Ayer's Sarsaparilla,
A compound remedy, in which we have labored to produce the most efficient alternative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from various complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SORCULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, CLEBS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SCURF AND SYPHILITIC AFFECTIONS, MERCURIAL BRUISES, DUMPS, NERVOUS AFFECTIONS, DEBRILITY, DYSPEPSIA AND INDIGESTION, HEADACHE, RASH, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to drive out the foul humors which fester in the blood at that season of the year. By the timely expulsion of them, many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcers sores, through which the system will strive to rid itself of impurities, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even were you so particular in your diet as to avoid every article of impure or unwholesome food, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this purgative of life, disorder, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtues that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During these years the public have been misled by large bottles, pretending to give a quart of extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointments have followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the lead of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.
LOWELL, MASS.
Price, 51 per Bottle; Six Bottles for \$5.

Ayer's Cherry Pectoral
has won for itself such a renown for the cure of every variety of Croup and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people it is quite as good to the best it ever has been, and that it may be relied on to do for their relief all that has ever been found to do.

Ayer's Cathartic Pills,
FOR THE CURE OF
Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetters, Rheumatism, and other Diseases, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best in the world for all the purposes of a family physic.
Price, 25 cents per Box; Six Boxes for \$1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent persons, have lent their names to certify the unparalleled usefulness of these pills, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC, in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make, and profit on. Demand AYER'S, and take no others. The sick want the best all there is for them, and they should have it.
All our Remedies are sold by

Samuel Ketterman,

Hammonton Lands—NEW ENGLAND SETTLEMENT—RARE OPPORTUNITY—TO ALL WANTING FARMS— in a healthy place. Twenty-five miles from Philadelphia, on the Camden and Atlantic railroad, New Jersey. An old estate has been recently opened for sale, and the first division of 10,000 acres divided up into farms of twenty acres and upwards. The soil is the best quality in this country, and no such thing as a poor farm is to be seen. It is now being extensively improved by the best of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement in the history of the world. Twenty-five houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised upon this land finds an immediate sale. It is a healthy place, and no such thing as a fever is known. The soil is a sandy loam, with a clay bottom and retentive of manures. It is free of stones and easily worked. It abounds largely in the phosphate, and such is its fertility that from the crops produced both upon the land and the large area adjoining under cultivation, it will be found to be adapted anywhere in the production of crops most adapted to its market. The reader may be well assured that the earliest and best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure. Lumber and building material can be had on the spot at a cheap price, from the mills. Other mills are now being opened, and brick-yards being started. The property has many advantages being tenanted for present convenience for one hundred dollars. On account of the extensive emigration, this is the best time to purchase in order to get a place to live in at first. Carpenters and builders are in great demand to put up houses on the best terms. It is in the first stage of civilization, and has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associates; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant levers which make the graves of so many thousands of the young and the hardy in far off regions away from home and friends. Besides, he has a pleasant climate and an open winter. There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket. The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market and unless these statements were correct, no one would be invited to examine before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and locations are not held on refusal. The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum.
Title indisputable. Warranted deeds given, clear of all incumbrances, when purchase money is paid. Route to the land—Leave the city street wharf, Philadelphia, for Hammonton by railroad, 7 A. M., and at 2 P. M.; when there inquire for Mr. Byrnes. Boarding conveniences will be found. Letters and applications can be addressed to S. B. COUGHLIN, 202 South Fifth Street below Walnut, Philadelphia. Maps and information cheerfully furnished. (ang. 27, '55.)
