(formerly of Philadelphia), where he has been in successful practice 18 number of years, received his education at the Medical College in the U. States and had the experience and practice in the different Hospitals for several years, a member of the Analytical Medical Institute of N. York, and late Medical Surgeon of the United States Navy, now offers himself to the public to attend any professional calls. The purest medicines always on hand direct from the best Laboratories of our country, and the Botanical Gardens of the world, no patent medicines prescribed or recommended. Medicines used only which will not break down the constitution, but will renovate the system from all injuries it has sustained from mineral medicines. Chronic and difficult diseases must be treated upon analytical principles, which is to know and ascertain what disease is. Its nature and character require a knowledge of the chemical constituents of every solid and fluid of the human body; the changes these solids and fluids are capable of undergoing. To know what medicines to employ to cure diseases, requires a knowledge of the chemical constituents of all agents employed in medicine; and if we are in possession of this knowledge, it is possible to cure any disease—no matter of how long standing—and leave the patient in a healthy and perfect condition. At length, Aberration, or that state of alienation and weakness of the mind which renders persons incapable of enjoying the pleasures or performing the duties of life; Dyspepsia, that distressing disease and fell destroyer of health and happiness, undermining the constitution and yearly carrying thousands to untimely graves, can most emphatically be cured. Rheumatism, in any form or condition, chronic or acute, warranted curable; Epilepsy or falling sickness; all chronic and stubborn diseases of Females, especially removed. Salt Rheum, and every description of cutaneous Piles and Scrofulous Diseases, which have baffled all previous medical skill can be cured by my treatment, when the constitution is not exhausted. I do say all diseases (yes, Consumption) can be cured. CLANCY CURED without the knife. I will remain in my office on Wednesdays and Saturdays, from 9 o'clock A. M. to 3 P.
