COMPOUNDED FATRELY FROM GUMS,

Is one of the here purgative and liver medicines new before the rublic, that acts as a Cathartic, easier, mills, and smore effectual than any other medicine anown. It is not only a Cathartic, but a Liver remedy, acting first on the Liver to eject its morbid matter, then on the stomach and bowels to carry off that matter, thus accomplishing two purposes effectually, without any of the painful feelings experenced in the operations of most Cathartics. It strengthens the system at the same time that it purges it; and when taken daily in moderate doses, will strengthen and build it up with unusual rapid-ty.

The LIVER is one of the the human body; and the functions well, the powly developed. Professor Wood's Hair Restorative. - We call the attention of all, old and young, to this won-derful preparation, which turns back to its original color, gray hair—covers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a centinual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the grey, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching

The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

DEEP RIVER, Con., July 23, 1858.

Mr. Levenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together, I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the lst of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing, it removed the scurf and new hair began to grow; it is off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this.— I don't know as any of the kind is used in this place, you may have a market for many bottles after

t is known here. Yours with ;espect, RUFUS PRATT. Prof. Wood-Dear Sir: Your Hair Restorative in proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in feet had. I have used but two half pint bottles of your Restorative, and now the top of my head is well studded with a promising crop of young hair, and the front is also receiving its beneat. I have tried other preparations without any beneat whatever. I think from my own personal recommendation I can induce any others to try it.

Yours respectfully, D. R. THOMAS, M. D. No. 464 Vine street. Vincennes, Ia., June 22, 1856. Prof. O. J. Wood: As you are about to manufacttre and vend your recently discovered Hair Restora-ive, I will state, for whomsoever it may concern, that I have used it and known others to use it—that ve, for several years, been in the habit of using other Pair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this, without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to

every one desirous of having a fine color and texture to hair.

Respectfully yours,
WILSON KING.

By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and plecrous sores, through which the system will and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. wrong, and the great machinery of the is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or and thing alon.

any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Ex-tract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonyous with imposition and elect has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has vir-tues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
