Dr. W. H. Witmor, of LANCASTER, (formerly of Philadelphia) where he has been in successful practice for a number of years, received his education at the best Medical College in the U. States and had the experience and practice in the different Hospitals for several years, a member of the Analytical Medical Institute of N. York, and late Medical Surgeon of the United States Navy, now offers himself to the public to attend any professional calls.

The purest medicines always on hand direct from the best Laboratories of our country, and the Botanical Gardens of the world. No patent medicines prescribed, but all recommended. Medicines used only which will not break down the constitution, but will renovate the system from all impurities it has sustained from mineral medicines. Chronic and difficult diseases must be treated upon analytical principles, which will first ascertain what disease is. Its nature and character require a knowledge of the chemical constituents of every solid and fluid of the human body; the changes those solids and fluids are capable of undergoing. To know what medicines to employ to cure diseases, requires a knowledge of the chemistry and particulars of all cases employed in medicine, and if we are in possession of this knowledge, it is possible to cure any disease—no matter of how long standing—and leave the patient in a healthy and perfectly cured condition.

Alone, however, is not sufficient, but that state of alienation of the mind which renders persons incapable of enjoying the pleasures or performing the duties of life. Dyspepsia, that distressing disease and fell destroyer of health and happiness, undermining the constitution, and yearly carrying thousands to an early grave, can most emphatically be cured. Rheumatism, in any form or conditions, chronic or acute, warranted curable. Epilepsy or falling sickness, all chronic and stubborn diseases of Females radically removed. Salt rheum, and every description of ulcers, Piles and Scrophulous Discharges, have all yielded to my medical skill, and can be cured by my treatment, when the constitution is not exhausted.

I do say all diseases (yes, Consumption) can be cured. CANCER CURED without the knife. I will remain in my office on Wednesdays and Saturdays, from 9 o'clock A. M. to 3 P. M., to accommodate patients from a distance, and consult in the English and German languages. Will make visits to any distance if required. May be addressed by letter, to the square, Lancaster city, Pa., July 30, 1858-19.

P. S. See in local column my appointment to visit Bedford on the 10th, 11th, 12th and 13th, days of August, to consult with patients on all diseases free of charge. W. H. WITMOR.

NOTICE. GEO. B. AMICK, surviving partner of the late firm of Geo. B. Amick & Bro., notifies all persons interested, that the Books of said firm are in his hands for settlement, and that circumstances demand an immediate closing up of the business of said firm. Persons indebted, or having settlements to make, are therefore requested to call on the subscriber without delay.

The subscriber will continue the Mercantile Business at the "OLD STAND," where he will be happy to meet his friends and customers at all times. He will receive in a very short time a new supply of seasonable goods, which he is determined to sell on the most reasonable terms. GEO. B. AMICK, St. Clairsville, June 11, '58.

THE Liver Invigorator. PREPARED BY DR. SANFORD, COMPOUNDED ENTIRELY FROM GUMS.

In one of the best purgatives and Liver medicines now before the public, that acts upon the system, gently, and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to reject its morbid matter, then on the stomach, and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics; it strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapidity.

The Liver is one of the principal regulators of the human body; and when it becomes diseased, the functions of the system are affected. It is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the bowels are at fault, the liver suffers in consequence—having ceased to do its duty. For the diseases of this organ, one of the most important organs of the system, the Liver Invigorator has made its study, in a practical manner, to find some remedy where many derangements to prove that this remedy is at last found, in any person troubled with its forms, has but to take a bottle, and conviction is certain.

These Gums remove from the system, supplied by flow of bile, irritating the stomach, causing indigestion, and the health of the system, removing the cause of radical cure.

Bilious attacks are prevented, by the Liver Invigorator. One dose after eating stomach and prevent the souring.

Only one dose taken bowels gently, and cures the system. One dose taken at night, loosens the bowels, and cures the system.
