The Agent for Prof. Wood's Halt mere in regard to the Restorative, a few weeks since: DEED RIVER, Cox., July 23, 1858. Mr. Levenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together, I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing, it re-moved the scurf and new hair began to grow; it is now two or three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this.— I don't know as any of the kind is used in this place, you may have a market for many pottles after it is known here. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation I can induce many others to try it. Yours respectfully, D. R. THOMAS, M. D.
