Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofula itself is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing virus, and, above all, by the venereal infection. Whatever is its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children."
Its effects consist, by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which gathers in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eczema, Prurigo, and SKIN DISEASES, ST. ANTHONY'S FIRE, Itch, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BEAHS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, LEBERTIASIS, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DYSURIA, and, indeed, all CONSUMPTION ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify the system, regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

JOY TO THE ADMIRERS OF A FINE HEAD OF RICH GLOSSY HAIR.
Talk of beauty, and it cannot exist, without a fine head of hair, then read the following, and if you are free, see circular around each bottle, and so on and so forth.
Professor Wood's Hair Restorative.—We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color, the hair of the head, and restores it with luxuriant growth—removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, the discolored in scalp, to use it; and surely the young will not, as they value the flowing locks, or the winking curl, ever be without it. Its praise is upon the tongue of every one.

The Agent for Prof. Wood's Hair Restorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:
DEER RIVER, CO., July 23, 1855.
Mr. Levenworth—Sir: I have been troubled with dandruff and itching of the head for more than a year, my hair began to come out, and I had tried many a salve and ointment, but with no success. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April last, and purchased one bottle to try it, and I found to my satisfaction it was the thing, it removed the dandruff, and restored my hair to its natural beauty. I have three inches in length where it was all off. I have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this—I don't know as any of the kind is used in this place, you may have market for many bottles after it is known here. Yours with respect,
RUEL'S PRATT, PHILADELPHIA, Sept. 9, 1857.
