  
In the fall of 1854 a daughter of Mr. Lindsey was suffering from a malignant attack of Cancerous Ovis (Cancer of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the lungs and Hoarse Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Every thing indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture Mr. Lindsey prepared a compound for the purpose of alleviating, possibly the pains of the little sufferer. She was made by its use, healthy, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. This month began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration.—She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and accuracy, what had for many years been his child, and continued his experimental efforts until he succeeded in bringing to perfection his *Great Remedy for Blood Impurity*—since which time its effects have been almost miraculous. Hundreds upon hundreds, by its use, have been enabled to regain an entire health restored to the assets of health and the endowment of friends. The young and old have tested it, saving powers and sing aloud its virtues. Say they—*Woe is now a new life is stirring our veins and nerves, and we are to it more than words can express.*

But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the *Great Discoverer of this or any other age.*

**J. M. LINDSEY.**  
Hollidaysburg, Blair County, Pa.  
**CERTIFICATES!**  
Pattonville, Bedford Co., Pa., Oct. 14, '57.  
Mr. J. M. LINDSEY.  
Dear Sir—I was severely afflicted with rheuma-tism for a year and a half—months of which time I could not get on my feet. The suffering was most excruciating and I determined to procure me some relief. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe it is all it claims to be.  
Yours truly,  
JOHN SHAFER.

**J. DESPERATE CASE OF TETTER AND BARBER'S ITCH,** cured by the use of Lindsey's Blood Searcher. I, the undersigned, sometime in last March was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest misery my face was almost constantly running with the foul oozage that escaped from the chancres, by which it was almost completely covered. After being treated by my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle I was cured of a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. I was such was my wretchedness that I even resorted to the dangerous experiment of pouring pure Crocus on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did any good. I am now in the best of health. I have great reason to be grateful that I ever made a trial of its healing virtues, and I confidently recommend it to any who may suffer from Tetter, or any blood disease arising from an impure state of the blood.  
J. M. DEBERINT.  
Hollidaysburg, Pa., July 29, 1857.

**AN INTERESTING CASE OF SCROFULA** cured by one bottle of Lindsey's Blood Searcher.—This certifies that about one year ago our little son aged four years, was most sorely afflicted with the physicians pronounced to be a scrofula, and was treated accordingly for nearly a year without the slightest benefit. His eyes were running a thin miliary humor almost constantly; which would smother his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin, which in due time broke and dis-charged a discharge, which was found impossible to dry up or heal—the boy would be very much stained and the clothing of the child perfectly seeping in a single night. After having the attention of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a SINGLE BOTTLE of this medicine, he had been perfectly restored to health. We cannot speak too highly of this invaluable medicine. It should be in every family—none should be without it. A sad purifier of blood it is beyond all price.  
DANIEL HOLLINGER.  
Hollidaysburg, Pa., July 29, 1857.

**Dr. J. M. Lindsey.**—Dear Sir I have been using your improved Blood Searcher since some time last summer, and I deem it a duty to testify to my testimony to its *invaluable blood purifying virtues.* I have been for a number of years severely troubled by *scrofula* and *general debility*; but since I put myself under the influence of your improved Blood Searcher, I have been completely cured. I looked so *wart and hoarse*; I find I know of no other cause than the use of your improved Blood Searcher. Judging from my own experience, I believe that this remedy will cure all scrofula diseases that woman can use, especially those who are in the decline of life (from 40 to 50 years of age). I feel that it would have been above my gratitude on my part to have withheld this testimony, and in this concerning to appear as a witness before the public. I have been satisfied solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement. Yours, respectfully,  
MARGARET W. O'DONNELL.

**LIVER COMPLAINT CURED** by Lindsey's Improved Blood Searcher.—*Blair County, Pa.* Personally appeared before me a notary of the Parish, in and for Blair County, George Kopp, being duly sworn according to law, do depose and say: Two years ago I was afflicted with pain between the shoulders, almost constant cough, loss of appetite, and I felt that I was dying. I took cold; I, at length, became so weak that I could hardly walk; my physician done me no good. Some-time last fall, I commenced taking Lindsey's Improved Blood Searcher, and the use of two bottles was positively cured. I feel, I recommend it to all who suffer from Liver diseases, general debility, loss of appetite, and other diseases arising from impurity of the blood. I would not like to do without it—I consider it an excellent family medicine.

**SWERCED** subscribed this 13th day of March, A. D. 1857, before me,  
**J. GORLEY, J. P.**  
Notary.—Mr. Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

**A DESPERATE CASE OF JOGUE AND DYSENTERIA,** entirely cured by the use of Lindsey's Improved Blood Searcher.  
*Blair County, Pa.*—Personally appeared before me, the undersigned, one of the Justices of the Peace, in and for said county, John Moran, who, being duly

sworn, did depose and say: *Superficial ulcers* in the spring of 1856, I was a victim to that worst of diseases—*dyssenteria*, and that in its worst form. My appetite was completely gone, and when, in order to preserve life, I would force myself to swallow a morsel of food, it came from this canal immediately both hot, and came forth with the spittle. I had also been suffering with the ague; each attack lasting about nine months out of the twelve, so that, with the ague and dyspepsia, I was reduced so I thought beyond recovery I thought I must die, my physician could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his improved blood-searcher, assuring me it would work a cure. I commenced its use but with little confidence, but in one week's time—so great was its restorative power—I found my appetite to return, my stomach received a new tone, so that I could eat anything without the slightest inconvenience, and before its healing touch the ague fled as from a charm; nor have I been troubled with ague or dys-pepsia since. I enjoy a better state of health than I had some five or six years before. I am strong and hearty, and I feel confident that, under the blessing of God, I owe all to the invaluable Improved Blood-Searcher. I believe it not to be only a sure remedy for ague, but an infallible preservative, and, as such, would recommend it to all whose business, habits, or mod of life, expose them to this canal, and in great quantity. Dyspepsia cannot stay where the Improved Blood-Searcher is properly used. I feel it my duty to point all who suffer, to this all-healing medicine.

**DR. HUNTER'S MEDICAL MANUAL AND HANDBOOK FOR THE AFFLICTED,**—containing an outline of the origin, progress, treatment and cure of every form of disease contracted by promiscuous intercourse, by self-abuse, or by sexual excess, with advice for their prevention, written in a familiar style, avoiding all medical technicalities, and every thing that would offend the ear of decency.  
**Testimony of the Professor of Obstetrics in Penn. College, Philadelphia.—DR. HUNTER'S MEDICAL MANUAL.**—The author of this work, unlike the majority of those who advertise to cure the diseases of which it treats, is a graduate of one of the best Colleges in the United States. It affords the pleasure to recommend him to the student, or to the victim of mal-practice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.  
**Josiah L. Loxton, M. D.**  
From A. Woodmont, M. D., of Penn. University, Philadelphia.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual."—Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifested in restoring to perfect health, in some instances where the patient has been considered beyond medical aid. In the treatment of seminal weakness, or disarrangement of the functions produced by Self-abuse, or Excess of venery, I do not know his superior in the profession. I have been acquainted with the author some thirty years, and deem it no more than justice to him as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and integrity they may safely confide themselves.
